CRYSTAL WEALTH MANAGEMENT SYSTEM LIMITED,
CLAYTON SMITH, CLJ EVEREST LTD and 1150752 ONTARIO LIMITED

AFFIDAVIT OF MICHAEL HO
(Sworn April 17, 2017)

I, **MICHAEL HO,** of the City of Toronto, in the Province of Ontario, **MAKE OATH AND SAY:**

A. BACKGROUND

1. I am a Senior Forensic Accountant with staff of the Enforcement Branch ("Staff") of the Ontario Securities Commission (the "Commission") and have been employed as an accountant in the Enforcement Branch since June 2005. I am a Chartered Professional Accountant and received my designation in 1998. I am a member of the Chartered Professional Accountants, Ontario.

2. I am a Senior Forensic Accountant assigned to the Crystal Wealth Management System Limited ("Crystal Wealth") file. As such, I have personal information of the matters referred to in this affidavit, save for those matters of which I have been advised and do believe.

3. I have been involved in an investigation into the activities of Crystal Wealth and its principal, Clayton Smith ("Smith"), as well as the activities of companies connected to Smith, CLJ Everest Ltd ("CLJ Everest") and 1150752 Ontario Limited ("115 Limited"), in regard to certain investment funds managed by Crystal Wealth. Staff's investigation into these matters is ongoing.

4. Crystal Wealth is the Trustee, Manager, Portfolio Advisor and Promoter of Crystal Wealth Media Strategy (the "Media Fund"). The stated objective of the Media Fund is to generate a high level of interest income by investing in asset-backed debt obligations of movie and television productions. According to the offering memorandum for the Media Fund dated August 31, 2012 (the "August 2012 OM"), Crystal Wealth: (i) relies on the expertise of Media House Capital (Canada) Corp. ("MHC") to source potential film and television production loans for investment by the Fund and to monitor those investments on an ongoing basis; and (ii) purchases the majority of loans for the Media Fund from MHC.[1]

5. The August 2012 OM states that the Media Fund would not be in the business of making loans directly, but rather would purchase existing loans "that have been made to

[1] Attached as Exhibit "1" is the confidential offering memorandum for the Crystal Wealth Strategic Yield Media Fund dated August 31, 2012. Subsequent to this OM, the Media Fund was renamed Crystal Wealth Media Strategy.

independent producers used to fund a portion of the production costs to complete motion pictures and series television productions."[2]

6. Smith is the controlling shareholder and the sole officer and director of Crystal Wealth. I have reviewed email correspondence between Smith, Aaron Gilbert ("Gilbert"), and Stephen Thibault ("Thibault"). Gilbert is the sole director of MHC, and is also the President and a director of Bron Studios Inc., a British Columbia based production company, and Bron Animation Inc. ("Bron Animation"), a company affiliated with Bron Studios. Thibault is Executive Vice President for Bron Media Corp., (formerly VP Finance at MHC).[3]

7. Based on the August 2012 OM for the Media Fund, I expected that the business model for investments by the Media Fund would be as follows:

(i) MHC enters into agreements with film production companies to lend them money so that they can produce a film. The end borrower is the production house.

(ii) MHC then sells those film loans to the Media Fund, and receives an up front 10% fee which is built into the principal of the film loan.[4]

---

[2] Exhibit 1 - confidential offering memorandum for the Crystal Wealth Strategic Yield Media Fund dated August 31, 2012 at p 2.

[3] Attached as Exhibit "2" are copies of: Crystal Wealth's Corporation Profile Report; Ownership of Securities and Derivatives for Crystal Wealth with effective dates of November 8, 2016 and August 13, 2012; MHC's Federal Corporation Information, Extraprovincial Company Summary, and Corporation Profile Report; Bron Studios' BC Company Summary; Bron Animation's BC Company Summary and Ontario Corporation Profile Report; BC Company Summary for Bron Media Corp. and Thibault's biography from Bron Studios' website.

[4] Exhibit 1 - confidential offering memorandum for the Crystal Wealth Strategic Yield Media Fund dated August 31, 2012.

8. I discovered a spreadsheet which sets out the names of five film productions for which the Media Fund owns film loans. The spreadsheet appears to indicate that Smith and others associated with him are the underlying borrowers rather than the production companies as I would have expected.

9. I then reviewed bank documents which appears to corroborate that some of the advances reflected on the spreadsheet were paid through an intermediary to Smith and CLJ Everest. I also discovered that CLJ Everest used some of the money to purchase a residential property.

B. THE SPREADSHEET

10. I have reviewed an email chain which ended on September 18, 2015, between Smith and Thibault. The email chain attaches a spreadsheet titled "LOAN PORTFOLIO.xlsx", which in turn refers to film productions for which the Media Fund purported to purchase film loans from MHC (the "Spreadsheet").

11. The file information for the Spreadsheet indicates, among other things: "Author Clayton Smith".[5]

12. The Spreadsheet refers to five film projects – Henchmen, Kingdom, Mercy, Mighty Mighty Monsters and Hunters of the Stars (the "Five Film Projects") – that were purportedly financed with film loans purchased by the Media Fund. The names of the Five Film Projects correspond to five projects listed in schedules of film loans, which

---

[5] A copy of the screenshot with the file information for the Spreadsheet is attached as Exhibit "3".

were provided to Staff by Crystal Wealth and MHC.[6] These schedules indicate that the Media Fund purchased loans in respect of the Five Film Projects between September 17, 2013 and November 4, 2014.[7]

13. These schedules of film loans, provided by Crystal Wealth and MHC, indicate that the underlying borrowers for the Five Film Projects are: Henchmen Production(s) Inc., Kingdom Productions Inc., Mercy Productions Inc., Mighty Productions 3 Inc. and Star Hunters 1 Productions Inc.

14. However, the Spreadsheet contains a summary page which does not refer to the film production companies as the underlying borrowers for those films, as one would expect to see based on the August 2012 OM and the Crystal Wealth and MHC Film Loan Schedules. Instead, the borrowers appear to be:

(i) Smith;

(ii) Smith's company, CLJ Everest;[8]

(iii) a yoga studio co-founded by Smith, Chrysalis Yoga Inc. ("Chrysalis Yoga");[9]

[7] The MHC Film Loan Schedule shows the date of the last Film Project, Kingdom as being October 23, 2014. The Crystal Wealth Film Loan Schedule shows the date of the last Film Project as being November 4, 2014.

[8] A copy of TD Bank's customer information enquiry in relation to CLJ Everest is attached as Exhibit "6".

[9] A copy of a printout from the Chrysalis Yoga website is attached as Exhibit "7".

(iv) Crystal Wealth Mortgage Strategy (the "Mortgage Fund"), another fund managed by Crystal Wealth; and

(v) Gilbert or MHC itself.[10]

15. In addition to their roles with MHC, the lender, Gilbert and Thibault appear to have a role with each of the purported film production companies for each of the Five Film Projects. Gilbert is a director of all of the underlying borrower production companies, and an officer for one underlying borrower production company (Mighty Productions 3 Inc.). Thibault is an officer for one production company (Star Hunters 1 Productions Inc.).[11]

16. Both Gilbert and Thibault, appear to have signed loan documents not only on behalf of the underlying borrower production companies for the Five Film Projects, but also on behalf of MHC, the purported lender to the Five Film Projects. Gilbert and Thibault's names are listed under signatures on the Promissory Note for "Hunters of the

Stars" dated August 21, 2014. Similar signatures appear on both the borrower and MHC signature lines of certain loan documents for each of the other Five Film Projects.[12]

17. The Spreadsheet does not appear to reflect the business model presented in the OM which indicates the Media Fund purchased loans that MHC made to independent producers of motion pictures and television series. Instead, in respect of the Five Film Projects, the Spreadsheet appears to show that the Media Fund lent money to Smith, Smith's company, CLJ Everest, the Mortgage Fund, Gilbert or MHC itself and Chrysalis Yoga. In other words, the Spreadsheet suggests that Media Fund monies were provided to Smith and the other parties listed thereon.

C. ANALYSIS OF PAYMENTS

18. In order to determine whether the flow of funds occurred as suggested by the Spreadsheet, I reviewed banking documents, email correspondence and other documents.

19. As further expanded below, my analysis of the advances reflected on the Spreadsheet shows that monies from the Media Fund, purportedly for the purchase of film loans, have flowed through either MHC or Bron Animation, and ultimately into the accounts of Smith, CLJ Everest, Chrysalis Yoga and a joint account at TD Bank in the name of Smith and Lee Ann Smith (the "Smith Joint TD Account").[13]

20. I identified $9,634,200 disbursed from the Media Fund's account at National Bank Correspondent's Network ("NBCN"), corresponding to advances listed on the Spreadsheet. Those advances were sent to the accounts of either MHC or Bron Animation. From there, I have traced $329,930 which was transferred into the account of Smith, and $2,307,347.50 into the account of Smith's company, CLJ Everest. I have traced further transfers from the accounts of Smith and CLJ Everest totalling $187,000 to Chrysalis Yoga and at least $13,000 to the Smith Joint TD Account.

21. I prepared a schedule addressing cash flows for the Henchmen film project (the "Henchmen Film Project Schedule")[14] and a schedule addressing cash flows for the

[14] A copy of the Henchmen Film Project Schedule is attached as Exhibit "21". I prepared this schedule in reliance on the following:

- Account statements for the Media Fund NBCN Account (defined below) for the months of October and November 2013 and January to June 2014, copies of are attached as Exhibit "22". [NBC456, 455, 13, 10, 22, 2 , 25 and 19]

Mercy and Kingdom film projects (the "Mercy and Kingdom Film Projects Schedule").[15] In preparing these schedules, I relied on account statements from various financial institutions as well as supporting documents. Where possible, I have identified the source document I relied on by Document Identification number (or "DocID"). I have also reviewed and relied on certain email correspondence as identified below.

22. My review of advances reflected on the Spreadsheet is not yet complete. I am still investigating advances reflected on the Spreadsheet, including advances purportedly related to the Mighty Mighty Monsters and Hunters of the Stars Film Projects.

- Account statement for Smith's TD Account (defined below) for the period of January 1, 2014 to November 9, 2016, a copy of is attached as Exhibit "25". [EML0000971]

[15] A copy of the Mercy and Kingdom Film Projects Schedule is attached as Exhibit "26". I prepared this schedule in reliance on the following The documents I relied on to prepare this schedule are:

- Account statements for Media Fund NBCN Account (defined below) for the months of October, November and December 2014 and January 2015, copies of which are attached at Exhibit "27". [NBC000030, 28, 8 and 14]

(i) The Henchmen Film Project (CAD)[16]

23. Although the August 2012 OM states that film loans would be made to independent producers, the Spreadsheet shows nine advances from the Media Fund totalling $2,390,000, allocated among MHC, Mortgage Fund and Smith.

24. The Henchmen Film Project Schedule I prepared establishes the following which is derived from bank documentation:[17]

(i) $2,390,000 was transferred from the Media Fund's NBCN account 27Q003E (the "Media Fund NBCN Account") to Bron Animation's Royal Bank of Canada account 1407881 (the "Bron Animation RBC Account"); and

(ii) of the $2,390,000 transferred to Bron Animation Account, $329,930 was transferred to Smith's TD Canada Trust account 6045439 ("Smith's TD Account"), which was funded, at least in part, with monies Bron Animation received from the Media Fund.

25. I performed an analysis of the Smith TD Account to determine how funds transferred to it from the Bron Animation RBC Account were used (the "Smith TD Account Analysis").[18] My analysis of Smith's TD Account shows that the following

[18] A copy of the Smith TD Account Analysis is attached as Exhibit "31". I relied on the following supporting documents to prepare this analysis:

- Exhibit 25 - Account statements for Smith's TD Account for the period of January 1, 2014 to November 9, 2016. [EML0000971]
- Supporting documents for certain transactions in Smith's TD Account, copies of which are attached at Exhibit "32" to this affidavit. [TDB0000379 - 385, 391-396]

disbursements were made from this TD Account using, at least in part, the $329,930 received from Bron Animation[19]:

(i) credit card payments totalling $118,300;[20]

(ii) transfers in the amount of $13,000 to the Smith Joint TD Account;

(iii) transfers to Chrysalis Yoga totalling $87,000;

(iv) an RSP contribution to an account held at NBCN, in the amount of $80,000;[21]

(v) a transfer to 115 Limited, a company wholly owned by CLJ Everest, for which Smith is the sole officer and director, in the amount of $17,500;[22] and

(vi) transfers to Crystal Wealth totalling $30,000.

26. My review of email correspondence and other documents indicates that of the $2,390,000 transferred to Bron Animation, $500,000 appears to have been used to buy a Mortgage named "Tasci" owned by the Mortgage Fund. This $500,000 advance is discussed in greater detail below.

- Account statements for the Smith Joint TD Account for the period of January 1, 2014 to November 7, 2016, a copy of which is attached at Exhibit "33" to this affidavit. [EML0002467]

Payments to Smith's TD Account totalling $329,930

27. **Transfer 1**: Bank documents show that: on February 11, 2014, the Media Fund transferred $50,000 out of the Media Fund NBCN Account;[23] on February 12, 2014, a receipt of $50,000 was reflected in the Bron Animation RBC Account;[24] and on February 13, 2014 $50,000 was transferred from the Bron Animation Account to Smith's TD Account.[25]

28. Email correspondence between Smith and Thibault dated February 12, 2014 supports the bank documents which show that $50,000 was transmitted from the Media Fund to Bron Animation, and ultimately to Smith. On February 12, 2014, Smith wrote to Thibault, and provided account information for Smith's TD Bank Account. Thibault asked, "When did you wire the funds to us and which account?" Smith replied that it went to an RBC account. Later the same day, Smith also wrote to Thibault: **"...I just need the money in my account by tomorrow so it probably has to be initiated by you today."** Thibault responded the same day: **"Hi Clayton, We have initiated the wire – you should receive this tomorrow AM. Thanks!"**[26]

29. On February 13, 2014 Thibault wrote to Smith, confirming a wire transfer had been sent from Bron Animation to Smith's TD Account. Thibault attached a Wire Activity Detail Report which indicated that the payment was approved by Gilbert and Thibault.[27]

30. On February 14, 2014, the day after $50,000 was wired into Smith's TD Account from Bron Animation, a bank draft in the amount of $32,000 was issued from Smith's TD Account payable to Chrysalis Yoga, which appears to have been deposited in Chryslalis Yoga's Scotiabank account 87296 00518 10 (the "Chrysalis Yoga Scotiabank Account"). [28]

31. **Transfer 2**: Banking documents show the following. On February 25, 2014, $350,000 was transferred from the Media Fund NBCN Account.[29] On February 26, 2014, the Bron Animation RBC Account received a $350,000 incoming wire payment with the message "TT CRYSTAL WEAL".[30] On February 27, 2014, $50,000 was wired from the Bron Animation RBC Account to Smith's TD Account.[31] On February 28, 2014, $6,000 was transferred from Smith's TD Account to the Smith Joint TD

Account.[32] The $6,000 was funded, at least in part, by the wire transfer Smith received from Bron Animation on February 27, 2014.

32. Email correspondence between Smith and Thibault dated February 27, 2014 supports the bank documents which show that Smith transferred $350,000 from the Media Fund to Bron Animation. In an e-mail dated February 27, 2014 subject line "CONFIRM WIRE TRANSFER DETAILS", Smith wrote to Thibault "**Hi Steven, Please confirm the attached is correct so when I send you the next tranche it gets to the right account quicker**." Smith attached an NBCN "Funds Out" document dated February 25, 2014 created by Smith which referred to a payment of $350,000 to the Bron Animation RBC Account, and listed under payment details "CWSYMF – HENCHMENT TAX CREDIT".[33]

33. The same day, Thibault responded to Smith, attaching incoming wire instructions for the Bron Animation RBC Account and a Bron Animation USD account at RBC.[34]

34. **Transfer 3:** Bank documents show that: on April 25, 2014, $80,000 was transferred from the Media Fund NBCN Account;[35] the same day the Bron Animation

[32] Exhibit 31 - Smith TD Account Analysis.

[33] Copies of the e-mail dated February 27, 2014 from Smith to Thibault and the attached NBCN "Funds Out" document dated February 25, 2014 produced by MHC to Staff are attached as Exhibit "39". [DIS01_1664; 1665]

[34] Copies of the e-mail chain dated February 27, 2017 from Thibault to Smith and RBC Wire information document produced by MHC to Staff are attached as Exhibit "40". [DIS01_1945; 1946]

RBC Account received an $80,000 incoming wire payment with the message "TT CRYSTAL WEAL";[36] and on April 28, 2014, $80,000 was wired from the Bron Animation RBC Account to Smith's TD Account.[37]

35. **Transfer 4:** Bank documents show the following. On May 13, 2014, $150,000 was transferred from the Media Fund NBCN Account.[38] On the same day, the Bron Animation RBC Account received a $150,000 incoming wire payment with the message "TT CRYSTAL WEAL".[39] On May 14, 2014, $150,000 was wired from the Bron Animation RBC Account to Smith's TD Account and on the same day $7,000 was transferred from Smith's TD Account to the Smith Joint TD Account.[40] The $7,000 was funded, at least in part, by the $149,982.50 wire transfer received on the same day.

The Tasci Mortgage Advance

36. As set out in greater detail below, it appears that Media Fund monies may have been used to buy out a mortgage apparently owned by another Crystal Wealth fund, the Mortgage Fund.

37. The Henchmen CAD tab of the Spreadsheet indicates that on November 28, 2013, $500,000 was advanced and the "Mortgage Fund Principal" column increased from $0 to $500,000. There is an embedded comment on the cell with the $500,000 under the Mortgage Fund Principal column that states, "**Clayton Smith: buy out tasci mortgage $496,619.98**".

38. My review of the banking documents indicates that on November 28, 2013, $500,000 was transferred from the Media Fund NBCN account.[41] On the same day the Bron Animation RBC Account received a $500,000 wire.[42] On December 5, 2013, $500,000 was transferred out of the Bron Animation RBC Account.[43]

39. We are investigating where the $500,000 transfer from the Bron Animation RBC Account went. However, other documentation I have reviewed appears to suggest that the $500,000 transferred out of the Bron Animation RBC Account on December 5, 2013 was used to buy out a mortgage owned by the Mortgage Fund.

40. On December 6, 2013, Margot Hand ("Hand"), a representative of MHC, sent an e-mail to Smith, copying Thibault, and Gilbert with the subject line "Henchmen–Tax Credit Agreements" which stated "See attached the draft Henchmen tax agreement and promissory note for your review." In the same email chain, on January 15, 2014, Hand sent an email to Smith stating, "I never received this back signed," attaching a

promissory note and a financing agreement.[44] The attached unsigned promissory note and financing agreement outlined terms for the Media Fund to lend $900,000 to Henchmen Productions Inc.[45] Two comments in the financing agreement state "**Needs to match mortgage purchase**" and "**Needs to match mortgage purchase agreement**".[46]

41. On February 23, 2014, Smith responded to Hand's January 15, 2014 e-mail, stating "**We have to get the paperwork in order ASAP for the Henchmen advances as the auditors will ask for it and they start Monday. I apologize for dropping the ball on this**." Smith wrote that the Media Fund could not lend directly to a borrower, but had to purchase already existing loans from MHC. Smith asked Hand, "**Could you get Adam to prepare paperwork similar to the other loans but in such a form that allows for multiple advances as we have moved money on several occasions for Henchmen**."[47]

42. The emails between Hand and Smith suggest that the Henchmen film loan agreements were being prepared in February 2014. This is in contrast with loan

[45] Before January 15, 2014, the Media Fund had advanced $900,000 to the Bron Animation RBC Account ($400,000 on October 17, 2013 and the $500,000 on November 28, 2013). See Exhibit 21 - Henchmen Film Project Schedule

documentation Crystal Wealth produced to Staff regarding the Henchmen film loan which suggests the agreements were entered into on October 7, 2013. Crystal Wealth produced:

(i) a Purchase Notice dated October 7, 2013 that appears to have been signed by Smith, which suggests that the Media Fund acquired from MHC a loan of $2,390,000 to Henchmen Productions Inc.[48]

(ii) a Supplement to Master Assignment Agreement dated October 7, 2013 between the Media Fund and MHC which states that MHC sold the Media Fund a film loan in the amount of $2,390,000, and appears to have been signed by Smith, Gilbert and Thibault;[49]

(iii) and a Tax Credit Loan and Security Agreement between MHC and the underlying borrower, Henchmen Productions Inc., in the amount of $2,390,000 dated October 7, 2013 that appears to have been signed by Gilbert and Thibault on behalf of MHC and Henchmen Productions Inc.[50]

43. Another document I reviewed appears to indicate that the Mortgage Fund owned a mortgage called "tasci." On February 9, 2016, Smith sent an e-mail to Selena Mastroianni ("Mastroianni") subject "Crystal Wealth Mortgage Strategy Detailed Residential Mortgage Listing", and attached a spreadsheet entitled "CWMortgage Strategy Detailed Residential Mortgages.xls" (the "Mortgage Fund Spreadsheet").[51]

[51] Copies of the e-mail dated February 9, 2016 and an excerpt of the spreadsheet produced by BDO Canada LLP to Staff is attached as Exhibit "46". [BDO0012036, BDO0012037].

Mastroianni is a representative of BDO who was involved in the audit of the financial statements of the Mortgage Fund for the year ended December 31, 2015. The Mortgage Fund Spreadsheet refers to "**Tasci, Kris, Paid Out Date December 7 2013**" under the "PAID OUT" column.[52] The amount of principal and interest received on the Mortgage Fund Spreadsheet for Tasci is listed as $496,619.98. The same amount appears in the comment on the Spreadsheet, which stated "**Clayton Smith: buy out tasci mortgage $496,619.98**".

44. An email from Smith to Thibault dated May 4, 2016, also appears to indicate that monies related to the Henchmen CAD film loan were used to buy a mortgage from the Mortgage Fund. Smith forwarded to Thibault an email exchange between Smith and a representative of Liberty Mortgage Services Limited ("Liberty") regarding a wire transfer from Liberty to "BSI". Smith wrote: **"Hi Steven, If you did receive this amount, ideally you could use it plus the amount I just sent you $5,582 to send back to Media Strategy account at NBCN as a payment against Henchmen CAD since we used $500,000 of that to buy mortgages from the mortgage fund**....".[53]

(ii) The Mercy and Kingdom Film Projects

45. The Mercy and Kingdom tabs of the Spreadsheet show advances allocated among borrowers other than the film production companies I would have expected to see based on the August 2012 OM. The Mercy tab of the Spreadsheet shows two

advances totalling $4,347,200, allocated among Smith, Smith's company, CLJ Everest, Gilbert, the Mortgage Fund and Chrysalis Yoga. The Kingdom tab of the Spreadsheet shows two advances totalling $2,897,000, allocated among Gilbert, the Mortgage Fund, and Smith's company, CLJ Everest.

46. Banking documents I have reviewed indicate the following as set out on the Mercy and Kingdom Film Projects Schedule I prepared:

(i) $7,244,200 was transferred from the Media Fund to MHC;

(ii) $2,307,347.50 was transferred from MHC to CLJ Everest;

(iii) $3,609,731.83 was transferred from MHC to Spectrum Canada Mortgage Services Inc. ("Spectrum")[54], a service provider for the Mortgage Fund.

47. I performed an analysis of the the TD Bank account 5002640 of Smith's company, CLJ Everest, (the "CLJ TD Account") which analyzed how funds transferred to it from MHC's RBC account 1407402 (the "MHC RBC Account"), were used (the "CLJ TD Account Analysis").[55] My analysis shows that the $2,307,347.50 received from MHC was spent in the following manner:[56]

[54] Exhibit 26 - Mercy and Kingdom Film Projects Schedule.

[55] A copy of the CLJ TD Account Analysis is attached as Exhibit "48". I relied on the following supporting documents to prepare this analysis:

- Exhibit 30 - CLJ Everest TD Account Statements for the period of January 1, 2013 to March 31, 2017. [TDB000376]
- Supporting documents for certain transactions in the CLJ Everest TD Account, copies of which are attached at Exhibit "49". [TDB000398 – TDB000415]

(i) $1,255,585.13 went to Brechin and Huffman, in trust, which I later determined was related to the purchase of residential property for Smith at 5043 Mount Nemo Cres. in Burlington, ON (the "Mount Nemo Property", discussed in greater detail below);

(ii) $200,000 was paid to Sutton Group – Summit Realty Inc. in trust for the Mount Nemo Property;

(iii) $150,000 was transferred to Crystal Wealth;

(iv) $195,000 was transferred to Smith's TD Account;

(v) $100,000 was transferred to the Chrysalis Yoga Scotiabank Account; and

(vi) $353,000 was transferred to Spectrum.

48. Spectrum and an affiliate agreed to provide mortgage administration and servicing services to Crystal Wealth and the Mortgage Fund.[57]

- Exhibit 34 - Account statement for the Crystal Wealth's TD Bank account 5004279 for the period of January 1, 2013 to November 9, 2016. [EML000579]

[56] Apart from $9,333.33 which was deposited into the CLJ TD Account during the period I analysed, there were no other sources of funds in the CLJ TD Account apart from those received from MHC.

[57] A copy of the Mortgage Procurement and Administration Agreement among Crystal Wealth, the Mortgage Fund, Spectrum-Canada Capital (2002) Corporation and Spectrum dated March 10, 2010 is attached Exhibit "52".[EML0000479]

49. Email correspondence also supports the bank documents which show Media Fund monies flowing to Spectrum. In an e-mail dated October 30, 2014 Smith directed Thibault to wire $2,430,207.83 to Spectrum and $106,268.17 to Carol Matthews, who appears to be the owner of Spectrum.[58] In the email, Smith also appeared to set out an accounting for the funds to be wired and wrote:

> Tracking:
> $2,632,000 Mercy Loan
> $2,536,476 Total of wires
> $95,524 Balance to be applied to next set of transactions.[59]

50. Consistent with Smith's email to Thibault, $106,268.17 was transferred from the MHC RBC Account to Carol Matthews on October 30, 2014, the date of the email. MHC also sent a wire to Spectrum on October 30, 2014, however the amount transferred, $2,057,731.83, differs from that set out in Smith's email.[60]

(iii) Status of Loans and Production for the Five Film Projects

51. As of December 16, 2016, there had been no payments of principal or interest on any of the film loans owned by the Media Fund for the Five Film Projects.[61]

---

[58] A copy of Carol Matthews' Linked In profile is attached as Exhibit "53".

[61] In response to a summons, Crystal Wealth provided a schedule of payments received on each of the Film Loans owned by the Media Fund as at December 16, 2016, a copy of which is attached as Exhibit

52. Each of the film loans for the Five Film Projects is past the loan maturity dates set out in the Crystal Wealth Film Loan Schedule and the MHC Film Loan Schedule. According to these schedules:

(i) the Henchmen CAD film loan matured in April 2015;

(ii) the Kingdom, Mercy and Mighty Mighty Monsters film loans matured in April or May of 2016; and

(iii) the Hunters of the Stars film loan matured at the latest in February 19, 2016.[62]

53. The Crystal Wealth Film Loan Schedule and the MHC Film Loan Schedule produced to Staff contain inconsistent information regarding the status of production on four of the Five Film Projects:

(i) According to Crystal Wealth, the Kingdom Film Project is in post production, but according to MHC, the Kingdom Film Project is in pre-production.

(ii) According to Crystal Wealth, the Mercy Film Project is in post production, but according to MHC, the Mercy Film Project is in production.

(iii) According to Crystal Wealth, the Mighty Mighty Monsters Film Project was released in December 2013,[63] but according to MHC, the Mighty Mighty Monsters Film Project is in production.

(iv) According to Crystal Wealth, the Hunters of the Stars Film Project is in development, but according to MHC, the Hunters of the Stars Film Project is "N/A."[64]

D. PURCHASE OF THE MOUNT NEMO PROPERTY

54. Using monies advanced from the Media Fund, on January 16, 2015, Smith's company, CLJ Everest, purchased the Mount Nemo Property for $2.7 million.[65] The address for the Mount Nemo Property is listed as Smith's current mailing address as reported on the National Registration Database.[66]

55. The Mount Nemo Property appears to be currently up for sale for $3,450,000,[67] with an open house scheduled for Saturday, April 22, 2017. The property is described as:

(i) being "an award winning historical property" on 4.99 acres;

(ii) having four bedrooms, four bathrooms and a detached four car garage;

(iii) coming with "a 10,000 sq ft historical post and beam barn, including 5000 sqft of finished additional living space"; and

(iv) a saltwater in ground pool with waterfall, and a seven person saltwater hot tub.[68]

56. My analysis of CLJ Everest's TD Account shows that CLJ Everest made two payments related to the acquisition of the Mount Nemo Property:

(i) On November 17, 2014, CLJ Everest issued a $200,000 bank draft to Sutton Group – Summit Realty in trust.[69]

(ii) On January 14, 2015, a CLJ Everest issued a bank draft in the amount of $1,255,585.13, payable to Brechin and Huffman, in trust.[70] Gregory Alan Brechin of Brechin & Huffman is listed as having acted for CLJ Everest regarding the purchase of the Mount Nemo Property on the Land Registry Office's transfer and mortgage documents.[71]

57. The remainder of the purchase appears to have been funded by a mortgage CLJ Everest entered into with the Home Trust Company in the amount of $1,331,250, for which Smith is the guarantor.[72]

58. As described below, my analysis shows that the payments totalling $1,455,585.13 that CLJ Everest made in respect of the Mount Nemo Property were funded largely with monies transferred from the Media Fund:

(i) On November, 4, 2014, the Media Fund advanced $2,347,000 to MHC, purportedly in relation to the Kingdom Film Project.[73]

(ii) On November 14, 2014, $450,000 was transferred from MHC to CLJ Everest. This transfer was funded by the transfer from the Media Fund on November 4, 2014.[74]

(iii) On November 17, 2104, a bank draft in the amount of $200,000 was issued to Sutton Group – Summit Reality Inc. in trust. This transfer was funded by the November 14, 2014 transfer CLJ Everest received from MHC.

(iv) Advances from the Media Fund of $1,452,000 on December 23, 2014, purportedly in relation to the Mercy Film Project, and of $550,000 on January 12, 2015, purportedly in relation to the Kingdom Film Project, were paid by the Media Fund to MHC.[75]

(v) Shortly thereafter, MHC paid CLJ Everest $1,857,400 in two transfers. Monies from these two transfers funded a substantial portion of the bank draft issued to Brechin and Huffman, In Trust for the property purchase. I concluded that at least $1,167,994.91 of the $1,255,585.13 bank draft used to purchase the Mount Nemo Property (or 93%), was funded with monies that came from the Media Fund.[76]

59. Smith's email correspondence with Thibault, Gilbert and others, suggests that he was involved in a real estate purchase in January 2015 using funds transferred to CLJ Everest. On January 14, 2015, Smith sent an e-mail to Thibault, copying Gilbert with the subject "wire transfers to CLJ Everest". Smith wrote:

60. On January 14, 2015, Thibault sent an email to Smith, stating "Hey there, here are all the wires I have sent to CLJ as per your request," attaching a pdf of wire summary reports. The attachments indicate that:

(i) MHC wired $450,000 to CLJ Everest on November 14, 2014;[78]

(ii) MHC wired $1,357,400 to CLJ Everest on December 23, 2014;

(iii) MHC wired $500,000 to CLJ Everest on January 13, 2015;

(iv) Gilbert and Thibault approved all of the wire transfers; and

(v) Gilbert or Thibault released the funds.[79]

61. On January 15, 2015, Smith responded to Thibault, stating: "**Should anyone call from Home Trust (don't think they will but you never know), please confirm**

that these amounts are commission payments for finance arranged and not repayable by CLJ Everest."[80]

62. On January 18, 2015 (Sunday), Smith sent an e-mail to Michael Cockayne ("Cockayne"), a Senior Manager, Valuations at BDO. In the email, Smith stated "**I bought a property that closed on Thursday and there were a few last minute SNAFUs that I had to sort out to have it finally close Friday afternoon.**"[81]

63. Pursuant to s. 126(1) of the Act, Staff obtained a Certificate of Direction for the Mount Nemo Property on Thursday, April 13, 2017 and an order under s. 126(4) that the certificate of direction shall have the same effect as a certificate of pending litigation.[82] Staff intend to seek to continue the property direction in the Superior Court of Justice.

E. INTER-FUND INVESTMENTS AND LOANS

64. Among the funds managed by Crystal Wealth (the "Crystal Wealth Funds"), there appears to be significant investments among the funds, and in particular, investments by other Crystal Wealth Funds in the Media Fund ("Inter-Fund

Investments"). There also appears to be a significant amount of lending activity among the funds ("Inter-Fund Loans").

65. To carry out Inter-Fund Investments, I understand that Crystal Wealth relies on exemptive relief that it obtained in 2005 (the "Relief"), which allows any of the funds to invest up to 100% of its respective assets in units of the other funds, subject to certain conditions.[83]

66. Staff's analysis of the Inter-Fund Loans and Inter-Fund Investments among the Funds is in not yet complete. Based on our analysis to date, we are able to describe the extent of Inter-Fund Investments as at April 7, 2017 and the extent of Inter-Fund Loans as at December 31, 2015 and November 30, 2016.

(i) Inter-Fund Investments

67. As at April 7, 2017, according to the records of International Financial Data Services ("IFDS"), the transfer agent for the Funds, there were Inter-Fund Investments totalling $22,694,777.01.[84] Of that amount, seven of the Crystal Wealth Funds[85] held

[83] A copy of the order exempting Crystal Wealth from compliance with ss. 111(2)(b), 111(2)(c) and subsection 111(3) of the Act dated April 29, 2005 is attached as Exhibit "69".

The Relief was obtained subject to certain representations and conditions, including that Inter-Fund Investments would be consistent with the top fund's investment objectives and would represent the business judgement of "responsible persons" (as defined in the Act) uninfluenced by considerations other than the best interests of the funds. Without the Relief, the Funds would be prohibited from knowingly making or holding an investment in the other Funds, as these may be contrary to paragraphs 111(2)(b), 111(2)(c) and subsection 111(3) of the Act.

[84] A listing of Inter-Fund Investments as at April 7, 2017 is attached at Exhibit "70". I prepared the listing in reliance on an investor listing as at April 7, 2017 for the Crystal Wealth Funds provided by IFDS is attached as Exhibit "71".

$11,218,727.32 in units of the Media Fund, three of the Crystal Wealth Funds[86] held $4,894,288.43 in units of the Crystal Wealth Enlightened Factoring Strategy (the "Factoring Fund") and three Funds held $4,841,079.30 in units in the Crystal Wealth Enlightened Hedge Fund.[87] The extent and amount of Inter-Fund Investments is dynamic. As at December 31, 2015, seven Crystal Wealth Funds held $27,340.975 in units of the Media Fund.[88]

(ii) Inter-Fund Loans

68. Based on my review of the Funds' audited financial statements as at December 31, 2015, I prepared a schedule of Inter-Fund Loans.[89] My schedule illustrates that as at December 31, 2015:

---

[85] ACM Growth Fund, ACM Income Fund, Crystal Wealth High Yield Mortgage Strategy (the "High Yield Mortgage Fund"), the Factoring Fund, Crystal Wealth Medical Strategy (the "Medical Fund"), the Mortgage Fund and Crystal Wealth Retirement One Fund (the "Retirement Fund"). The Retirement Fund he held $0.13 in units of the Media Fund on April 7, 2017.

[86] ACM Growth Fund, ACM Income Fund, Crystal Wealth Enlightened Resource & Precious Metal Fund.

[87] ACM Growth Fund, ACM Income Fund, the Factoring Fund.

[89] A copy of the Inter-Fund Loans Schedule I prepared is attached as Exhibit "73". I prepared this schedule in reliance on the following:

- Exhibit "72" - Financial statements for the year ended December 31, 2015 for for Crystal Wealth Media Strategy. [CWW0000084]
- Financial statements for the year ended December 31, 2015 for the Mortgage Fund, a copy of which is attached at Exhibit "74". [CWW0000001]
- Financial statements for the year ended December 31, 2015 for the Medical Fund, a copy of which is attached at Exhibit "75". [CWW0000023]

(i) the Media Fund had borrowed a total of $4,477,019 from three Funds;[90]

(ii) the Mortgage Fund had lent a total of $5,767,173 to two Funds and had borrowed $196,868 from one Fund;[91]

(iii) the Medical Fund had lent $270,000 to one Fund and borrowed $2,085,460 from two Funds;[92]

(iv) the High Yield Mortgage Fund had lent $722,176 to three Funds and had borrowed $563,000 from one Fund;[93] and

(v) the Factoring Fund had lent $563,000 to the High Yield Mortgage Fund.

- Financial statements for the year ended December 31, 2015 for the High Yield Mortgage Fund, a copy of which is attached at Exhibit "76". [CWW0000044]
- Financial statements for the year ended December 31, 2015 for the Factoring Fund, a copy of which is attached at Exhibit "77". [CWW0000062]
- An excerpt of the general ledger for the period of January 1 to November 30, 2016 for the Media Fund, a copy of which is attached at Exhibit "78". [BLG0000870]
- An excerpt of the general ledger for the period of January 1 to November 30, 2016 for the Mortgage Fund, a copy of which is attached at Exhibit "79". [BLG0000898]
- An excerpt of the general ledger for the period of January 1 to November 30, 2016 for the Medical Fund, a copy of which is attached at Exhibit "80". [BLG0000884]
- An excerpt of the general ledger for the period of January 1 to November 30, 2016 for the High Yield Mortgage Fund, a copy of which is attached at Exhibit "81". [BLG0000860]
- The general ledger for the period of January 1 to November 30, 2016 for the Factoring Fund, a copy of which is attached at Exhibit "82". [BLG0000848]

[90] $3,756,896 owing to the Mortgage Fund; $270,000 owing to the Medical Fund; and $450,123 owing to the High Yield Mortgage Fund.

[91] $3,756,898 owing from the Media Fund; $2,010,275 owing from the Medical Fund; and $196,868.00 owing to the High Yield Mortgage Fund.

[92] $270,000 owing from the Media Fund; $2,010,347 owing to the Mortgage Fund; and $75,113 owing to the High Yield Mortgage Fund.

[93] $450,123 owing from the Media Fund, $196,940 owing from the Mortgage Fund; $75,113 owing from the Medical Fund; and $563,000 owing to the Factoring Fund.

69. I reviewed the general ledgers for 2016 for the five Crystal Wealth Funds which had an Inter-Fund Loan balance as at December 31, 2015. My review indicates that Inter-Fund Loans for the Media Fund had fluctuated in 2016. On January 7, 2016, the Media Fund received a further $4.2 million advance from the Mortgage Fund, which increased the amount owing to the Mortgage Fund to nearly $8 million. This amount was gradually paid down during 2016 and as at November 30, 2016, the Media Fund had a loan payable balance of $895,380.85 owing to the Mortgage Fund.[94] As at November 30, 2016, the Medical Fund no longer had any outstanding amounts owing to other Crystal Wealth Funds, the High Yield Mortgage Fund was owed $97,425.10 and the Factoring Fund had no balance owing to it.[95]

70. Email correspondence between Smith and a representative of BDO describes Inter-Fund Loans in general terms. In an email dated March 28, 2016, during the audit of the 2015 Mortgage Fund Financial Statements, Mastroianni asked via email Smith for details about items for the Mortgage Fund described as "Due from related parties" which referred to $2,010,275 due from the Medical Fund and $3,756,898 due from the Media Fund. Smith responded to Mastroianni's inquiry stating, "They were advanced in the 4th quarter. **The loan amounts fluctuate as amounts are needed in the various funds.**"[96]

F. ASSETS OF THE FUNDS

71. On April 4, 2017, the Crystal Wealth Funds collectively held $5,156,051.80 in cash and $44,765,054.29 in investments, including Inter-Fund Investments. On April 7, 2017, Inter-Fund Investments amounted to $22,694,777.01, which was 50.7% of the $44,765,054.29 in investments held by the funds on April 7, 2017.[97]

72. The Risk Assessment Questionnaire completed for Crystal Wealth, on or about June 28, 2016, shows that for the non-prospectus qualified funds managed by Crystal Wealth as at March 31, 2016, the total AUM was $181,783,967.23, with $116,245,321 invested in private or illiquid securities.[98]

[97] A copy of the Crystal Wealth Funds Cash and Investment Balances on April 7, 2017 Schedule I prepared is attached at Exhibit "84". I prepared this schedule in reliance on the following:

- A letter from the TD Bank with the account balance for a Mortgage Fund bank account, copy of which is attached at Exhibit "85". [EML0002489/4]
- Account statement for ACM Growth Fund's account at Interactive Brokers Canada Inc., dated April 4, 2017, a copy of which is attached at Exhibit "86". [EML0002496]
- Account statement for the Media Fund's account at Interactive Brokers Canada Inc., dated April 4, 2017, a copy of which is attached at Exhibit "87". [EML0002504]
- Account statement for the Medical Fund's account at Interactive Brokers Canada Inc., dated April 4, 2017, a copy of which is attached at Exhibit "88". [EML0002510]
- Account statement for the Enlightened Resource Fund's account at Interactive Brokers Canada Inc., dated April 4, 2017, a copy of which is attached at Exhibit "89". [EML0002502]
- A list showing the balances for the NBCN accounts held by the Crystal Wealth Funds, as at April 4, 2017, produced to Staff by NBCN, a copy of which is attached at Exhibit "90". [NBC000471]

[98] A copy of the Risk Assessment Questionnaire for Crystal Wealth submitted on June 28, 2016 is attached as Exhibit "91".

73. It is my understanding that generally, the Crystal Wealth Funds are priced weekly, and that purchases and redemptions in units of the funds can be made on any weekly valuation date.[99] For Crystal Wealth Funds that invest in illiquid, non-traditional asset classes, such as the Media, Mortgage, Medical and Factoring Funds, the revenue generating events, which involve the receipt of payments of principal and interest on various loans, may not necessarily coincide with investors' ability to redeem on any weekly valuation date.

G. SERIES F

74. In September 2016, Crystal Wealth launched a series F for each of the Mortgage, Media, Crystal Wealth Medical Strategy and Crystal Wealth Infrastructure Strategy Funds. The OMs for each of these Funds indicate that series F units will be charged a 1% management fee[100], whereas investors in series A units will be charged a 2% fee.[101]

[101] The management fee for the Mortgage Fund is 2.2%.

75. In email correspondence dated September 12, 2016 addressed to others at Crystal Wealth, Smith wrote that "**We launched F Class versions of both mortgage, media, medical and infrastructure Funds on Friday and $2.8 million was invested for 69 clients by a third party broker in the Media Fund.**" In the same email, Smith described the use of these new investor monies as follows:

> I know we discussed this briefly at the Edmonton meeting and shortly thereafter, but **I wanted to revisit the idea of using part of new $ in the fund to invest in new loans and part to satisfy your desired redemptions.** Here is my thinking:
>
> I know you all want your redemptions as quickly as possible so it would seem to make sense to devote all available $ in the fund to satisfying those redemptions. **However, with more new brokers looking at the fund and starting to devote client money to it, there will be enhanced scrutiny and questions about new deals we are doing** (I am already getting these questions from the third party marketing firm and the broker that allocated the money on Friday).
> **If I tell them we aren't doing any new deals because all the money is going to redemptions, I fear the flow of new money will dry up pretty quickly and there's a risk that the money that has come in will flow back out.** I think that if we use half of this new money to satisfy redemptions and put half toward new deals, we can show continued new activity in the fund and have stories for the marketing firm to talk about and I think this will increase the flow of new money to the fund which will result in us being able to fund your desired redemptions more quickly.[102]

76. The email suggests that Smith was considering, at least in part, using the proceeds from the sales of Media Fund units to fund redemptions.

77. From Staff's review of the records from the Media Fund's transfer agent and account statements for the Media Fund NBCN Account, it appears that proceeds from the September 9, 2016 purchases of Media Fund units were used to fund a portion of redemptions from the Media Fund by three other Crystal Wealth Funds, as detailed below:

(i) On September 9, 2016, there were approximately $3.1 million worth of Media Fund units purchased (among them were approximately $2.8 million worth of units bought by 70 GMP Securities clients, with 69 of them purchased their units at a price of $10 per unit);[103]

(ii) On September 9, 2016, there were redemptions in the Media Fund of approximately $244,000, including redemptions totalling approximately $179,000 from the ACM Growth Fund, the Factoring Fund and the Retirement Fund; [104]

(iii) On September 14, 2016, the Media Fund received a transfer of approximately $2.83 million apparently for the settlement of the September 9, 2016 purchases and redemptions;

(iv) On September 16, 2016, there were redemptions totalling approximately $2.4 million from the Media Fund, including approximately $2.37 in redemptions by the same three Funds that redeemed Media Fund units on September 9, 2017. There were also purchases of $239,000 in Media Fund units on September 16, 2016, resulting in a net redemption from the Media Fund of approximately $2.16 million. [105]

The spreadsheet is an excerpt from a spreadsheet provided by IFDS which shows purchases in all Crystal Wealth Funds for the period of January 1, 2014 to January 26, 2017.

(v) On September 21, 2016, approximately $2.17 million was transferred from the Media Fund's account apparently for the settlement of the September 16, 2016 purchases and redemptions.[106]

Item 1 Use of Available Funds

1.1 *Funds*

The net proceeds of the offering cannot be determined because Units are being offered on a continuous basis and there is no minimum offering. Sales commissions will vary depending on the fee negotiated by you with your dealer. See Item 7, Compensation Paid to Dealers. Because Units are offered on a continuous basis, other offering costs are treated as fees and expenses of the Fund. See Item 5.1, Fees and Expenses.

1.2 *Use of Available Funds*

The Fund will invest the net proceeds from the issue of Units in accordance with its investment objectives and strategies set out herein. See Item 2.2, Our Business.

1.3 *Reallocation*

The Fund will only invest the net proceeds of the offering in accordance with its investment objectives and strategies set out herein and will not reallocate funds for any other purpose.

Item 2 Business of The Fund

2.1 *Structure*

The Fund is an open-ended unit trust formed under the laws of the Province of Ontario on September 02, 2011 by an amendment to Schedule A to a Master Declaration of Trust dated as of the 12th day of April 2007, as amended and restated as of December 17, 2007 and as it may be subsequently amended from time to time (the "Declaration of Trust").

Fiscal Year

The Fund's financial year end is December 31 in each year. The Fund's tax year is December 31, or, if the Fund so elects under the *Income Tax Act* (Canada), December 15th in each year.

The Trustee, Manager, Portfolio Advisor, Promoter and Fund Accountant

Crystal Wealth Management System Limited is the trustee, manager, portfolio advisor, promoter and fund accountant of the Fund ("Crystal Wealth" or the "Manager"). It is responsible for managing the overall business of the Fund as well as investing the Fund's assets in accordance with the stated investment objectives of the Fund. Its head office is 3385 Harvester Road, Suite 200, Burlington, Ontario, L7N 3N2.

Crystal Wealth has managed and/or advised public mutual funds since 1999. The principal portfolio managers of Crystal Wealth are Clayton Smith and Scott Whale.

Crystal Wealth has engaged AIS Solutions Inc. ("AIS") to provide bookkeeping services for the Fund that includes making all basic accounting entries relating to the Fund's operations as well as distributing the Fund's NAV to various third party data providers and the Fund's registrar and producing the first draft of the Fund's semi-annual and annual financial statements. Crystal Wealth provides AIS with all necessary trading reports and cash movement summaries and performs all final fund accounting functions such as verifying the NAV prior to distribution, verifying all accounting entries made by AIS and finalizing both the semi-annual and annual financial statements.

Please see Item 3 for more details on the principals of the Manager as well as disclosure of any potential conflicts of interest.

Media Property Servicing Company ("MPSC")

The Manager will be relying on the expertise of Media House Capital (Canada) Corp. ("MHC"), a management firm that specializes in film finance and production in order to source potential investments for the Fund and monitor those investments on an ongoing basis. The Fund currently intends to purchase the majority of its loans from MHC. MHC operates in British Columbia and Ontario, with its registered office in Burnaby, British Columbia. Please see Item 2.7 and Item 3 for additional details. While the current agreement with MHC is not exclusive and the Fund may enter into similar arrangements or engage other MPSCs going forward, the Fund is not currently a party to other similar arrangements.

Auditor

BDO Dunwoody LLP has been appointed by the Manager as the auditor of the Fund. Its office is located at 4-3115 Harvester Road, Burlington, ON, L7N 3N8.

Custodian and Prime Broker

The custodian of the Fund is NBCN, a wholly-owned subsidiary of National Bank of Canada and a member of the Investment Industry Regulatory Organization of Canada. Its office is located at 250 Yonge St., 16th Floor, Toronto, ON M5B 2L7.

The Prime Broker of the Fund is Interactive Brokers Canada Inc., a member of the Investment Industry Regulatory Organization of Canada. Its office is located at 1800 McGill College Avenue, Suite 2106, Montreal, Quebec, H3A 3J6.

Registrar

Unitholder record keeping and administration services are provided by International Financial Data Services ("IFDS"), 30 Adelaide St. E., Suite 1, Toronto, Ontario, M5C 3G9.

2.2 *Our Business*

Investment Objective

The investment objective of the Fund is to generate a high level of interest income with minimal volatility and low correlation to most traditional asset classes by investing in asset-backed debt obligations of motion pictures and series television productions.

Investment Strategy

To achieve the Fund's investment objective, it is intended that the Fund will purchase existing notes and other debt obligations, primarily notes evidencing short to medium term loans (12-30 months) that have been made to independent producers used to fund a portion of the production costs to complete motion pictures and series television productions. The Fund will not be in the business of making loans, but rather purchasing already existing securities such as notes and other debt obligations. The debt obligations that the Fund purchases will be secured by some or all of the following:

- All tangible and intangible assets of the Borrower (production) held by the lender including all of the Borrower's rights, titles and interests in and to the production together with the copyrights and related intellectual property rights embodied therein;
- Specified receivables or sales proceeds emanating from the unsold distribution rights of the productions in different geographical territories of the world, subordinated to no other investors until recouped in full with interest, less any third party costs which may include approved sales agents, distributors, guilds and unions; and
- On an ancillary or secondary basis, the Federal, Provincial and State tax credit or government rebate programs.

There is no certainty that the value of the collateral will be sufficient to cover the amount owing.

A Borrower is the person who had obtained a loan, which debt obligation was subsequently sold or assigned to the Fund.

The debt obligations which the Fund will purchase may carry unsecured contractual rights to receive a percentage of the net profits of particular projects, offering the Fund potential additional ongoing revenue should the productions be very successful. There is no guarantee that any amounts will be generated from this contractual net profit participation and the Fund will not account for any amounts therein in the valuation of its investments until such time as they are earned or receivable thereto.

The Fund does not intend to participate in unsecured equity-based investments in productions. Rather, the Fund invests in notes and other debt obligations that have a high ratio of projected collateral sales proceeds to debt (as outlined under Investment Strategy above.) The Fund will require that it is the first party to be paid out by the proceeds of the sale of distribution rights. In most cases, the successful repayment of the debt obligations does not rely on the film generating a high level of box office performance.

In analyzing the potential deals in which to invest, the Manager will look at, among other things, the following factors:

- The face value of the debt obligation compared to the overall budget of the production;
- The identity of the other financiers involved in the project to date;
- Track record of the producer;
- Experience of the sales agent together with minimum sales projections that will provide adequate debt coverage of the loan, with the objective being a minimum of 200%;
- The credibility of the sales estimates of the sales agent/distributor for the unsold territories;
- Key attachments, which include marketable talent (actors), and key crew members behind the camera (director, director of photography, production designer, etc.);
- Quality of the distributors and broadcasters pre-sold to date;
- Term of the debt, including projected timeline of recoupment with interest; and
- Other typical factors with respect to debt such as loan to value, personal guarantees of the producers, capital position of the production.

The Manager may, at its discretion, invest in other income-generating securities in order to try to maintain some liquidity of the Fund or to diversify the investment portfolio in the event of a downturn in the film and TV media market. These investments may include individual securities such as exchange-traded funds, bonds, T-Bills or other mutual funds managed by Crystal Wealth. The Manager intends to maintain sufficient cash and cash equivalents ("Cash Equivalents") such as a line of credit, treasury bills

and other money market instruments to fund redemption requests for Units representing up to 5% of the Fund's net assets at all times.

The Independent Film Market

The film industry is a unique investment opportunity that, in the Manager's view, is not correlated to other traditional securities such as stocks, bonds and resources. In both good and bad economic times, consumers seem to find the money to spend on a night out at the movies or to enjoy watching a movie on a home video device either by rentals or purchases.

Independent films are those produced and distributed outside of the major Hollywood studio system. Created on budgets much lower than the size of studio films, "indies" are often driven by the quality of their writing and acting rather than by huge advertising campaigns or whiz-bang special effects. Because of their small size, successful indie films have the potential to provide much higher ROIs than larger films. Currently, independent films represent a little over 74% of all films in theatres, up 46% from ten years ago. (Source: PWC Global Media Outlook 2007 – 2011). However, gross revenues generated by "indie" films is a relatively small percentage, ie 18% of the overall gross revenues generated by all films domestically and on an absolute dollar basis is $10.5 billion. This is down from 25% 10 years ago. Typically, films have generated an additional 133% of the domestic box office gross from DVD, home video and television revenue streams. Though indie films have generated a decreasing proportionate share of the gross domestic box office, this reflects a number of recent market factors including the credit crisis of 2008 which decreased the number of films in production and increased the capacity of "smaller" films to access the market through video-on-demand, on-line streaming, and other sources of revenue not tracked by box office receipts.

The fund will be relying primarily on the sales performances in all media markets and in all unsold territories for its return on investment. While the Fund will not be relying solely on box office revenues to satisfy the debt repayment, some of the Fund's investments will include some profit participation in the form of an unsecured contractual right to receive a percentage of the net profits of a particular production. This profit participation could provide additional return to the Fund over and above the stated interest rate on the debt, if a film performs well at the box office. There is no guarantee that any amounts will be generated from this contractual net profit participation.

General Investment Guidelines and Criteria for Investments

The composition of the Fund's investment portfolio will vary over time depending on the Manager's assessment of the appropriate strategy given overall market conditions and outlook. However, the following general guidelines will be followed for managing the portfolio:

1. the Fund will invest in existing notes or debt obligations and will not lend money, or advance funds, to any Borrower;

2. the Fund's investments will generally be in Canadian, American, UK and Australian film and television productions with budgets in the $2,000,000 to $15,000,000 range; and

3. the Manager will attempt to ladder the portfolio so that the debts mature at staggered intervals.

Line of Credit

It is the intention of the Manager to establish a line of credit secured against the assets of the Fund that does not exceed an amount equal to 20% of the net assets of the Fund. This line of credit has three potential uses:

(i) To provide liquidity in the event of Unitholder redemptions. It is the intention of the Manager to keep the Fund as close to fully invested as possible at all times. There is no established secondary market for these debt obligations so there is relatively little immediate liquidity in the Fund for the Manager to meet unexpected redemption requests. The line of credit could be used to fund these redemptions and would be paid down as debts matured within the portfolio or as new investors put money into the Fund.

(ii) To smooth the timing differences between deal flow (potential loans) and cash availability in the Fund. The Manager will attempt to ladder the Fund's investment portfolio such that debt investments are maturing on a regular basis. However, there will be times when new investment opportunities are available for a limited time, but the Fund does not have available cash to invest in them at that time. Rather than miss these opportunities, the Manager may temporarily draw upon the line of credit to invest in these new investments and pay down the line of credit as existing debts mature within the portfolio or new subscriptions are made in the Fund.

There is no guarantee that the Manager will be able to successfully secure a line of credit for the Fund and investors should not rely on there being a line of credit in place when determining whether to purchase units of the fund.

Statutory Caution

The foregoing disclosure of investment objectives and strategies may constitute "forward-looking information" for the purpose of Ontario securities legislation, as it contains statements of the intended course of conduct and future operations of the Fund. These statements are based on assumptions made by the Manager of the success of its investment strategies in certain market conditions, relying on the experience of the Manager's officers and employees and their knowledge of historical economic and market trends. Investors are cautioned that the assumptions made by the Manager and the success of its investment strategies are subject to a number of mitigating factors. Economic and market conditions may change, which may materially impact the success of the Manager's intended strategies as well as its actual course of conduct. Investors are urged to read "Risk Factors" below for a discussion of other factors that will impact the operations and success of the Fund.

Investment Restrictions

Securities legislation imposes several restrictions on the Fund including the following: (a) the Fund is prohibited from acquiring 20% or more (alone or together with any related mutual fund) of the voting securities of an issuer and (b) the Fund cannot invest in issuers in which the Manager or associates of it have a significant interest.

The Fund may not engage in short-selling.

Investment Process

The Manager will monitor the Fund's asset mix and its risk and reward profile in the context of the state of the economy, the general financial markets and the independent film industry market in particular.

The Manager has entered into an agreement dated August 12, 2011 with MHC, an independent company that specializes in the structuring, sourcing and administration of the loans in the independent film market underlying the debt obligations. The role of MHC is to source, advise in connection with the procurement of and service the debts through to maturity. MHC will monitor and periodically report on the performance, including the actual sales performance compared to target projections of those investments on an ongoing basis on behalf of the Fund, notifying the Manager of recommended action steps and facilitating taking action where necessary to ensure the successful completion of the Fund's investments.

Once a potential debt investment is sourced for the Fund by MHC or another administration company, the Manager will perform its due diligence and examine how the new debt fits into the overall investment portfolio from a diversification point of view. If the Fund invests in the debt, MHC will assist the Manager with servicing and monitoring the underlying loan until maturity and repayment.

Investments in Other Funds Managed by Crystal Wealth

The Manager may, from time to time, invest some of the assets of the Fund in units of other mutual funds managed by Crystal Wealth (an "Underlying Crystal Wealth Fund"). Where the Manager does this, no sales or redemption fees will be payable by the Fund in relation to its purchases or redemptions of units of the Underlying Crystal Wealth Fund, and no management fees or incentive fees will be payable by the Fund that, to a reasonable person, would duplicate a fee payable by the Underlying Crystal Wealth Fund for the same service. To be more specific, any management fees charged to the Underlying Crystal Wealth Fund attributable to the assets of the Fund that are invested in the Underlying Crystal Wealth Fund and the HST payable thereon will be rebated back to the Fund at the end of each month in the form of a management fee rebate that will be reinvested in additional units of the Underlying Crystal Wealth Fund on behalf of the Fund.

The percent of the Fund's assets invested in each Underlying Crystal Wealth Fund may fluctuate on a daily basis based on the investment decisions made by Crystal Wealth in order to meet the investment objectives of the Fund. Under typical market conditions or in order to maintain liquidity, the Fund may invest up to 20% of its assets, on a book or market value basis, in any one or more Underlying Crystal Wealth Funds. However, under extreme market conditions or in anticipation of a downturn in the independent film market, the Fund may invest up to 100% of its assets in a combination of Underlying Crystal Wealth Funds. The Manager will review the investments by the Fund in any Underlying Crystal Wealth Funds on a regular basis to ensure that the investments continue to be appropriate for the Fund's investment objectives.

The Fund will not vote any of the units of the Underlying Crystal Wealth Funds owned by the Fund. The Manager may, in its sole discretion, choose to flow through the voting rights attached to units of the Underlying Crystal Wealth Funds owned by the Fund, to investors in the Fund.

Copies of the offering memoranda of the Underlying Crystal Wealth Funds are available upon request from the Manager, free of charge.

2.3 *Development of the Business*

No material events outside of normal securities market fluctuations have occurred during the previous two years that have influenced the development of the issuer. As the Fund is an open-ended investment vehicle under continuous distribution with investors being able to purchase or redeem units on a weekly basis, the net assets of the Fund fluctuate based on unitholder activity as well as the success of the Manager in achieving the investment objective.

From inception of the Fund on September 2, 2011 through to the end of 2011, the total net assets of the Fund grew to $4.6 million. Net unitholder activity during the period was $4.6 million net purchases. The Fund's total investment performance, including reinvested distributions and unit price appreciation, during 2011 was 3.9%. There were total distributions of $163,227 during 2011.

For 2012 year to date, the total net assets of the Fund increased from $4.6 million to $11.6 million. Net unitholder activity during the period was $7.0 million net purchases, including reinvested distributions. The Fund's total investment performance, including reinvested distributions and unit price appreciation, during the period was 8.15%. There were total distributions of $717 thousand during the 2012 year to date period.

2.4 *Long Term Objectives*

The long-term objectives of the Fund are as set out under Item 2.2, Our Business. The Manager has no intention to vary or amend these objectives.

2.5 *Short Term Objectives and How We Intend to Achieve Them*

The short-term objectives of the Fund are as set out under Item 2.2, Our Business. The Manager has no intention to vary or amend these objectives.

2.6 *Insufficient Funds*

The proceeds of the offering may not be sufficient to accomplish all of the Fund's proposed investment objectives and there is no assurance that alternative financing will be available.

2.7 *Material Agreements*

Master Declaration of Trust

The following constitutes a summary of the general provisions of the Declaration of Trust. The Declaration of Trust sets out the powers and duties of the manager and the trustee of the Fund, the attributes of the Units, procedures for the purchase, exchange and redemption of Units, recordkeeping, calculation of the Fund's income and other administrative procedures. It also contains provisions for the selection of a successor trustee if Crystal Wealth should resign. Specific provisions of the Declaration of Trust dealing with series of Units and the rights of Unitholders are discussed under Item 5.1, Units.

The Declaration of Trust provides that the Fund or a series of Units of the Fund may be terminated on reasonable notice to investors and the subsequent distribution of the Fund's or series' net assets to investors.

The Declaration of Trust provides the trustee with a right of indemnification in carrying out its duties under the Declaration of Trust, provided that the trustee does not breach its standard of care.

Master Management Agreement

Crystal Wealth has entered into a Master Management Agreement dated as of April 12, 2007 and as amended from time to time by the parties (the "Management Agreement") to facilitate the administration and portfolio management of the Fund. Under the Management Agreement, the Manager is responsible for providing directly, or for arranging other persons or companies to provide, administration of the Fund, investment portfolio advisory services, distribution services for the promotion and sale of the Fund's Units and other operational services. The Management Agreement contains a schedule of the management fee rate and sets out the operating expense reimbursement arrangements payable to the Manager by the Fund.

The Management Agreement will continue in effect unless and until terminated with respect to the Fund on at least 60 days' prior written notice. The Management Agreement may be terminated immediately upon written notice if any party is in breach of its terms and the breach has continued for at least 30 days without being remedied.

Under the Management Agreement, the Manager and its agents are not liable for any loss sustained by reason of the adoption or implementation of any investment policy or the purchase, sale or retention of any portfolio investment on behalf of the Fund. However, this limitation of liability does not protect the Manager against any liability to the Fund or Unitholders by reason of wilful misfeasance, bad faith or negligence in the performance of its duties under the Management Agreement.

Custodian Agreement

The Manager entered into a custodian services agreement with NBCN on July 26, 2004, under which NBCN will act as custodian of the assets of the Fund. For its services, NBCN receives a fee agreed to from time to time by NBCN and the Manager. This fee is borne by the Fund.

Securityholder Services Agreement

The Manager entered into a securityholder services agreement with IFDS on February 17, 2004 to have IFDS act as registrar, transfer agent, order processing and distribution disbursement agent and to perform certain administrative, trust accounting and other services with respect to the Fund. For its services, IFDS receives a fee agreed to from time to time by IFDS and the Manager. This fee is borne by the Fund.

Media Property Servicing Agreement

The Fund has entered into a Production Loan Administration Agreement with MHC dated August 12, 2011. MHC will not receive a fee from the Fund for its services, as it would have already been compensated by way of a loan facilitation fee, paid by the Borrower, of up to 10% of the face value of any loans that the Fund purchases from MHC. The Fund currently intends to purchase the majority of its loans from MHC. MHC will source, evaluate and present to the Fund all of the notes or debt obligations evidencing the loans that it or its affiliates have entered into. The Fund will then be entitled (but not obligated) to purchase the notes or debt obligations. MHC will manage and service the underlying loans purchased by the Fund. The Agreement may be terminated by the Fund if MHC acts unlawfully, dishonestly, in bad faith or is grossly negligent with respect to its business or if MHC materially breaches the agreement and that breach is not remedied within 30 days after written notice of the breach. The Agreement may also be terminated by either party on 90 days notice. The Fund may dispose of any debt it purchases if the underlying loan is in default or otherwise triggers an event of default.

Copies of the material contracts referred to above may be inspected during normal business hours at the offices of the Manager or may be obtained from the Manager for a nominal charge to reimburse the Fund for the costs of providing such copies.

Item 3 Interests of Director, Management, Promoter and Principal Holder

3.1 *Compensation and Securities Held*

The following table provides information about the directors and officers of the Manager and Promoter and each person who, directly or indirectly, beneficially owns or controls 10% or more of any series of voting securities of the Fund (a "principal holder").

Name and municipality of principal residence	**Positions held (e.g., director, officer, promoter and/or principal holder) and the date of obtaining that position**	**Compensation paid by the Fund in the most recently completed financial year and the compensation anticipated to be paid in the current financial year**	**Number, type and percentage of Units of the Fund held as at the date of this Offering Memorandum**
THE MANAGER AND PROMOTER			
Clayton Smith Burlington, Ontario	Director, President, Chief Executive Officer and Chief Financial Officer of the Manager since March 31, 1998	N/A[1]	0
PRINCIPAL HOLDERS			
Crystal Enhanced Mortgage Fund Burlington, Ontario	Principal Holder	N/A	513,709.5211 Series A Units representing 44.0% of the Fund

[1] The Fund does not compensate this individual directly. Rather the Fund pays the Manager a management fee as discussed under Item 5.1, Fees and Expenses.

3.2 *Interests of Management and Conflicts of Interest*

Conflicts of interest exist between the interests of the Manager on the one hand and the Fund and its Unitholders on the other hand. The Manager earns fees from the ongoing management of the Fund's investment portfolio and the Fund is considered both a related issuer and a connected issuer of the Manager, as a result of the fact that the Manager is also the trustee of the Fund. Details of the fees earned by the Manager are fully disclosed elsewhere in this Offering Memorandum.

The Fund may be subject to various conflicts of interest due to the fact that the Manager is engaged in a wide variety of management, advisory, distribution and other business activities. The services of the Manager are not exclusive and nothing in the Declaration of Trust, the Management Agreement or any other agreement prevents it from providing similar services to other investment funds and other clients (whether or not their investment objectives and policies are similar to those of the Fund) or from engaging in other activities. These agreements do not impose any specific obligations or requirements concerning

the allocation of time by the Manager to the Fund. The personnel of the Manager devote such time to the affairs of the Fund as the Manager, in its discretion, determines to be necessary for the conduct of the business of the Fund. As an exempt market dealer, the Manager intends to sell interests in related trusts, limited partnerships and other pooled funds organized by the Manager.

Employees and the sole officer and director of the Manager may invest their own money in the Fund and may, from time to time, be significant investors in the Fund. In addition, the Manager may make the same investment for the Fund as it makes for one or more of its other clients (including another fund) and for itself. In the course of providing investment advisory services to its clients, there are times when the Manager must bunch or block trades if it is selling or buying the same security for numerous clients simultaneously. An allocation of price and commission when trades are bunched or blocked must be performed. There are also occasions when the quantity of a security available at a specified price is insufficient to satisfy the requirements of every client for which the security would be suitable (for example: a block trade that is partially filled). Occasions also arise when the quantity of a security to be sold by two or more clients is too large to be completed at the same price. Similarly, new issues of a security, including initial public offerings and "hot issues", may be insufficient to satisfy the requirements of all clients for which such securities would be suitable.

Under such conditions, it is Crystal Wealth's policy to allocate, insofar as it is possible, such purchases or sales, and the commissions thereon, pro rata (on an average price basis) based upon the interest of each account participating in the trade in relation to the interests of all other participating accounts. Where it is impossible even then to ensure complete fairness, every effort will be made to address any trading inequities at the next opportunity so that every client, large or small, over time, receives equitable treatment in the filling of orders.

In the case of a partially filled block trade, IPO or hot issue, Crystal Wealth will not allocate a pro rata share to proprietary, employee and/or personal accounts before it fills all trades for clients, such as the Fund.

MHC is acting as the principal source of the investments and is the primary lender that structures the loan and earns a fee on each loan or debt obligation from the production company. When the Fund purchases the debt obligation, MHC effectively assigns their risk to the Fund, which may influence MHC's independent judgment in analyzing the investments. To mitigate this conflict of interest, the Fund has a "first look" on all of the loans MHC or its affiliates have entered into and the Fund is entitled (but not obligated) to purchase any such debt obligation. Further, the MHC fee will be earned over the period of time in connection with their performance regarding the servicing of loans.

3.3 *Management Experience*

The following table provides information about the principal occupation of the sole director and officer of the Manager.

THE MANAGER	
Name	**Principal occupation and related experience**
Clayton Smith	Director, President, Chief Executive Officer and Chief Financial Officer of the Manager. Mr. Smith has been President of the Manager since March 1998. From August 1994 to February 1998, Mr. Smith was a financial planner. Prior to

	August 1994, Mr. Smith served as an officer in the Canadian Armed Forces after attending Royal Military College.

3.4 *Penalties, Sanctions and Bankruptcy*

No director or senior officer or control person of Crystal Wealth or person holding a sufficient number of Units of the Fund to affect materially the control of the Fund has, in the last 10 years:

(a) been subject to any penalties or sanctions imposed by a court or regulatory authority;

(b) been a director, senior officer or control person of any issuer that has been subject to any penalties or sanctions imposed by a court or by a regulatory authority while the director, officer or control person was a director, officer or control person of such issuer;

(c) made any declaration of bankruptcy, voluntary assignment in bankruptcy or proposal under bankruptcy or insolvency legislation or been subject to any proceedings, arrangement or compromise with creditors of a receiver, receiver-manager or trustee to hold assets; or

(d) been a director, senior officer or control person of any issuer that has made any declaration of bankruptcy, voluntary assignment in bankruptcy, proposal under bankruptcy or insolvency legislation, or been subject to any proceedings, arrangement or compromise with creditors or appointment of a receiver, receiver-manager or trustee to hold assets while the director, officer or control person was a director, officer or control person of such issuer.

Item 5 Securities Offered

5.1 *Terms of Securities*

The securities being offered under this Offering Memorandum are Series A units of the Fund.

Units

An investment in the Fund is represented by Units. The Fund is permitted to have an unlimited number of series of Units and is authorized to issue an unlimited number of Units of each series. Each series of Units of the Fund will be invested in the same portfolio of assets. To date, the Fund has created only one series of Units.

At a meeting of Unitholders, each Unitholder will have one vote for each dollar value of all Units owned by such Unitholder as determined based on the series net asset value per Unit at the close of business on the record date for voting for such meeting, with no voting rights being attributed to portions of a dollar of such value. Unitholders have limited voting rights.

Unitholders are also entitled to participate pro rata based on the Units held by them in distributions made out of the Fund (other than Management Fee Distributions, as described herein) and, on liquidation of its net assets (on a series by series basis). No certificates are issued by the Fund to represent the outstanding Units. Each Unit is transferable only in accordance with Declaration of Trust and subject to securities legislation, is not subject to future calls or assessments, and entitles the holder to rights of redemption.

Offering Price

The initial offering price of the Units of the Fund will be $10.00 per Unit. Thereafter, the offering price of the Units of the Fund is an amount equal to the net asset value per Unit ("NAVPU") determined from time to time, no less frequently than monthly. Currently, the NAVPU will be determined weekly, on the last business day of each week (each, a "Valuation Date").

The NAVPU will also be determined on the last business day of each month and on any other day as the Manager in its discretion determines, but these dates will not be considered Valuation Dates for the purposes of Unitholder transactions.

Computation of Net Asset Value

The net asset value of the Fund (the "NAV") will be calculated by the Manager or its agent in Canadian dollars on each Valuation Date by taking the value of all assets less the liabilities of the Fund.

In calculating the NAV of the Fund at any time:

(a) the value of cash, promissory notes, receivables, prepaid expenses, dividends and interest declared or accrued but not yet received, will be deemed to be the face value thereof unless the Manager or its agent considers otherwise;

(b) the value of treasury bills and other money market instruments will be the cost of such instruments plus the accrued interest up to and including the Valuation Date;

(c) the value of loans will be the outstanding principal on the Valuation Date;

(d) the value of any other securities for which there is a published market will be the closing market price for such securities (or if there is no closing price the average of the closing bid and ask prices) on the Valuation Date; provided that if in the opinion of the Manager or its agent, such price does not properly reflect the price which would be received by the Fund upon disposal of the securities, the Manager or its agent may place such value upon such securities as appears to the Manager or it's agent to most closely reflect the fair value of such securities;

(e) the value of any other property for which a current third party valuation is available will be the value as determined by the third party valuator;

(f) the value of all other property will be the value that the Manager or its agent determines in its reasonable discretion most accurately reflects its fair value;

(g) the value of any asset measured in a foreign currency will be calculated by converting the value in the foreign currency into Canadian dollars using the rate of exchange current on the Valuation Date as determined by the Manager or its agent;

(h) each transaction of purchase or sale of portfolio securities effected by the Fund will be reflected in the computation of the NAV not later than the first computation of such NAV made after the date on which such transaction becomes binding;

(i) the issue or redemption of Units of the Fund will be reflected in the computation of the NAV no later than the next computation of such NAV made after the time as at which a NAVPU is determined for the purpose of the issue or redemption of the Units of the Fund; and

(j) liabilities include only those expenses paid or payable by the Fund, including accrued contingent liabilities, management fees and performance fees where they are known.

The NAVPU will be the NAV of the portfolio assets of the Fund attributable to the series divided by the number of Units of the series outstanding on the relevant Valuation Date.

A NAV will not be calculated if redemptions have been suspended by the Manager.

The value given to any pooled fund investments held by the Fund on a Valuation Date, including an Underlying Crystal Wealth Fund is derived from the most recent net asset value information available to Crystal Wealth on that Valuation Date. Often, the only valuation information available is an estimate of the net asset value of the applicable pooled fund as of the Valuation Date, which in turn is based on estimated values of the pooled fund's underlying investments. These underlying investments may be difficult to value, as they may be illiquid and may trade infrequently or not at all. In some cases, subsequent information provided by the pooled fund may show an actual value that is different from the

estimated value previously provided. No adjustment will be made to the number of Units purchased or redeemed by an investor in the Fund because of the use of estimated values in determining the net asset value of the Fund and the net asset value of each series of Units of the Fund.

Redemption of Units

A Unitholder may, upon request to the Manager in a manner and form acceptable to the Manager, redeem a portion or all of its Units at a redemption price equal to the NAVPU on the Valuation Date next following the date on which the request for redemption is received by the Manager, less any accrued and applicable fees and taxes. If the request is received by the Manager prior to 4:00 p.m. EST, on a Valuation Date, the redemption will be processed on that Valuation Date. Proceeds of redemption will be paid within three days from such date either by cheque or electronic payment as the Unitholder requests. No interest will be paid to the Unitholder on account of any delay in forwarding the proceeds of redemption to the Unitholder. If Units were purchased by cheque and then redeemed within seven business days of the purchase, the Fund may hold the redemption proceeds until the purchase cheque has cleared, which may take up to 10 business days for cheques drawn on a Canadian chartered bank and up to 45 business days for all other cheques.

Notwithstanding the foregoing, the Manager, in its sole discretion, may, at any time by giving ten business days prior written notice to Unitholders, institute a policy that requires Unitholders to submit their redemption requests at least 30 days prior to the Valuation Date on which they wish the redemption to take place. If the Manager implements this policy, then all redemption requests received within 30 days of a Valuation Date will not be processed until the first Valuation Date after the 30 day notice period has expired.

The Manager has the right to cause redemptions of Units to be suspended for the whole or any part of a period during which normal trading is suspended on any exchange on which securities representing more than 50% by value or underlying market exposure of the total assets of the Fund are traded. Any redemptions that would otherwise have taken place during the period of suspension will be effected at the close of business on the Valuation Date immediately following the termination of suspension unless, prior to that date, a Unitholder has withdrawn his or her redemption order.

The Manager may, at any time and from time to time, by giving ten business days prior written notice to Unitholders, redeem all or any portion of the outstanding Units of a series on the next Valuation Date for a redemption price per Unit equal to the NAVPU for Units of that series calculated as at the close of business on that day. Among other reasons, the Manager could exercise this right if a particular series has few Units outstanding and it is not economically viable to keep that series open. Alternatively, the Manager could exercise this right of redemption for tax purposes.

The Manager is also entitled to require the redemption of all or any part of the Units held by a Unitholder at any time in its discretion.

The Manager is entitled to require the redemption of all of the Units held by a Unitholder at any time that the Unitholder's account falls below $5,000 in market value. Prior to exercising this right of redemption, the Manager will provide the Unitholder with 10 business days' prior notice to allow such Unitholder the opportunity to increase the value of its account to $5,000 by purchasing more Units of the Fund.

Systematic Withdrawal Plans

Unitholders may make regular redemptions through a Systematic Withdrawal Plan ("SWP"). Once a SWP is authorized, the Manager will make automatic redemptions from the Unitholder's account

according to the schedule chosen by the Unitholder. SWPs are available monthly or quarterly on the last Friday of the month. If the last Friday of the month is a holiday, the SWP will be run on the valuation date immediately preceding it. In addition, all of the conditions, features, fees and charges discussed elsewhere in this memorandum still apply to Units redeemed in the SWP program.

Distributions

The Fund will distribute in each year such portion of its annual net income and net realized capital gains as will result in the Fund paying no tax under Part 1 of the Income Tax Act (Canada) (the "Tax Act"). Distributions of net income will be made monthly on the last Friday of the month. If the last Friday of the month is a holiday, the distribution will be done on the Valuation Date immediately preceding it. In December of each year, a distribution of net income and net realized capital gains will take place on a date between December 15 and December 31 to be determined by the Manager.

All distributions made by the Fund to each series of Units will be automatically reinvested in additional Units of the same series at the NAVPU thereof unless a Unitholder elects to receive his or her distribution in cash.

Short-Term Trading Fee

In order to protect the interests of the majority of Unitholders of the Fund and to discourage short term trading in the Fund, Unitholders may be subject to a short-term trading fee. If a Unitholder redeems Units within 180 days of such Units having been acquired, the Fund may deduct and retain for the benefit of the remaining Unitholders 5% of the value of the Units redeemed.

Limitation on Non-Resident Ownership

It is the intention of the Manager to cause the Fund at all times to qualify as a "mutual fund trust" under the provisions of subsection 132(6) of the Tax Act. If non-residents of Canada within the meaning of the Tax Act ("Non-Residents") become the beneficial owners of more than 49% of the Units in certain circumstances, this could cause the Fund to cease to qualify as a "mutual fund trust". As a result, the Manager may require declarations as to the jurisdictions in which beneficial owners of Units are resident. If the Manager becomes aware that the beneficial owners of 45% or more of the Units then outstanding are, or may be, Non-Residents or that such a situation is imminent, and if its "mutual fund trust" status is threatened by such Non-Resident ownership, the Manager will not accept a subscription for Units from or issue or register a transfer of Units to a person unless the person provides a declaration in form and content satisfactory to the Manager that the person is not a Non-Resident.

If notwithstanding the foregoing, if the Manager determines that more than 45% of the Units are held by Non-Residents, subject to all applicable securities and other laws, the Manager may send a notice to Non-Resident holders of Units, chosen in inverse order to the order of acquisition or registration or in such other manner as the Manager may consider equitable and practicable, requiring such Non-Residents to redeem their Units.

Fees and Expenses

Management Fee: The Manager provides management and investment advisor services to the Fund for which it is entitled to receive from the Fund a management fee equal to a maximum annual rate of 2.0%. The base Trailer Fee (as described in Item 7) is paid by the Manager. The management fee accrues daily and is payable monthly in arrears.

Trustee Fees: Crystal Wealth is paid a fee for its services as trustee by the Fund that does not exceed market rates for similar services if they were provided by a third party.

Management Fee Distributions: To encourage large investments in a Fund (generally in excess of $1 million), the Manager may reduce the management fee that would be charged to the Fund in respect of Units held by an investor making the large investment. The amount of the reduction is distributed by the Fund (the "Management Fee Distribution") to the investor for whose benefit the fees were reduced. Where applicable, Management Fee Distributions will be calculated on each business day and distributed on a regular basis by the Fund to the applicable investor, generally, first out of the net investment income and net realized capital gains of the Fund and then out of capital. All Management Fee Distributions will be reinvested in additional Units of the same series of Units of the Fund unless otherwise requested. The amount of the Management Fee Distribution is generally treated as income or capital gains to the Unitholder receiving it.

Organization Costs: The costs of initially organizing the Fund and offering Units have been paid by the Manager out of its general corporate funds and may be reimbursed to the Manager by the Fund without interest over time, based upon the Fund's ability to pay and upon demand by the Manager.

Operating Expenses: The ongoing expenses of the Fund will be borne by the Fund, including without limitation, the fees and expenses of legal counsel and the Fund's auditors, communications to Unitholders, custodial arrangements, fund accounting fees payable to the Manager that do not exceed market rates for similar services from third parties, registrar and transfer agency fees, administration and recordkeeping, interest, brokerage fees and taxes of all kinds to which the Fund is or might be subject to. The Fund is required to pay harmonized sales tax ("HST") on the management fee and most of the other fees and expenses which it pays.

5.2 *Subscription Procedure*

Continuous Offering

Units of the Fund are offered on a continuous basis under this Offering Memorandum. In offering the Units, the Fund will be relying on certain exemptions from the prospectus requirements of securities laws in the various provinces and territories of Canada. Pursuant to National Instrument 45-106 ("NI 45-106"), the current minimum investment for residents in each of the offering jurisdictions, purchasing as principal, is $150,000 (Canadian Dollars), to be paid in cash at the time of purchase.

The Manager in its discretion may accept a lower minimum initial investment of $25,000 from:

(a) an "accredited investor" who purchases as principal (the list of investors who may qualify for the accredited investor designation is specified in Schedule A to the accompanying Subscription Agreement); or

(b) an investor in British Columbia, Nova Scotia, New Brunswick or Newfoundland and Labrador who purchases Units under the "offering memorandum exemption" provided for under NI 45-106 and who:

    (i) purchases as principal,

    (ii) has received the Offering Memorandum, and

(iii) completes the Form 45-106F4 Risk Acknowledgement that is included in the accompanying Subscription Agreement.

The Manager reserves the right to accept or reject subscriptions, to change the minimum amounts for investments in the Fund and to discontinue the offering of Units of the Fund at any time and from time to time. Any monies received with rejected subscriptions will be refunded within two business days, without interest or deduction.

Subscriptions may be placed by investors either directly with the Manager in Ontario, Alberta or British Columbia or through registered dealers. Prospective investors who wish to subscribe for Units must complete, execute and deliver the Subscription Agreement that accompanies this Offering Memorandum to the Manager or their dealer (as appropriate) and tender the subscription amount in a manner acceptable to the Manager. Units will be issued at the NAVPU on the Valuation Date next following receipt by the Manager of a subscription request (unless received on a Valuation Date prior to 4:00 p.m., in which case the Units will be issued on such Valuation Date). All subscriptions for Units of the Fund must be forwarded by dealers, without charge, the same day that they are received, to the Manager on behalf of the Fund.

A subscriber has the right to cancel the subscription by sending written notice before midnight of the second business day after the subscriber signs the Subscription Agreement. Any subscription proceeds received will be held in trust for that period, and will be promptly returned to the subscriber without interest or deduction if the subscriber exercises his or her cancellation rights.

Additional Investments

Additional investments in the Fund are generally permitted in amounts of not less than $5,000. If the investor initially acquired Units of the Fund for not less than the $150,000 minimum investment amount, then, at the time of issuance of the additional investment, the Units held by the investor must have an acquisition cost or a net asset value equal to at least the $150,000 minimum investment amount. Investors who qualify as accredited investors and who purchase as principal may, in the sole discretion of the Manager, make additional investments in the Fund of not less than $5,000.

At the time of making each additional investment in the Fund, each investor will be deemed to have repeated to the Fund the covenants and representations contained in the Subscription Agreement, delivered by the investor to the Fund at the time of the initial purchase and, if applicable, that the Units held by the investor have an acquisition cost (determined in accordance with applicable securities laws) or a net asset value, whichever is applicable, at least equal to the required amount as described above.

For investors who are residents of British Columbia, Nova Scotia, New Brunswick or Newfoundland and Labrador and are relying on the offering memorandum exemption, as described above, additional investments in the Fund are also generally permitted in amounts of not less than $5,000. However, at the time of making each additional investment in the Fund, each investor must follow the same subscription procedures set out above, including completing and delivering to a registered dealer for forwarding to the Fund a new Subscription Agreement and the accompanying Risk Acknowledgement.

The Manager reserves the right to change the minimum amount for additional investments in the Fund at any time and from time to time.

Following each purchase of Units, investors will receive written confirmation indicating details of the purchase transaction, including the dollar amount of the purchase order, the net asset value per unit and

the number of Units purchased. For additional investments, the written confirmation will indicate the cumulative total of all Units held by the investor.

Pre-authorized Chequing Plan

Provided a Unitholder continues to meet the minimum investment qualifications or is an "Accredited Investor", Unitholders may make regular purchases through a Pre-authorized Chequing Plan ("PAC"). Once a PAC is authorized, the Manager will make automatic withdrawals from the Unitholder's bank account according to the schedule chosen by the Unitholder and invest this sum in Units of the Fund. PACs are available monthly or quarterly on the last Friday of the month. If the last Friday of the month is not a business day, the PAC will run on the next Valuation Date thereafter. In addition, all of the conditions, features, fees and charges discussed elsewhere in this Offering Memorandum still apply to Units purchased in the PAC program.

Item 6 Income Tax Consequences and RRSP Eligibility

6.1 *Disclaimer*

You should consult your own professional advisers to obtain advice on the tax consequences that apply to you.

6.2 *Summary of Significant Tax Consequences*

The following is a general summary of the principal Canadian federal income tax considerations with respect to the tax status of the Fund and Unitholders who are individuals resident in Canada and who hold their Units as capital property, all within the meanings prescribed by the Tax Act.

This summary is based on the current provisions of the Tax Act, the regulations thereunder, all specific proposals to amend the Tax Act and the regulations publicly announced by the Minister of Finance (Canada) prior to the date hereof (the "Tax Proposals") and the current published administrative practices and assessing policies of the Canada Revenue Agency. Other than the Tax Proposals, this summary does not take into account or anticipate any changes in law whether by legislative, governmental, or judicial action, nor does it take into account provincial or foreign income tax considerations which may differ significantly from those discussed herein. This summary is based on the assumption that the Fund will qualify as a mutual fund trust for purposes of the Tax Act effective at all material times. If the Fund were not to qualify as a mutual fund trust under the Tax Act, then the considerations would be materially different from these described herein.

This summary was prepared by Borden Ladner Gervais LLP, based on the information contained in the Offering Memorandum. This summary is not exhaustive of all possible Canadian federal income tax considerations applicable to an investment in Units. Moreover, the income and other tax consequences of acquiring, holding, or disposing of Units will vary depending on the Unitholder's particular circumstances, including the provinces in which the Unitholder resides or carries on business. Accordingly, this summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any prospective purchaser of Units. Prospective Unitholders should consult their own tax advisors for advice with respect to the tax consequences to them of an investment in Units, based on their particular circumstances.

Tax Status of the Fund: It is the Fund's intention to distribute to Unitholders in each year its net income and net realized capital gains taking into account any entitlement to capital gains refunds to such an extent that the Fund will not be liable in any year for income tax under Part I of the Tax Act. Generally,

amounts realized by the Fund on derivative instruments will be on income account rather than on capital account. Income of the Fund derived from foreign sources may be subject to foreign withholding taxes which generally may, to the extent permitted by the Tax Act, be claimed as a deduction by the Fund or credit by Unitholders.

Tax Status of Unitholders: Unitholders will be required to include in their income for tax purposes for a particular year the amount of net income and the taxable portion of net realized capital gains, if any, paid or payable to them (including by way of a Management Fee Distribution), whether or not reinvested in additional Units of the Fund. Certain provisions of the Tax Act permit the Fund to make designations that have the effect of flowing through to the Unitholders the income and taxable capital gains realized by the Fund. To the extent that appropriate designations are made by the Fund, taxable dividends on shares of taxable Canadian corporations, net taxable capital gains and foreign source income paid or payable to Unitholders generally will be taxable as if such income had been received by them directly. To the extent that distributions to Unitholders of the Fund exceed the net income and net realized capital gains of the Fund for the year, such excess distributions will be a return of capital and will not be taxable in the hands of the Unitholder but will reduce the adjusted cost base to the Unitholder of such Unitholder's Units in the Fund.

At the time a purchaser acquires Units of the Fund, the net asset value of the Units may reflect accrued income and capital gains and realized income and capital gains which have not been distributed. When and if such income and capital gains are distributed, the income and the taxable portion of the capital gains will have to be included in the purchaser's income.

Any upfront sales charges paid by Unitholders on the acquisition of Units of the Fund are not deductible by Unitholders but are added to the adjusted cost base of the Units purchased. In determining the adjusted cost base of Units, the cost of Units must be averaged with the adjusted cost base of all other Units of the Fund held by the Unitholder at such time.

Unitholders will be advised each year of the amount of net income, net taxable capital gains and return of capital paid or payable to them, the amount of net income considered to have been received as a taxable dividend and the amount of any foreign taxes considered to have been paid by them. Individuals may be liable for alternative minimum tax in respect of dividends received from taxable Canadian corporations and realized net taxable capital gains.

Upon the actual or deemed disposition of a Unit, including the redemption of a Unit by the Fund, a capital gain (or a capital loss) will generally be realized to the extent that the proceeds of disposition of the Unit exceed (or are exceeded by) the aggregate of the adjusted cost base of the Unit to the Unitholder and any costs of disposition. Under the Tax Act, one-half of capital gains are generally included in an individual's income and one-half of capital losses are generally deductible only against taxable capital gains, subject to the rules in the Tax Act.

6.3 *Eligibility for Investment*

Provided that the Fund qualifies as a mutual fund trust under the Tax Act, effective at all times, Units of the Fund will be qualified investments for deferred profit sharing plans, registered education savings plans, registered disability savings plans and tax-free savings accounts. Annuitants of registered retirement savings plans and registered retirement income funds, and holders of tax-free savings accounts, should consult with their own tax advisors as to whether Units of the fund would be a prohibited investment under the Tax Act in their particular circumstances.

Item 7 Compensation Paid to Dealers

Upfront Sales Charge

No acquisition charge is payable to the Manager in respect of orders to purchase Units of the Fund, however registered dealers (each a "Dealer") selling Units of the Fund may charge an up front fee to investors of up to 5% of the total subscription amount.

Trailer Fees

The Manager will pay a monthly fee (the "Trailer Fee") to Dealers to compensate the Dealers for ongoing services to their clients in respect of an investment in the Fund. The Trailer Fee is calculated based upon a percentage of the average daily value of the Units of the Fund held by the clients of the Dealers. The Trailer Fee will be paid at a rate of up to 1.00% per annum.

Item 8 Risk Factors

An investment in the Fund involves significant risks. Investors should consider the following risk factors before investing.

Issuer Risks:

General. Investing in the Fund entails certain risks and is only suitable for investors who understand and are capable of bearing the risks of an investment in the Fund. An investment in the Fund is not intended as a complete investment program. All investments in securities, loans and other debt obligations, mortgages and other financial instruments risk the loss of invested capital. Likewise, there is a risk that an investment in the Fund will be lost entirely or in part. There is no assurance that the Fund will achieve its overall investment objective. Prospective investors should carefully consider the following risk factors, which do not purport to be a complete list of the potential risks and conflicts of interest involved in an investment in the Fund. The NAVPU will vary directly with the market value and return of the investment portfolio of the Fund.

Lack of Insurance. The assets of the Fund are not insured by any government or private insurer except to the extent portions may be deposited in bank accounts insured by a government agency such as the Canada Deposit Insurance Corporation or the Federal Deposit Insurance Corporation (United States) or with brokers insured by the Canadian Investor Protection Fund, or the Securities Investor Protection Corporation (United States) and such deposits and securities are subject to such insurance coverage (which, in any event, is limited in amount). Therefore, in the event of the insolvency of a depository or custodian, the Fund may be unable to recover all of its funds or the value of its securities so deposited.

Reliance on Crystal Wealth. The Fund will be dependent on the knowledge and expertise of Crystal Wealth for investment advisory and portfolio management services. There is no certainty that the persons who are currently officers and directors of Crystal Wealth will continue to be officers and directors of Crystal Wealth.

Potential Conflicts of Interest. The Manager may also act in the same or similar capacities in respect of other entities. In that event, it may have responsibility for the management of the assets of other entities at the same time as it is managing the Fund's portfolio and may use the same or different information and trading strategies obtained, produced or utilized in managing the portfolio of the Fund. See Item 3.2 for a discussion of these potential conflicts of interest.

Unitholder Liability. Because of uncertainties in the law relating to trusts such as the Fund, there is a risk that a Unitholder could be held personally liable for obligations of the Fund to the extent that claims are not satisfied out of the assets of the Fund. It is intended that the Fund's operation will be conducted in such a way as to minimize any such risk. In particular, the Manager will follow the investment strategy and process of the Fund and will use its best efforts to avoid such liability being placed upon the Unitholders.

Based upon these measures being adhered to by the Fund, it is considered by the Manager that the risk of Unitholder liability is remote in the circumstances. In any event, the risk of personal liability of Unitholders is minimal in view of the large anticipated equity of the Fund relative to its anticipated indebtedness and liabilities, the Fund's investment approach and the intention that any agreement which is related to the borrowing of money by the Fund or the creation of potential liabilities of the Fund include an express disavowal of liability of Unitholders. In the event that a Unitholder should be required to satisfy any obligation of the Fund, such Unitholder will be entitled to reimbursement from any available assets of the Fund. In order to better protect Unitholders from liability, the Fund may elect, without the consent of its Unitholders, to become subject to any new trust legislation that would limit the liability of Unitholders.

Industry Risks:

Leverage. The Fund may directly or indirectly make use of leveraged investments. The use of leverage may increase the Fund's exposure to the risk of losing its capital investment and expose the Fund to additional current expenses. Also, if the Fund's portfolio value drops to the loan value or less, Unitholders could sustain a total loss of their investment.

No Guaranteed Return. There is no guarantee that an investment in Units will earn any positive return in the short or long term.

Speculative Investments· An investment in the Fund is speculative and is not intended as a complete investment program. A subscription for Units involves a high degree of risk and is suitable only for persons who are able to assume the risk of losing their entire investment. Investors should review closely the investment objective and investment strategies to be utilized by the Fund as outlined herein to familiarize themselves with the risks associated with an investment in the Fund. The Manager believes that an investor with a long investment time horizon or substantial net worth is best suited to invest in the Fund.

Redemption Risk: Substantial redemptions of Units could require the Fund to liquidate positions more rapidly than otherwise desirable to raise the necessary cash to fund redemptions and achieve a market position appropriately reflecting a smaller asset base. Such factors could adversely affect the value of the Units redeemed and of the Units that remain outstanding.

Legal, Tax and Regulatory Risks. Legal, tax and regulatory changes may occur that could adversely affect the Fund or the Unitholders.

Marketability of Units. There is currently no market through which the Units may be sold nor is one expected to develop. Redemptions are permitted only as described herein and there are circumstances in which the Fund may suspend redemptions. Accordingly, Units of the Fund may not be appropriate for investors seeking greater liquidity. Also, Units are only transferable in limited circumstances with the approval of Crystal Wealth.

Investment Risks:

Performance and Marketability of Underlying Securities. The NAVPU will vary in accordance with the value and the currency of the securities and other investments (including debts) held in the Fund's portfolio. There is a small and limited market in which some of the securities acquired by the Fund can be sold and, accordingly, there is no assurance that the securities acquired by the Fund can be sold for the values used to calculate the NAVPU.

Nature of the Investments. Investments in debts are relatively illiquid. This illiquidity will limit the Fund's ability to vary its portfolio promptly in response to changing economic or investment conditions.

Inability of Borrower to Pay. The Fund's income and funds available for distribution to Unitholders would be adversely affected if a significant number of Borrowers were unable to pay their obligations to the Fund or if the Fund was unable to invest its funds in debts on economically favourable terms or in a timely manner. On default by the Borrower, the Fund may experience delays in enforcing its rights as lender and may incur substantial costs in protecting its investment. The Fund may be unable to recover investment amounts lost on default of a Borrower.

Bankruptcy Remoteness. If any of the persons from whom the fund purchases debt obligations, currently Media House Capital, (the "loan originator") becomes subject to bankruptcy proceedings and if a court in the bankruptcy proceedings concludes that the sale from the loan originator to the Fund was not a "sale", then the Fund could experience losses or delays in the parent payments due pursuant to the debt obligations. While care is generally taken in structuring the transaction so as to minimize the risk of the sale to the Fund not being construed as a "true sale", there is no guarantee such structuring will be effective.

Risk of Co-mingling. To the extent that any funds received by the administrator of the loans is commingled with its own funds, the Fund may be exposed to a potential loss if the administrator fails to remit such funds to the Fund. In order to minimize this risk, the payments on the debt obligations and the distributions thereof are usually administered by a collection agent, an independent third party so the Fund receives the payments of interest and principal directly from the collection agent rather than from the administrator.

Distribution Rights The Fund's primary collateral is from unsold territory (distribution) rights, so the Fund will require that it is the first party paid out of proceeds of the sale of distribution rights from these territories. The value of this collateral is dependent on the ability to sell or license the distribution rights. The motion picture or television series may not be purchased for distribution or the expected returns or projections may not be as high as predicted. The sale of motion pictures or television series is a very unpredictable business, and the ability of a production company to produce a film of a quality sufficient to generate sales is unproven and depends upon the exercise of subjective judgments by the producers of the project, the MPSC, and sales agents utilized by the production company and the distributors to whom the production company will offer the project. Accordingly, it is possible that productions will not attract the interest of prospective purchasers and the Fund may lose the full amount of its investment in the debt obligation. Also, since the Film or production may be distributed worldwide, it is subject to risks associated with the collection, administration and enforcement of the debt obligations in other jurisdictions. To mitigate such risks, a collection agent is usually engaged. A collection agent will manage the collection of the foreign receipts and distribute them to the Fund and any other financiers entitled thereto. The creditworthiness and enforceability of the debt obligation in foreign territories remains a risk of the Fund.

Motion Picture and Television Series Production Risks. The film production industry is affected by changes in consumer preferences and by national, regional, and local economic conditions and demographic trends. Discretionary spending priorities, consumer preference and tastes, critical reviews, word of mouth, accidents of chance involving lead actors or personalities, and the type, number, and screenings of competing films will directly affect the success of a film. While the initial principal and interest of the investment is collateralized through various assets and security, changes in any of the above factors could adversely affect box office and ancillary markets performance, resulting in lower than expected returns due to changing market values, prices and higher default rates and also resulting in no returns in connection with the Fund's potential participation in profits.

Copyrights, Trademarks, Licenses. Copyrights, trademarks, licenses, etc. are an important part of the film business. Other parties may assert intellectual property infringement claims against a motion picture and may prevail. The Fund will either alone or through others, including MHC, conduct due diligence to try to ensure a clean chain of title for each motion picture or television series underlying each debt obligation it purchases. However, it is possible that, if other parties were to assert intellectual property infringement claims against the motion picture or television series, the production company could be required to engage in protracted and costly litigation, regardless of the merits of such claims, discontinue the use of certain components of the screenplay, develop replacement components, or enter into license arrangements with respect to the disputed intellectual property. The production company may not be able to develop alternative components and any necessary licenses may not be available or available on commercially reasonable terms. Responding to and defending against any of these claims could have a material adverse effect on the underlying business, results of operations and financial condition. While the initial principal and interest of the investment is collateralized through various assets and security, changes in any of the above factors could adversely affect the value and security of the assets and film productions.

Options and Other Derivative Investments. The Fund may purchase and sell options or enter into other derivative transactions that derive their value from movement in the price of other underlying securities. Such transactions may be used both for hedging purposes and to increase the possibility of achieving gains from any level of movement in the price of the underlying securities or groups of securities. The potential for greater gains, however, is inevitably accompanied by the increased risk of loss.

Use of derivative instruments in general presents additional risks. When used for hedging purposes, an imperfect or variable degree of correlation between price movements of the derivative instrument and the underlying investment sought to be hedged may prevent the Fund from achieving the intended hedge effect or expose the Fund to the risk of loss. In addition, derivative instruments may not be liquid in all circumstances, so that in volatile markets the Fund may not be able to close out a position without incurring a loss.

Although exchanges attempt to provide continuously liquid markets in which holders and writers of options can close out their positions at any time prior to the expiration of the option, there is no assurance that such a market will exist at all times for all outstanding options purchased or sold. If an options market were to become unavailable, the Fund could be unable to realize its profits or limit its losses until it could exercise options it holds, and the Fund would remain obligated until options it wrote were exercised or expired. As the Manager has restricted the Fund's investment in derivatives to include only exchange-traded contracts, there is no counterparty risk. Furthermore, the exchanges on which the derivative contracts are traded may set daily trading limits, preventing the Fund from closing out a particular contract. If an exchange halts trading in any particular derivative contract, the Fund may not be able to close out its position in that contract.

Net Asset Value and Estimated Values. A portion of the calculation of the net asset value of the Fund could be based on estimated values provided by underlying funds. These estimated values are, in turn, based on values attributed to the underlying investments held in such funds, which investments may be illiquid and may trade infrequently or not at all. No adjustments will be made to the number of Units purchased or redeemed by an investor in a Fund because of the use of estimated values in determining the net asset value of a Fund, even if the estimated values that are used in calculating such net asset value are subsequently determined to differ significantly from the final values eventually obtained in respect of the underlying funds.

Lack of Suitable Investments. The ability of the Manager to make investments in accordance with the Fund's objectives and investment policies depends upon the availability of suitable investments and the amount of funds available. There can be no assurance that debts with suitable yields to meet the Fund's objective will be available.

Another factor that could influence the availability of suitable debts and the yields available thereon is the amount of competition that may enter this lending area during the coming years. While the Manager does not anticipate a significant increase in competition in the markets in which it intends to invest, there can be no assurance that it will not happen.

Failure to Meet Commitments. The Fund may commit to investing in future debts in anticipation of repayment of principal outstanding under existing debt investments. In the event that such repayments of principal are not made, the Fund may be unable to advance some or all of the funds required pursuant to the terms of its investment commitments, and consequently, the Fund may face liability in connection with its failure to fulfil such commitments.

Foreign Exchange Risk. The Fund may invest in debt obligations in foreign currencies. Accordingly, investors in the Fund may incur foreign current currency exposures that may have a positive or negative impact on the value of their investment. The Manager may, from time to time and in its sole discretion, use exchange traded derivatives to hedge the currencies to which the Fund is exposed.

Film Completion Risk. The Fund will invest in debt obligations during the production stage of the films and prior to completion. There is a risk that a film may not be completed due to various factors, including acts of god, force majeure, unfunded over-budgets and other unforeseen events. If the film is not completed, the Fund will lose its investment in the associated debt obligation. Some of these risks may be covered by insurance and the Fund will benefit from some or all of such proceeds. In other cases, a completion bond may be in place that may cover the completion and delivery risks. However, not all the investments will have the benefit of such completion bonds due to the additional financial costs of such bonds. In such cases, the Manager looks to the producer's track record and the ability by MHC to monitor the investments to help mitigate this risk.

Limited Recourse Risk. The Fund will invest in debt obligations. These investments are recouped by the Fund primarily through film production companies specifically set up for that film production. The production company may have limited or no other assets to collateralize the return. In certain circumstances, the debt obligation may carry some form of collateral guarantee from the production company's related or parent company, which would mitigate this risk. The Manager also looks to the producer's track record and ensures that the Fund is not financing all of the production costs to mitigate this risk.

Tax Credits and Government Rebates. As a secondary collateral, the Fund can sometimes benefit from returns from various tax credits and government rebates. There is a risk that government programs will change or, for other reasons, these tax credits and rebates will be unavailable. Also, there is a risk of

defaults on the debt obligation by not completing the film, or may otherwise be ineligible to apply or obtain such tax credits or government rebates. There is also a risk that the government programs and tax rebates are cancelled. In addition, a collateral assignment of a tax credit is not enforceable against the Crown and there is an inherent risk of collection.

Item 9 Reporting Obligations

If a Unitholder has purchased Units through a Dealer, the Dealer is obliged to provide the Unitholder with account statements regarding their investment in the Fund. Unitholders who have purchased the Fund directly from the Manager will receive an annual and semi-annual account statement showing the Units held by them and any transactions for the preceding period. Investors who purchase Units directly from the Manager will also receive confirmation of their trade from the Manager.

In addition, Unitholders will receive the applicable tax form(s) identifying the Unitholder's distributions (including dividends from taxable Canadian corporations, returns of capital, taxable capital gains, capital gains dividends and foreign source income and other income) and, if applicable, the Unitholder's share of the Fund's foreign taxes paid for such year.

The fiscal year end of the Fund is December 31. Unitholders will be sent audited annual financial statements and unaudited semi-annual financial statements.

Item 10 Resale Restrictions

Units of the Fund are not transferable without the prior written consent of Crystal Wealth, which consent may be withheld in its discretion and under no circumstances may Units be transferred to or acquired by a person who would be a "designated beneficiary" for purposes of Part XII.2 of the Tax Act. Even if such consent is obtained, applicable Canadian securities laws provide that if securities are purchased under a prospectus exemption, such as will be the case with Units of the Fund, those securities may not be freely resold until the expiration of a statutory hold period, which generally runs from the date the issuer of the securities becomes a "reporting issuer" under such legislation.

As a result, it may be that investors will not be able to freely resell Units of the Fund even in the circumstances permitted by the terms of the Declaration of Trust and will only be permitted to transfer Units in reliance upon an applicable statutory prospectus exemption or pursuant to discretionary relief granted by an applicable Canadian securities administrator. Furthermore, as there is no public market for Units of the Fund, it may be difficult or even impossible for an investor to sell Units even if the statutory hold period has expired, a prospectus exemption is available or discretionary relief of Canadian securities administrators is granted.

Notwithstanding these resale restrictions, Units of the Fund are fully redeemable from the Fund at the calculated NAVPU as described above in this Offering Memorandum.

10.1 *General Statement*

For trades in Alberta, British Columbia, New Brunswick, Newfoundland and Labrador, Northwest Territories, Nova Scotia, Nunavut, Ontario, Prince Edward Island, Québec, Saskatchewan and Yukon:

These Units will be subject to a number of resale restrictions, including a restriction on trading. Until the restriction on trading expires, you will not be able to trade the Units unless you comply with an exemption from the prospectus and registration requirements under securities legislation.

10.2 *Restricted Period*

For trades in Alberta, British Columbia, New Brunswick, Newfoundland and Labrador, Northwest Territories, Nova Scotia, Nunavut, Ontario, Prince Edward Island, Québec, Saskatchewan and Yukon:

Unless permitted under securities legislation, you cannot trade the Units before the date that is 4 months and a day after the date the Fund becomes a reporting issuer in any province or territory of Canada. As the Fund is not currently a reporting issuer in any province or territory of Canada, and does not contemplate becoming a reporting issuer, the statutory hold period could be indefinite.

10.3 *Manitoba Resale Restrictions*

Unless permitted under securities legislation, you must not trade the Units without the prior written consent of the regulator in Manitoba unless:

(a) the Fund has filed a prospectus with the regulator in Manitoba with respect to the Units you have purchased and the regulator in Manitoba has issued a receipt for that prospectus, or

(b) you have held the Units for at least 12 months.

The regulator in Manitoba will consent to your trade if the regulator is of the opinion that to do so is not prejudicial to the public interest.

Item 11 Anti-Terrorism and Anti-Money Laundering Legislation

The Manager is required to comply with all applicable laws, regulations and administrative pronouncements concerning money laundering and other criminal activities ("Anti-Money Laundering Laws"), which includes implementing specific measures to detect and deter money laundering and financing of terrorist activity. Unitholders may be required to provide additional information regarding the Unitholder or their beneficial owner(s) or other information that the Manager deems necessary or advisable to ensure compliance with all Anti-Money Laundering Laws. Additional information is in the subscription agreement.

If the Manager is aware or suspects that a unitholder is engaged in money laundering or if otherwise required by Anti-Money Laundering Laws, the Manager may undertake appropriate actions to ensure that the Fund or the Manager are in compliance with all such Anti-Money Laundering Laws. The Fund or the Manager may release confidential information about a Unitholder and, if applicable, any underlying beneficial owner(s), to governmental authorities. This reporting will not be a breach of privacy laws or otherwise as it is required by law.

Item 12 Purchasers' Rights

If you purchase these Units you will have certain rights, some of which are described below. For information about your rights you should consult a lawyer.

Two-Day Cancellation Right. Purchasers may cancel their agreement to purchase the Units. To do so, a subscriber must send a notice to the Manager by midnight on the 2nd business day after the subscriber signs the Subscription Agreement to buy Units of the Fund.

Statutory Rights of Action in the Event of a Misrepresentation

Securities legislation in certain of the provinces and territories of Canada provides purchasers or requires purchasers to be provided with a remedy for rescission or damages where an offering memorandum and any amendment to it contains a Misrepresentation.

Generally, a "misrepresentation" means an untrue statement about a material fact or the failure to disclose a material fact that is required to be stated or that is necessary in order to make a statement not misleading in light of the circumstances in which it was made and a "material fact" means a fact that significantly affects, or would reasonably be expected to have a significant effect on, the market price or value of the Units. The meaning of "misrepresentation" and "material fact" may differ slightly depending on the law in your jurisdiction. In most jurisdictions there are defences available to the persons or companies that you may have a right to sue. In particular, in many jurisdictions, the person or company that you sue, will not be liable if you knew of the misrepresentation when you purchased the securities. These remedies, or notice with respect thereto, must be exercised, or delivered, as the case may be, by the purchaser within the time limit prescribed by the applicable securities legislation.

These rights are in addition to any other right that a purchaser may have at law.

Rights for Investors in Ontario

If this Offering Memorandum, together with any amendment hereto, is delivered to an investor resident in Ontario and contains a Misrepresentation, without regard to whether the Misrepresentation was relied upon by the investor, the investor will have a right of action against the Fund for damages or, alternatively, while still the owner of the purchased Units, for rescission, provided that:

1. no action may be commenced to enforce a right of action:

   (a) for rescission more than 180 days after the date of the purchase; or

   (b) for damages more than the earlier of (i) 180 days after the investor first had knowledge of the facts giving rise to the cause of action, or (ii) three years after the date of purchase;

2. in an action for damages, the Fund will not be liable for all or any portion of the damages that it proves do not represent the depreciation in value of the Units as a result of the Misrepresentation;

3. in no case shall the amount recoverable exceed the price at which the Units were sold to the investor; and

4. the Fund will not be liable for a Misrepresentation in forward-looking information if the Fund proves that:

   (i) this Offering Memorandum contains, proximate to the forward-looking information, reasonable cautionary language identifying the forward-looking information as such, and identifying material factors that could cause actual results to differ materially from a conclusion, forecast or projection in the forward-looking information, and a statement of

material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection set out in the forward-looking information; and

(ii) the Fund had a reasonable basis for drawing the conclusions or making the forecasts and projections set out in the forward-looking information.

There are various defences available to the persons or companies that you have a right to sue. For example, the Fund will not be liable if it proves that the investor purchased the Units with knowledge of the Misrepresentation.

Rights for Investors in British Columbia, Alberta, Prince Edward Island, Northwest Territories, Nunavut and Yukon

If this Offering Memorandum, together with any amendment hereto, is delivered to an investor resident in British Columbia, Alberta, Prince Edward Island or Yukon and contains a Misrepresentation and it was a Misrepresentation at the time of purchase, the investor will be deemed to have relied upon the Misrepresentation and will have a right of action against the Fund, every director of the Fund (if applicable) at the date of this Offering Memorandum and every person who signed this Offering Memorandum for damages or, alternatively, while still the owner of the Units, for rescission against the Fund, provided that:

1. no action may be commenced to enforce a right of action:

   (a) for rescission more than 180 days after the date of the purchase; or

   (b) for damages more than the earlier of (i) 180 days after the investor first had knowledge of the facts giving rise to the cause of action, or (ii) three years after the date of purchase;

2. no person or company (but excluding the Fund) will be liable if the person or company proves that (i) the Offering Memorandum was sent (or, in British Columbia only, delivered) to the investor without the person's or company's knowledge or consent and that, on becoming aware of its delivery, the person or company promptly gave reasonable notice (or for persons or companies in British Columbia only, gave written notice) to the Fund that it was sent (or, in British Columbia only, delivered) without the person's or company's knowledge or consent, (ii) on becoming aware of any Misrepresentation in the Offering Memorandum, the person or company withdrew the person's or company's consent to the Offering Memorandum and gave reasonable notice (or for persons or companies in British Columbia only, gave written notice) to the Fund of the withdrawal and the reason for it, or (iii) with respect to any part of the Offering Memorandum purporting to be made on the authority of an expert or to be a copy of, or an extract from, a report, an opinion or a statement of an expert, the person or company had no reasonable grounds to believe and did not believe that there had been a Misrepresentation, or the relevant part of the Offering Memorandum did not fairly represent the report, opinion or statement of the expert, or was not a fair copy of, or an extract from, the report, opinion or statement of the expert;

3. no person or company (but excluding the Fund) will be liable with respect to any part of the Offering Memorandum not purporting to be made on the authority of an expert, or to be a copy of, or an extract from, a report, opinion or statement of expert unless the person or company (i) failed to conduct a reasonable investigation (or for investors resident in Alberta only, an investigation) to provide reasonable grounds for a belief that there had been no Misrepresentation, or (ii) believed that there had been a Misrepresentation;

4. in an action for damages, the defendant will not be liable for all or any portion of the damages that the defendant proves does not represent the depreciation in value of the Units as a result of the Misrepresentation;

5. in no case shall the amount recoverable exceed the price at which the Units were sold to the investor; and

6. no person or company will be liable for a Misrepresentation in forward-looking information if the person or company proves that:

   (i) this Offering Memorandum contains, proximate to the forward-looking information, reasonable cautionary language identifying the forward-looking information as such, and identifying material factors that could cause actual results to differ materially from a conclusion, forecast or projection in the forward-looking information, and a statement of material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection set out in the forward-looking information; and

   (ii) the person or company had a reasonable basis for drawing the conclusions or making the forecasts and projections set out in the forward-looking information.

There are various defences available to the persons or companies that you have a right to sue. For example, the Fund will not be liable if it proves that the investor purchased the Units with knowledge of the Misrepresentation

Rights for Investors in Saskatchewan

If this Offering Memorandum, together with any amendment hereto, is sent or delivered to an investor resident in Saskatchewan and contains a Misrepresentation at the time of purchase, the investor is deemed to have relied upon that Misrepresentation and will have a right for damages against the Fund, every promoter and director of the Fund (as the case may be), every person or company who signed this Offering Memorandum and every person or company who sells Units on behalf of the Fund, or alternatively, while still the owner of the purchased Units, for rescission against the Fund, provided that:

1. no action shall be commenced to enforce the foregoing rights:

   (a) in the case of an action for rescission, more than 180 days after the date of the transaction that gave rise to the cause of action; or

   (b) in the case of any action, other than an action for rescission, the earlier of (i) one year after the investor first had knowledge of the facts giving rise to the cause of action, or (ii) six years after the date of the transaction that gave rise to the cause of the action;

2. no person or company (excluding the Fund) will be liable if the person or company proves that (i) the Offering Memorandum was sent or delivered without the person's or company's knowledge or consent and that, on becoming aware of its sending or delivery, the person or company immediately gave reasonable general notice to the Fund that it was sent or delivered without the person's or company's knowledge, (ii) on becoming aware of any Misrepresentation, the person or company withdrew the person's or company's consent to the Offering Memorandum and gave reasonable general notice to the Fund of the withdrawal and the reason for it, or (iii) with respect to any part of the Offering Memorandum purporting to be made on the authority of an expert or to be a copy of, or an extract from, a report, an opinion or a statement of an expert, the person or

company had no reasonable grounds to believe and did not believe that there had been a Misrepresentation, or the relevant part of the Offering Memorandum did not fairly represent the report, opinion or statement of the expert, or was not a fair copy of or extract from the report, opinion or statement of the expert;

3. no person or company (but excluding the Fund) will be liable with respect to any part of the Offering Memorandum not purporting to be made on the authority of an expert, or to be a copy of or an extract from a report, opinion or statement of an expert, unless the person or company failed to conduct a reasonable investigation sufficient to provide reasonable grounds for a belief that there had been no Misrepresentation, or believed there had been a Misrepresentation; and

4. in no case shall the amount recoverable exceed the price at which the Units were sold to the investor.

There are various defences available to the persons or companies that you have a right to sue. For example, the Fund will not be liable if it proves that the investor purchased the Units with knowledge of the Misrepresentation

A subscriber resident in Saskatchewan who has delivered a subscription for Units and who receives an amendment to this Offering Memorandum that discloses a material change in the affairs of the Fund or a change in the terms or conditions of the offering as described in this Offering Memorandum, that occurred or arose before the subscription has been accepted, may within two business days of receiving the amendment deliver a notice to the Manager or agent through whom the Units are being purchased indicating the subscriber's intention not to be bound by the Subscription Agreement.

Rights for Investors in Manitoba

In the event that this Offering Memorandum or any amendment hereto contains a Misrepresentation, an investor is deemed to have relied on the Misrepresentation and has a right of action for damages against the Fund, every director of the Fund at the date of the Offering Memorandum and every person or company who signed the Offering Memorandum, or alternatively, while still the owner of the purchased Units, a right of rescission against the Fund, provided that:

1. no action may be commenced to enforce a right of action:

   (a) for rescission more than 180 days after the date of the purchase; or

   (b) for damages, the earlier of (i) 180 days after the investor first had knowledge of the facts giving rise to the cause of action, or (ii) two years after the date of the purchase;

2. no person or company (but excluding the Fund) will be liable if the person or company proves that (i) the Offering Memorandum was sent to the investor without the person's or company's consent, and that, after becoming aware of it being sent, the person or company promptly gave reasonable notice to the Fund that it was sent without the person's or company's knowledge or consent, (ii) on becoming aware of the Misrepresentation, the person or company withdrew their respective consent to the Offering Memorandum and gave reasonable notice to the Fund of the withdrawal and the reason for it, or (iii) with respect to any part of the Offering Memorandum purporting to be made on the authority of an expert or to be a copy of, or an extract from, an expert's report, opinion or statement, the person or company proves that they had no reasonable grounds to believe and did not believe that there had been a Misrepresentation, or the relevant

part of the Offering Memorandum did not fairly represent the expert's report, opinion or statement, or was not a fair copy of, or an extract from, the expert's report or statement;

3. no person or company (excluding the Fund) will be liable with respect to any part of the Offering Memorandum not purporting to be made on the authority of an expert and not purporting to be a copy of , or an extract from, an expert's report, opinion or statement, unless the person or company did not conduct an investigation sufficient to provide reasonable grounds for a belief that there had been on Misrepresentation, or believed that there had been a Misrepresentation;

4. in an action for damages, the defendant will not be liable for all or any portion of the damages that the defendant proves does not represent the depreciation in value of the Units as a result of the Misrepresentation;

5. in no case shall the amount recoverable exceed the price at which the Units were sold to the investor; and

6. no person or company will be liable for a Misrepresentation in forward-looking information if the person or company proves that:

   (i) this Offering Memorandum contains, proximate to the forward-looking information, reasonable cautionary language identifying the forward-looking information as such, and identifying material factors that could cause actual results to differ materially from a conclusion, forecast or projection in the forward-looking information, and a statement of material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection set out in the forward-looking information; and

   (ii) the person or company had a reasonable basis for drawing the conclusions or making the forecasts and projections set out in the forward-looking information.

There are various defences available to the persons or companies that you have a right to sue. For example, the Fund will not be liable if it proves that the investor purchased the Units with knowledge of the Misrepresentation

Rights for Investors in Québec

Legislation has been adopted in Québec, but is not yet in force, that will provide investors with a statutory right to sue (if proclaimed in force). Until such time as this legislation is in force, in addition to any other right or remedy available to an investor under ordinary civil liability rules, investors are granted the same rights of action for damages or rescission as investors in Ontario who purchase Units.

If and when this legislation comes into force, then investors will no longer have the rights granted to investors in Ontario and instead, if this Offering Memorandum, together with any amendment hereto, delivered to an investor resident in Québec contains a Misrepresentation, the investor will have a right of action for damages against the Fund, every officer and director of the Fund (if applicable), the dealer (if any) under contract to the Fund and any expert whose opinion, containing a Misrepresentation, appeared, with the expert's consent in this Offering Memorandum, or alternatively, a right of action against the Fund for rescission of the purchase contract or revision of the price at which the Units were sold to the investor, provided that:

1. no action may be commenced to enforce a right of action:

(a) for rescission or revision of price more than three years after the date of the purchase; or

(b) for damages later than the earlier of (i) three years after the investor first had knowledge of the facts giving rise to the cause of action, except on proof of tardy knowledge imputable to the negligence of the investor, or (ii) five years from the filing of the Offering Memorandum with the *Autorité des marches financiers*.

2. no person or company (but excluding the Fund) will be liable if it proves that in an action for damages, it acted prudently and diligently; and

3. no person or company will be liable for a Misrepresentation in forward-looking information if the person or company proves that:

(a) this Offering Memorandum contains, proximate to the forward-looking information, reasonable cautionary language identifying the forward-looking information as such, and identifying material factors that could cause actual results to differ materially from a conclusion, forecast or projection in the forward-looking information, and a statement of material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection; and

(b) there was a reasonable basis for drawing the conclusion or making the forecasts and projections set out in the forward-looking information.

There are various defences available to the persons or companies that you have a right to sue. For example, the Fund will not be liable if it proves that the investor purchased the Units with knowledge of the Misrepresentation

Rights for Investors in New Brunswick

If the Offering Memorandum, together with any amendment thereto, delivered to an investor resident in New Brunswick contains a Misrepresentation that was a Misrepresentation at the time of purchase, the investor will be deemed to have relied on the Misrepresentation and will have a right of action against the Fund, for damages or, alternatively, while still the owner of the purchased Units, for rescission, provided that:

1. no action may be commenced to enforce a right of action:

(a) for rescission more than 180 days after the date of the purchase; or

(b) for damages more than the earlier of (i) one year after the investor first had knowledge of the facts giving rise to the cause of action, and (ii) six years after the date of purchase;

2. in an action for damages, the Fund will not be liable for all or any portion of the damages that it proves do not represent the depreciation in value of the Units as a result of the Misrepresentation relied upon; and

3. in no case shall the amount recoverable exceed the price at which the Units were sold to the investor.

4. No person will be liable for a Misrepresentation in forward-looking information if the person proves that:

(a) This Offering Memorandum contains, proximate to the forward-looking information, reasonable cautionary language identifying the forward-looking information as such, and identifying material factors that could cause actual results to differ materially from a conclusion, forecast or projection in the forward-looking information, and a statement of the material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection set out in the forward-looking information; and

(b) There was a reasonable basis for drawing the conclusions or making the forecasts and projections set out in the forward-looking information.\

There are various defences available to the persons or companies that you have a right to sue. For example, the Fund will not be liable if it proves that the investor purchased the Units with knowledge of the Misrepresentation.

Rights for Investors in Nova Scotia

In Nova Scotia, in the event that this Offering Memorandum, together with any amendment hereto or any advertising or sales literature (as defined in the Securities Act (Nova Scotia) (the "Nova Scotia Act")), contains a Misrepresentation and it was a Misrepresentation at the time of purchase, the investor resident in Nova Scotia will be deemed to have relied upon the Misrepresentation and will have a right of action against the Fund, every director of the Fund (if applicable) at the date of this Offering Memorandum and every person who signed this Offering Memorandum for damages or, alternatively, while still the owner of the purchased Units, for rescission against the Fund, provided that:

1. no action may be commenced to enforce a right of action more than 120 days:

   (a) after the date on which payment was made for the Units or;

   (b) after the date on which the initial payment was made;

2. no person or company (but excluding the Fund) will be liable if the person or company proves that (i) the Offering Memorandum or amendment to the Offering Memorandum was sent or delivered to the investor without the person's or company's knowledge or consent and that, on becoming aware of its delivery, the person or company gave reasonable general notice that it was delivered without the person's or company's knowledge or consent, (ii) after delivery of the Offering Memorandum and before the purchase of the Units by the investor, on becoming aware of any Misrepresentation in the Offering Memorandum or amendment to the Offering Memorandum, the person or company withdrew the person's or company's consent to the Offering Memorandum and gave reasonable general notice of the withdrawal and the reason for it, or (iii) with respect to any part of the Offering Memorandum or amendment to the Offering Memorandum purporting to be made on the authority of an expert or to be a copy of, or an extract from, a report, an opinion or a statement of an expert, the person or company had no reasonable grounds to believe and did not believe that there had been a Misrepresentation, or the relevant part of the Offering Memorandum did not fairly represent the report, opinion or statement of the expert, or was not a fair copy of, or an extract from, the report, opinion or statement of the expert;

3. no person or company (but excluding the Fund) will be liable with respect to any part of the Offering Memorandum not purporting to be made on the authority of an expert, or to be a copy, or an extract from, a report, opinion or statement of expert unless the person or company failed to conduct a reasonable investigation to provide reasonable grounds for a belief that there had been no Misrepresentation, or believed that there had been a Misrepresentation;

4. in an action for damages, the defendant will not be liable for all or any portion of the damages that the defendant proves does not represent the depreciation in value of the Units as a result of the Misrepresentation relied upon; and

5. in no case will the amount recoverable in any action exceed the price at which the Units were sold to the investor.

6. No person or company will be liable for a Misrepresentation in forward-looking information if the person or company proves that:

   (c) This Offering Memorandum contains, proximate to the forward-looking information, reasonable cautionary language identifying the forward-looking information as such, and identifying material factors that could cause actual results to differ materially from a conclusion, forecast or projection in the forward-looking information, and a statement of the material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection set out in the forward-looking information; and

   (d) There was a reasonable basis for drawing the conclusions or making the forecasts and projections set out in the forward-looking information.

There are various defences available to the persons or companies that you have a right to sue. For example, the Fund will not be liable if it proves that the investor purchased the Units with knowledge of the Misrepresentation

These rights are intended to correspond with the rights against a seller of securities provided in the Nova Scotia Act and the securities regulations thereto and are subject to defences contained therein.

Rights for Investors in Newfoundland

If this Offering Memorandum, together with any amendment hereto, delivered to an investor resident in Newfoundland contains a Misrepresentation and it was a Misrepresentation at the time of purchase, the investor will be deemed to have relied upon the Misrepresentation and will have a right of action for damages against the Fund, a director of the Fund (if applicable) at the date of this Offering Memorandum, and a person or company who signed this Offering Memorandum, or alternatively, while still the owner of the purchased Units, a right for rescission against the Fund, provided that:

1. no action may be commenced to enforce a right of action:

   (a) for rescission more than 180 days after the date of the purchase; or

   (b) for damages more than the earlier of (i) 180 days after the investor first had knowledge of the facts giving rise to the cause of action, or (ii) three years after the date of purchase;

2. no person or company (but excluding the Fund) will be liable if it proves that (i) the Offering Memorandum was sent or delivered to the investor without the person's or company's knowledge or consent and that, on becoming aware of its sending or delivery, the person or company gave reasonable general notice that it was sent or delivered without the person's or company's knowledge or consent, (ii) after the sending or delivery of the Offering Memorandum and before the purchase of the Units by the investor, on becoming aware of any Misrepresentation in the Offering Memorandum, the person or company withdrew the person's or company's consent to the Offering Memorandum and gave reasonable general notice of the withdrawal and the reason

for it, or (iii) with respect to any part of the Offering Memorandum purporting to be made on the authority of an expert or to be a copy of, or an extract from, a report, an opinion or a statement of an expert, the person or company had no reasonable grounds to believe and did not believe that there had been a Misrepresentation, or the relevant part of the Offering Memorandum did not fairly represent the report, opinion or statement of the expert, or was not a fair copy of, or an extract from, the report, opinion or statement of the expert; and (iv) with respect to any part of the Offering Memorandum not purporting to be made on the authority of an expert and not purporting to be a copy of, or an extract from, a report, opinion or statement of an expert, unless the person or company did not conduct an investigation sufficient to provide reasonable grounds for a belief that there had been no misrepresentation or believed there had been a misrepresentation.

3. in an action for damages, the defendant will not liable for all or any portion of the damages that the defendant proves do not represent the depreciation in value of the Units as a result of the Misrepresentation relied upon; and

4. in no case shall the amount recoverable exceed the price at which the Units were sold to the investor.

5. No person or company will be liable for a Misrepresentation in forward-looking information if the person or company proves that:

   (a) This Offering Memorandum contains, proximate to the forward-looking information, reasonable cautionary language identifying the forward-looking information as such, and identifying material factors that could cause actual results to differ materially from a conclusion, forecast or projection in the forward-looking information, and a statement of the material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection set out in the forward-looking information; and

   (b) There was a reasonable basis for drawing the conclusions or making the forecasts and projections set out in the forward-looking information.

There are various defences available to the persons or companies that you have a right to sue. For example, the Fund will not be liable if it proves that the investor purchased the Units with knowledge of the Misrepresentation

General

The foregoing summaries are subject to any express provisions of the securities legislation of each offering jurisdiction and the regulations, rules and policy statements thereunder and reference is made thereto for the complete text of such provisions.

The rights of action described herein are in addition to and without derogation from any other right or remedy that the purchaser may have at law

Independent Auditor's Report

To the Unitholders of
Crystal Wealth Strategic Yield Media Fund

We have audited the accompanying financial statements of Crystal Wealth Strategic Yield Media Fund (the "Fund"), which comprise the statements of net assets and investments as at December 31, 2011, and the statements of operations and changes in net assets for the period from inception, September 2, 2011 to December 31, 2011, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as at December 31, 2011 and the results of its operations and its changes in net assets for the period from September 2, 2011 to December 31, 2011 in accordance with Canadian generally accepted accounting principles.

Crystal Wealth Strategic Yield Media Fund
Notes to Financial Statements

December 31, 2011

1. The Fund

Crystal Wealth Strategic Yield Media Fund (the "Fund") is an open-ended unit trust formed under the laws of the Province of Ontario on September 2, 2011 by an amendment to a Master Declaration of Trust dated as of April 12, 2007, as amended and restated as of December 17, 2007.

Crystal Wealth Management System Limited is the promoter, trustee, manager ("Manager"), and portfolio advisor of the Fund.

The Fund is not a reporting issuer under securities legislation and therefore is relying on Part 2.11 of National Instrument 81-106 for exemption from the requirement to file financial statements with the applicable securities regulatory authorities.

2. Investment Objective

The investment objective of the Fund is to provide a high level of interest income with minimal volatility and low correlation to most traditional asset classes by investing in asset-backed debt obligations of motion pictures and series television productions.

3. Significant Accounting Policies

These financial statements are prepared in accordance with Canadian generally accepted accounting principles ("GAAP"), and the significant accounting policies are summarized below:

(a) Valuation of investments

Investments are deemed to be categorized as held-for-trading and are recorded at fair value in accordance with the CICA Accounting Handbook *Section 3855. Financial Instruments – Recognition and Measurement* ("Section 3855").

Investments in film production loans are valued at their fair value using the prevailing rate of return on loans of similar type and term. As a result film production loans are recorded at outstanding principal which approximates fair value.

Other investments which are traded in active markets are measured based on the bid price for long securities and the ask price for securities sold short. Securities with no bid/ask price are valued at their closing sale prices. The fair value of the investment funds is measured based on the closing price for such securities.

If management determines the amounts outstanding are uncollectible the film production loan is withdrawn or a provision is made against it. Any provision is included as a loan impairment loss in the Statement of Operations.

The Fund continues to calculate its net asset value for pricing purposes ("Transactional NAV") using closing prices of securities as permitted by National Instrument 81-106. As at December 31, 2011, Transactional NAV approximated GAAP Net Assets.

Crystal Wealth Strategic Yield Media Fund
Notes to Financial Statements

December 31, 2011

3. Significant Accounting Policies - (Continued)

(b) Investment transactions and income recognition

Investment transactions are accounted for on the date that an order is executed. Income from investments is recognized on an accrual basis and all transaction costs relating to the purchases and sales of investments are charged to net income in the period.

(c) Futures contracts

The value of a futures contract included in investments is the gain or loss that would be realized if, on that date, the position in the futures contract was closed out. The unrealized gains or losses on futures contracts are reported as part of unrealized gains or losses on investments until the contracts are closed out. Realized gains and losses from futures contracts are included in realized gains or losses on futures contracts. The margins on deposit with brokers relating to futures contracts are included in cash.

(d) Foreign currency translation

The fair value of investments and other assets and liabilities denominated in foreign currencies are translated into Canadian dollars at the rate of exchange prevailing on the year end date. The proceeds from sale of investments and investment income in foreign currencies are translated into Canadian dollars at the approximate rate of exchange prevailing on the dates of such transactions.

(e) Increase in net assets from operations per unit

Increase in net assets from operations per unit in the Statement of Operations represents the increase in net assets from operations, divided by the weighted average number of units outstanding during the period.

(f) Valuation of fund units

The Fund's units are issued and redeemed at the net asset value per unit, which is determined as of the close of business each week. The net asset value per unit of the Fund is determined by dividing the total market value of the Fund's net assets by the number of units outstanding.

For each unit sold, the Fund receives an amount equal to the net asset value per unit on the date of sale, which is included in unitholders' equity. Units are redeemable at the option of the unitholders at their net asset value on the redemption date. For each unit redeemed, the number of issued and outstanding units is reduced and the equity in the Fund is reduced by the related net asset value on the date of redemption.

(g) Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from management's best estimates as additional information becomes available in the future. The key area of estimation where management has made a difficult or subjective judgment, often as a result of matters that are inherently uncertain, is valuation of the film production loans. Significant changes in assumptions could materially change the recorded carrying value.

Crystal Wealth Strategic Yield Media Fund

4. Film Production Loans

The Fund entered into a Master Assignment Agreement with Media House Capital (Canada) Corp. ("Media House") on October 6, 2011 whereby the Fund agreed to purchase certain film and series television production loans from Media House. Specific funding under this agreement is provided under the respective Supplement agreements.

The initial term of each loan has an accelerated call provision at 18 months and a maturity date of no longer than 30 months and is renewable only with the consent of the Fund.

In addition to the interest earned on the respective loan balances, the Fund may be entitled to a profit participation on the film production loans.

The Fund has first position security on the loans, unless the Fund agrees to the subordination of the films to other lenders.

As a condition of financing, the Fund is granted general and continuing security over the loans whereby it is provided a security interest in the present and future undertaking and property of the production, including all assets, rights and future production revenues, subject to any subordination of the loans that the Fund may have entered into. The security provided however, may not be sufficient to cover the outstanding principal of the loans in the event of a default.

5. Taxation

The Fund qualifies as a "quasi mutual fund trust" within the meaning of the Income Tax Act (Canada). The Fund is subject to applicable federal and provincial taxes on the amounts of its net income for tax purposes for the period, including net realized taxable capital gains, to the extent such net income for tax purposes has not been paid or made payable to unitholders in the period.

No provision for income taxes is recorded in the financial statements as all income and net realized capital gains are distributed to the unitholders.

6. Unitholders' Equity

The Fund is authorized to issue an unlimited number of units, which are sold and redeemable at the then current net asset value per unit at the option of the unitholder. The following units were sold and redeemed during the period:

Units issued	464,310
Units issued on reinvestment	16,322
Units redeemed	(24,970)
Units outstanding, end of period	455,662

7. Management Fees and Expenses

(a) Management fees

Pursuant to the management agreement between the Fund and the Manager, the Manager is to provide management and investment advisor services to the Fund. For this service, the Fund agrees to pay the Manager a management fee, which is calculated daily and payable monthly based on an annual rate of 2.00% of the net asset value.

To encourage large investments in the Fund, the Manager may reduce the management fee that would be charged to the Fund in respect of units held by an investor making a large investment. The amount of the reduction is distributed by the Fund (the "Management Fee Distribution") to the investor for whose benefit the fees were reduced. All Management Fee Distributions will be reinvested in additional units unless otherwise requested.

In the period, there were total Management Fee Distributions of $15,171.

(b) Expenses

The Fund pays expenses relating to its operation including professional fees, brokerage commissions, interest and administrative costs relating to the issue and redemption of units as well as the cost of financial and other reports and compliance with all applicable laws, regulations and policies.

8. Distributions to Unitholders

All distributions made by the Fund are automatically reinvested in additional units at the then current net asset value per unit unless a Unitholder elects to receive his or her distributions in cash.

9. Redemption of Units

Unitholders may redeem their units at any time. Redemption requests must be in writing, stating the dollar amount or number of units of the Fund that are to be redeemed. Redemption is based on the net asset value per unit as of the last valuation date.

If unitholders redeem units within 180 days of acquisition the Fund may charge a short-term trading fee of 5% of the net asset value of the units redeemed. This fee is paid to the Fund.

Crystal Wealth Strategic Yield Media Fund
Notes to Financial Statements

December 31, 2011

10. Related Party Transactions

The Fund may invest in any one of the funds that are managed by the Manager ("Underlying Crystal Wealth Funds"). As of December 31, 2011, the Underlying Crystal Wealth Funds include Crystal Enhanced Mortgage Fund, IFM Monitored World Equity, Crystal Enlightened Resources and Precious Metals Fund Crystal Enlightened Income Fund and Crystal Enlightened Growth Fund.

No sales or redemption fees will be payable by the Fund in relation to its purchases or redemptions of units of the Underlying Crystal Wealth Funds, and no management fees or incentive fees will be payable by the Fund that would duplicate a fee payable by the Underlying Crystal Wealth Funds for the same service. Such a reduction in management fees is to be facilitated by an additional distribution from the Underlying Crystal Wealth Fund to the Fund and is included in investment income of the Fund.

During the period, the Fund did not invest in any Underlying Crystal Wealth Funds.

During the period, the Fund distributed $131,561 of interest distributions and $15,097 of management fee distributions to the Underlying Crystal Wealth Funds.

11. Financial Instruments and Risk Management

In addition to the aforementioned financial instrument disclosures, the Fund's financial instruments include subscriptions receivable, accrued interest receivable and redemptions payable. These financial instruments are carried at cost as they closely approximate their fair value given their short-term nature.

The Fund may be exposed to a variety of financial risks including credit risk, liquidity risk and market risk (including interest rate risk, currency risk and other price risk) The following is a summary of the most significant risks:

(a) Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that is entered into with the Fund. The fair value of investments represents the maximum credit risk at December 31, 2011. The sales success of the film or television production being financed will affect the ability of the borrowers to repay the film production loans outstanding, although there is certain other security obtained on the loans (Note 4).

(b) Liquidity risk

Liquidity risk is the risk of the Fund not being able to meet its obligations with respect to unit redemptions on time or at a reasonable price. The Fund is exposed to cash redemptions as detailed in Note 9. The Fund retains sufficient cash and cash equivalent positions to maintain liquidity.

Crystal Wealth Strategic Yield Media Fund
Notes to Financial Statements

December 31, 2011

11. Financial Instruments and Risk Management - (Continued)

(c) Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or fair values of financial instruments. Film production loan interest rates are at fixed rates that are not directly impacted by changes in prevailing rates, thereby reducing the Fund's exposure to interest rate risk. Generally, the fair value of loans is impacted by changes in interest rates, however, given the short duration of the loans held by the Fund, their fair value approximates carrying values and any changes in prevailing interest rates would not have a significant impact on their fair value.

(d) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Statement of Investments identifies all securities denominated in foreign currencies. In addition, the Fund had $965 of USD bank indebtedness at period end which is netted against cash.

The futures contracts held by the Fund as disclosed on the Statement of Investments offset the effects of fluctuations in the USD/CAD exchange rate on the USD denominated securities.

If the Canadian dollar had strengthened or weakened by 5% relative to other foreign currencies, all other variables held constant, the net assets of the Fund would have increased or decreased, respectively, by approximately $1,000.

(e) Financial instruments fair value hierarchy

CICA Handbook Section 3862: *Financial Instruments - Disclosures* requires disclosure of a three-level hierarchy for fair value measurements based upon transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1:
For securities valued based on unadjusted quoted prices in active markets for identical assets (e.g. equity securities listed and actively traded on recognized stock exchanges).

Level 2:
For securities valued based on inputs, other than quoted prices included in Level 1, that are observable for the asset, either directly or indirectly (e.g. corporate bonds, mortgage backed securities).

Level 3:
For securities valued based on inputs that are based on unobservable market data (e.g. private placements).

As at December 31, 2011 all film production loan investments are Level 2 within the fair value hierarchy. All other securities in the Fund are Level 1. There were no transfers between levels during the period.

Crystal Wealth Strategic Yield Media Fund
Notes to Financial Statements

December 31, 2011

12. Capital Management

The capital of the Fund is represented by issued redeemable units with no par value. They are entitled to distribution, if any, and to payment of a proportionate share based on the Fund's net asset value per unit upon redemption. The relevant movements are shown on the Statement of Changes in Net Assets. In accordance with its investment objectives and strategies, and the risk management practices outlined in Note 11, the Fund endeavours to invest the subscriptions received in appropriate investments, consistent primarily of film production loans (Note 4) while maintaining sufficient liquidity to meet redemptions.

13. Future Accounting Changes

In December 2011 the Canadian Accounting Standards Board of the CICA ("AcSB") approved a one-year extension of the requirement for investment funds currently applying Accounting Guideline 18 ("AcG-18"): *Investment Companies* to adopt International Financial Reporting Standards ("IFRS"). Accordingly, investment funds will now be required to adopt IFRS for interim and annual financial statements relating to annual periods beginning on or after January 1, 2014. The Fund has elected to defer adoption of IFRS to January 1, 2014

3. Summary of Significant Accounting Policies

These financial statements are prepared in accordance with Canadian generally accepted accounting principles ("GAAP") and the significant accounting policies are summarized below:

(a) Valuation of investments

Investments are deemed to be categorized as held-for-trading and recorded at fair value in accordance with the CICA Accounting Handbook *Section 3855: Financial Instruments – Recognition and Measurement* ("Section 3855").

Section 3855 requires that the fair value of financial instruments which are traded in active markets be measured based on the bid price for long securities and the ask price for securities sold short. Securities with no bid/ask prices are valued at their closing sale prices. The fair value of the investment funds is measured based on the closing price for such securities.

Section 3855 also requires transaction costs, such as brokerage commissions, incurred in the purchase and sale of securities to be charged to operations in the year. Accordingly, these costs are expensed and included in "Transaction costs" in the Statement of Operations

Investments in loans are valued at outstanding principal which approximates fair value.

The Fund continues to calculate its net asset value for pricing purposes ("Transactional NAV") using closing prices of securities as permitted by National Instrument 81-106. As at June 30th 2012, Transactional NAV approximated GAAP net assets.

(e) Increase (decrease) in net assets from operations per unit

Increase (decrease) in net assets from operations per unit in the Statement of Operations represents the increase (decrease) in net assets from operations, divided by the weighted average number of units outstanding during the period.

(f) Valuation of fund units

The Fund's units are issued and redeemed at the net asset value per unit, which is determined as of the close of business each week The net asset value per unit of the Fund is determined by dividing the total market value of the Fund's net assets by the number of units outstanding.

For each mutual fund unit sold, the Fund receives an amount equal to the net asset value per unit on the date of sale, which is included in unitholders' equity. Units are redeemable at the option of the unitholders at their net asset value on the redemption date. For each unit redeemed, the number of issued and outstanding units is reduced and the equity in the Fund is reduced by the related net asset value on the date of redemption

(g) Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from management's best estimates as additional information becomes available in the future.

7. Management Fees and Expenses

(a) *Management fees*

Pursuant to the management agreement between the Fund and the Manager, the Manager is to provide management and investment advisor services to the Fund. For this service, the Fund agrees to pay the Manager a management fee, which is calculated daily and payable monthly based on an annual rate of 2.00% of the net asset value.

To encourage large investments in the Fund, the Manager may reduce the management fee that would be charged to the Fund in respect of units held by an investor making a large investment. The amount of the reduction is distributed by the Fund (the "Management Fee Distribution") to the investor for whose benefit the fees were reduced. All Management Fee Distributions will be reinvested in additional units unless otherwise requested.

In the period there were total Management Fee Distributions of $46,829 (2011 - $0).

(b) Expenses

The Fund pays expenses relating to its operation including professional fees, investment transactions costs, interest and administrative costs relating to the issue and redemption of units as well as the cost of financial and other reports and compliance with all applicable laws, regulations and policies.

8. Distributions to Unitholders

All distributions made by the Fund are automatically reinvested in additional units at the then current net asset value per unit unless a Unitholder elects to receive his or her distribution in cash.

9. Redemption of Units

Unitholders may redeem their units at any time. Redemption requests must be in writing, stating the dollar amount or number of units of the Fund that are to be redeemed. Redemption is based on the net asset value per unit as of the last valuation date.

If unitholders redeem units within 180 days of acquisition the Fund may charge a short-term trading fee of 5% of the net asset value of the units redeemed. This fee is paid to the Fund.

10. Related Party Transactions

The Fund may invest in any one of the funds that are managed by the Manager ("Underlying Crystal Wealth Funds"). As of June 30,,2012, the Underlying Crystal Wealth Funds include IFM Monitored World Equity, Crystal Enlightened Income Fund, Crystal Enlightened Growth Fund, Crystal Enlightened Resource & Precious Metals Fund and Crystal Enhanced Mortgage Fund.

No sales or redemption fees will be payable by the Fund in relation to its purchases or redemptions of units of the Underlying Crystal Wealth Funds, and no management fees or incentive fees will be payable by the Fund that would duplicate a fee payable by the Underlying Crystal Wealth Funds for the same service. Such a reduction in management fees is to be facilitated by an additional distribution from the Underlying Crystal Wealth Fund to the Fund and is included in investment income of the Fund.

During the period, the Fund did not invest in any Underlying Crystal Wealth Funds.

During the period, the Fund distributed $331,045 (2011 - $0) of interest distributions and $46,044 (2011 - $0) of management fee distributions to the above-mentioned funds managed by Crystal Wealth Management System Limited.

11. Financial Instruments and Risk Management

In addition to the aforementioned financial instrument disclosures, the Fund's financial instruments include subscriptions receivable, accrued interest receivable and redemptions payable. These financial instruments are carried at cost as they closely approximate their fair value given their short-term nature.

The fund may be exposed to a variety of financial risks including credit risk, liquidity risk and interest rate risk. The following is a summary of the most significant risks:

(a) Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that is entered into with the Fund. The fair value of investments represents the maximum credit risk at June 30, 2012. The sales success of the film or television production being financed will affect the ability of the borrowers to repay the film production loans outstanding, although there is certain other security obtained on the loans (Note 4).

(b) Liquidity risk

Liquidity risk is the risk of the Fund not being able to meet its obligations with respect to unit redemptions on time or at a reasonable price. The Fund is exposed to cash redemptions as detailed in Note 8. The Fund retains sufficient cash and cash equivalents positions to maintain liquidity.

11. Financial Instruments and Risk Management - (Continued)

(c) Interest rate risk

Interest rate risk arises from the possibility that changes in market interest rates will affect future cash flows or fair values of financial instruments. Mortgage interest rates are at fixed rates that are not directly impacted by changes in prevailing rates, thereby reducing the Fund's exposure to interest rate risk. Generally, the fair value of mortgages is impacted by changes in interest rates, however, given the short duration of the mortgages held by the Fund, their fair value approximates carrying values and any changes in prevailing interest rates would not have a significant impact on their fair value.

(d) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Statement of Investments identifies all securities denominated in foreign currencies. In addition, the Fund had $198,570 USD cash and accrued interest at period end which is included in the cash and accrued interest receivable items on the statement of investments.

The futures contracts held by the Fund as disclosed on the Statement of Investments partially offset the effects of fluctuations in the USD/CAD exchange rate on the USD denominated securities.

If the Canadian dollar had strengthened or weakened by 5% relative to other foreign currencies, all other variables held constant, the net assets of the Fund would have increased or decreased, respectively, by approximately $7,440.

(e) Financial Instruments Fair Value Hierarchy

CICA Handbook Section 3862: Financial Instruments – Disclosures requires disclosure of a three-level hierarchy for fair value measurements based upon transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1:
For securities valued based on unadjusted quoted prices in active markets for identical assets (e.g. equity securities listed and actively traded on recognized stock exchanges).

Level 2:
For securities valued based on inputs, other than quoted prices included in Level 1, that are observable for the asset, either directly or indirectly (e.g. corporate bonds, mortgage backed securities).

Level 3:
For securities valued based on inputs that are based on unobservable market data (e.g private placements).

As at June 30, 2012 all investments are Level 2 within the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the period.

12. Capital Management

The capital of the Fund is represented by issued redeemable units with no par value. They are entitled to distribution, if any, and to payment of a proportionate share based on the Fund's net asset value per unit upon redemption. The relevant movements are shown on the Statement of Changes in Net Assets. In accordance with its investment objectives and strategies, and the risk management practices outlined in Note 10, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemptions.

13. Future Accounting Changes

In January 2011 the Canadian Accounting Standards Board of the CICA ("AcSB") approved a one-year extension of the requirement for investment funds currently applying Accounting Guideline 18 ("AcG-18"): *Investment Companies* to adopt International Financial Reporting Standards ("IFRS"). Accordingly, investment funds will now be required to adopt IFRS for interim and annual financial statements relating to annual periods beginning on or after January 1, 2013. The Fund has elected to defer adoption of IFRS to January 1, 2014.

is an exemption for his conduct now lies upon Khan (*Re Richvale Resource Corp.* (2012), 35 O.S.C.B. 4286). In order to avail oneself of an exemption contained within section 31, Khan must demonstrate that (1) he was a member of one of the enumerated professions, (2) that profession was his principal business or occupation, and (3) that the performance of the service as an adviser was "solely incidental" to his being a teacher.

[125] Khan claimed an exemption from the adviser registration requirement on the basis that he had been qualified as an engineer in Pakistan and that he had been acting in the role of a teacher in his business, Money Plus.

[126] First, as Khan's conduct during his time in Pakistan is not at issue here it is therefore not relevant to whether Khan is exempted from the adviser registration requirements.

[127] Khan also claims that his position as a teacher at Money Plus exempted him from the adviser registration requirements.

[128] Staff submitted that Khan was not a teacher, or in the alternative, if he was, that it was not his principal business or occupation. While the Panel believes that Staff's argument on those issues may have merit, we will instead focus our analysis on the words "solely incidental" in the provision and why they preclude Khan from taking advantage of this exemption.

[129] The determination of whether Khan was providing advice solely incidental to his profession as a teacher cannot be made in a vacuum. Rather it must be done with reference to the business purpose requirement of subsection 22(1)(b). Ignoring what signified the business purpose behind the advice would be an artificial separation.

[130] We determined above that the Respondents gave advice for business purposes on the basis of (1) the receipt of commissions and (2) the receipt of income as a result of acting as a portfolio manager. These income sources amounted to hundreds of thousands of dollars and depended solely upon the provision of advice. They were not in any way connected to Khan's activities as a teacher at Money Plus. The advice in question regarding both courses of conduct examined above was given to students and clients after they had finished the trading course offered by the Respondents. The advice provided could not therefore be solely incidental upon Khan's position as a teacher.

c. Making Misleading or Untrue Statements to the Commission

[131] Section 55 of the CFA makes the provision of misleading or untrue statements to the Commission a breach of Ontario commodity futures law. In *Wilder v Ontario (Securities Commission)* (2001), 53 OR (3d) 519 (CA) the Ontario Court of Appeal considered section 122 of the Act, which is substantially similar to section 55 of the CFA, and noted, "it is difficult to imagine anything that could be more important to protecting the integrity of capital markets than ensuring that those involved in those markets, whether as direct participant or as advisers, provide full and accurate information to the [Commission]." Staff submitted evidence of multiple breaches by Khan of section 55.

Khan was provided with opportunity during the hearing to explain these alleged fallacies, but failed to do so.

[132] While Staff provided evidence demonstrating numerous examples of such breaches, the Panel will only analyze in detail two particular examples of breaches by Khan, which we will refer to as the "account-opening process" and "compensation from Global Futures".

1. Account-Opening Process

[133] Throughout the Interview and the hearing, Khan made untrue and misleading statements regarding the brokerage account-opening process at Money Plus. The Panel views these statements as particularly egregious because this process was at the very heart of Khan's trading scheme. His attempts to conceal this from the Commission therefore go to the very center of his misconduct and further demonstrate his mental culpability.

[134] Khan repeatedly told the Commission that he did not push students and clients to sign up with the brokerage houses with which he had a relationship. Proof of this, he stated, was that he provided students with a list of brokerage houses (the "**Broker List**") from which they could choose a brokerage house. Despite multiple requests, Khan did not produce the Broker List. The Panel finds the Broker List never existed and that Khan was only interested in having his students and clients apply to the brokerage house with which he had a relationship with at the time. Convincingly, Khan's own agreement with Global Futures stated that their relationship was to be exclusive. If Khan had suggested other brokers to his students and clients, as he claims he did, he would have been in violation of the agreement.

[135] Khan submitted that he disclosed to his students or clients that he was receiving compensation from the brokers that he was signing them up with. Even the Respondents' own witnesses did not offer testimony to support the notion that Khan was in the habit of disclosing his consulting relationships. Rather the evidence shows that it was Khan's practice not to disclose his consulting relationship to his students and clients as a matter of course.

[136] During the Interview and his testimony, Khan asserted that neither he nor any employees of his helped students or clients fill out the brokers' application forms. However this is contradicted by his own testimony that he provided "guidance" to students and clients. We are persuaded by Staff's witnesses who testified that the Respondents would partially or even completely fill out the applications and sometimes only asked the applicants for their signatures, before forwarding the required documentation to the brokerage house.

[137] We find Khan engaged in a concerted effort to hide the evidence of his scheme from the Commission through misleading and untrue statements, contrary to section 55 of the CFA.

2. Compensation from Brokerage Houses

[138] Khan made misleading and untrue statements to the Commission, contrary to section 55 of the CFA, regarding his compensation from Global Futures. During the Interview, while Khan was under oath, he stated the only compensation he received from Global Futures were reimbursements for promotional expenses and a break on commissions in Khan's own trading account. The evidence is clear that Khan's compensation was in the form of commissions, calculated by reference to the round turns in the referred accounts. Furthermore, the Panel was presented with emails from Khan to a Global Futures representative, demonstrating Khan knew the basis upon which the payments were calculated. These emails also show that Khan was in the habit of double-checking the calculation of these payments and demanding additional payments when he thought they were owed to him.

[139] Khan also tried to mislead the Commission by minimizing the amount he was receiving in commissions due to trading by his students and clients. He states that his estimated annual income from such sources was around $40,000 to $50,000. The evidence demonstrates that by 2010 he was earning two to three times that, in commissions alone.

[140] We find Khan purposely misled or made untrue statements to Staff concerning the compensation he received through commissions, contrary to section 55 of the CFA.

VIII. CONDUCT CONTRARY TO THE PUBLIC INTEREST

[141] The Commission seeks, "to ensure that those who trade... meet the applicable proficiency requirements, are of good character, satisfy the appropriate ethical standards and comply with the [Act]" (*Limelight*). Khan has demonstrated himself lacking the ability to meet any of these standards. As a result of the Respondent's multiple breaches of the CFA, we find that the Respondents' acted contrary to the public interest within the meaning of the CFA.

[142] We also find that that the Khan acted contrary to the public interest when he breached the Undertaking. Khan specifically gave his undertaking to Staff that he would not engage in trading futures on behalf of the public and that he would not receive commissions on the basis of public trading. Not only did he continue to do both, but he refused to admit to such during the hearing. Khan claimed that his agreements with the U.S. brokers did not result in him receiving commissions. His testimony was that these payments were in fact reimbursements for marketing efforts on behalf of the U.S. brokers. As we noted above, this was not the basis for the payments and furthermore, Khan was aware of this. Multiple witnesses have testified that Khan continued to trade on their behalf past January 2010. Khan admitted to this as well. Why he thought this was acceptable after giving his undertaking not to, is something we don't know.

IX. CONCLUSION

[143] For the reasons stated above, the Panel finds that Respondents:

a) engaged in the business trading in commodity futures contracts without being registered to do so and without an exemption from the advisor registration requirement, contrary to subsection 22(1)(a) of the CFA;

b) engaged in the business advising in commodity futures contracts without being registered to do so an without an exemption from the adviser registration requirement, contrary to subsection 22(1)(b) of the CFA;

c) the Respondents made misleading and untrue statements to Staff during the course of its investigation into the Respondents' conduct and business, in breach of subsection 55(1)(a) of the CFA; and

d) the Respondents acted contrary to the public interest.

[144] An order will issue as follows:

a) Staff shall serve and file its written submissions on sanctions and costs by February 6, 2015;

b) the Respondents shall serve and file their written submissions on sanctions and costs by March 6, 2015;

c) Staff shall serve and file any reply submissions on sanctions and costs by March 20, 2015;

d) The hearing to determine sanctions and costs against the Respondents will be held at the offices of the Commission at 20 Queen Street West, Toronto, Ontario, on April 13, 2015, at 10:00 a.m. or such further or other dates as agreed by the parties and set by the Office of the Secretary; and

e) Upon the failure of any party to attend at the time and place aforesaid, the hearing may proceed in the absence of that party, and such party is not entitled to any further notice of the proceedings.

DATED at Toronto this 29th day of December, 2014.

Clayton Smith

Co-founder

Yoga means full engagement with life. Yoga has radically transformed and literally saved my life. By the age of 40, I was mired in a debilitating pattern of addictive and self-destructive behaviour. I was labelled "bipolar" by the "experts" and prescribed heavy sedatives to keep me "sane." Thankfully, Grace intervened. Yoga restored me to balance and made life worth living again.

Every teacher has taught me something: Nesta Falladown, Tony Murdock, Todd Norian and Ann Greene.

I teach physically, emotionally and mentally challenging classes with humour, care and precision, interweaving yoga asana, philosophy, pranayama and meditation to help students break through self-limiting beliefs and reveal their true selves.

Shanine Dennill

Co-founder & Yoga Teacher

I was introduced to yoga while living in South Africa. It wasn't until I came to Canada, after people encouraged me to try yoga again, that I fell in love with it. I forgot the world and slowly immersed myself in the art of yoga. I felt more physically, mentally and emotionally empowered by the practice of yoga. I have noticed dramatic physical changes over the years of practicing it. Yoga has opened up my heart, allowed me to become more connected with myself and the flow of grace in my life.

I am inspired by my teachers, friends and family (especially my mom). I look up to Nesta Falladown, Todd Norian & Ann Greene, Tony Murdock, many teachers and my students.

My classes focus on finding the beauty in the poses, ourselves and life, while remaining grounded in the principles of alignment.

Carolyn Cameron

Energy Exchange Coordinator

Being at Chrysalis has been an extremely positive and transformational experience for me, my practice and involvement at the studio has changed my life! I started as a part time yoga advisor at the studio when it opened 2011, moved into a full time position in 2014, completed my yoga teacher training here in 2015 and recently took on the role of Energy Exchange coordinator. I am thrilled to be involved in so many aspects of the studio - I feel a sense of community and love when I enter this space. I look forward to meeting you on your mat!

MEDIA HOUSE CAPITAL (CANADA) CORP.
5542 Short Street
Burnaby, BC V5J 1L9

TAX CREDIT LOAN AND SECURITY AGREEMENT (the "Loan")

Dated as of: October 7, 2013

Lender: MEDIA HOUSE CAPITAL (CANADA) CORP. ("Lender"), a federally registered Canadian corporation, provincially registered in the Provinces of British Columbia and Ontario, with principal offices at 5542 Short Street, Burnaby, BC V5J 1L9

Borrower: HENCHMEN PRODUCTIONS INC. ("Borrower"), a company incorporated pursuant to the laws of British Columbia, with a principal address at 5542 Short Street, Burnaby, BC V5J 1L9

Project: A feature animation film currently entitled "Henchmen" (the "Project")

Key Terms:

GROSS LOAN AMOUNT: CDN$2,390,000

LOAN FACILITATION FEE: CDN$223,364

CURRENCY OF LOAN: CANADIAN

1. LOAN

Subject to the terms and conditions contained herein, Lender hereby agrees to make available to Borrower the Loan more particularly described in this Loan.

2. LOAN DETAILS

2.1 Loan Amount

Lender, subject to each of the terms and conditions contained herein, hereby agrees to make available to Borrower the Loan in an amount not to exceed the Loan Amount.

2.2 Loan Amount

The Loan Amount shall be equal to CDN$2,390,000;

2.3 Use of Proceeds

Borrower shall use the proceeds of the Loan to finance a portion of the production costs of the Project in accordance with the approved Cash Flow and the Budget and for no other purpose.

2.4 Currency

All amounts drawn by Borrower and repaid to Lender under the Loan shall be denominated in lawful currency of Canada.

2.5 Term

The Loan shall be repaid to Lender not later than eighteen (18) months from the date of the initial disbursement of the Loan (the "Default Date").

In the event that the Tax Credits have not been repaid in full on or before the Default Date, Lender may, in its sole and absolute discretion, upon written request from Borrower, agree to extend the Default Date on terms as the Parties shall mutually agree in writing (the "Loan Extension Period").

2.6 Prepayment

Advances made under the Loan may be prepaid before the Default Date, provided the date of repayment shall not affect the entitlement of Lender to the Loan Facilitation Fee, which shall be non-refundable and earned upon the execution of this Loan.

2.7 Interest Rate

The Loan will bear interest on so much of the outstanding amount thereof as may remain unpaid from time to time at the rate of thirteen percent (13%) per annum, compounded monthly (the "Interest") on the total Loan amount plus any Interest accrued thereon, calculated on a going-forward basis from the date of the Initial Disbursement (as hereafter defined) of the Loan to the Borrower, until payment in full has been received. For clarity, if the Tax Credits remitted by CRA before or after the Default Date are less than the Tax Credit Estimate, all unpaid amounts resulting from the shortfall shall bear interest at the rate of thirteen percent (13%) per annum in accordance with this paragraph.

2.8 Loan Facilitation Fee

As consideration for Lender's entering into this Agreement and its commitment to make the Loan, Borrower shall pay to Lender the Loan Facilitation Fee in the amount of Two Hundred Twenty Three Thousand Three Hundred Sixty Four Dollars ($223,364), which amount shall be paid out of the Initial Disbursement under the Loan. The Loan Facilitation Fee:

(a) shall not be refundable for any reason, shall be payable without set-off, defense or counterclaim of any kind, and is in addition to any other fee, cost or expense payable hereunder; and

(b) constitutes compensation for services rendered by Lender.

3. EXPENSES

3.1 Loan Facilitation Fee Payment

Borrower hereby authorize Lender to pay the Loan Facilitation Fee and the Lender's legal fees as contemplated herein from the proceeds of the first advance under the Loan Amount.

3.2 Legal Fees

All legal fees and expenses of Lender and Borrower are to be borne by Borrower whether the present financings are completed or not. The Lender's legal fees shall be deducted and paid from the Loan Facilitation Fee.

4. TAX CREDITS

4.1 Disbursement

Subject to all other conditions provided for herein, Lender shall make advances hereunder in accordance with the Borrowing Certificate set out in Schedule "B" attached hereto.

4.2 Tax Credit Repayments

Notwithstanding the due date provided for in Section 2.6, all amounts advanced under the Loan shall be due and immediately payable on demand. In addition, Borrower undertakes to repay in full to Lender all amounts advanced under the Loan in respect of the applicable Tax Credits on the earliest of the date on which any Borrower:

(a) files its income tax returns for a given financial year if, as at that date, the Tax Credits receivable are offset against income taxes due and/or payable by Borrower;

(b) is required by law to file its income tax returns for a given financial year, if such income tax returns have not been filed within the prescribed time;

(c) receives notices of assessment issued by the competent tax authorities together with a payment which factors into account the Tax Credit receivable for a given fiscal year in respect of the Project; or

(d) receives a tax credit refund from the competent tax authorities for a given fiscal year as part of the Project provided that if Borrower receives interim payment for the given fiscal year, only the amount received shall be required to be repaid.

5. REPAYMENTS

5.1 Early Repayment

The Loan may be repaid by Borrower before the Default Date, without bonus or penalty. However, the date of repayment shall not affect the entitlement of Lender to any Loan Facilitation Fee, which shall be non-refundable and earned upon the execution of this Loan.

5.2 Default Date

The indebtedness pursuant to the Loan shall be payable upon demand. In the absence of such demand, the indebtedness pursuant to the Loan shall be repaid to Lender on or before the Default Date.

6. INTENTIONALLY DELETED

7. INTENTIONALLY DELETED

8. INSURANCE

8.1 The Borrower have obtained from financially responsible insurance companies and shall at all times maintain in good standing a comprehensive all-risk insurance policy, an errors and omissions insurance policy and an entertainment package insurance policy in respect of the Project ("Insurance Policies").

8.2 The Insurance Policies shall be on terms and in such amounts as reflects customary industry standard and practice and as otherwise may be reasonably required by Lender.

8.3 The Borrower agree to cause Lender to be noted as an additional loss payee and/or an additional insured, as applicable, on the Insurance Policies.

9. SECURITY

As security for the indebtedness and all other obligations of Borrower to Lender in connection with the Project under the Loan, Borrower shall provide or cause to be provided to Lender the following as security ("Security"), all of which Security shall be in a secondary position to a senior tax credit lender on the Project:

9.1 From Borrower, a second ranking General Security Agreement on all of Borrower's personal property, movable property, present and future, tangible and intangible, corporeal and incorporeal. to be registered by Lender's counsel in all applicable jurisdictions (collectively, the "Collateral);

9.2 specific assignments from each Borrower in favor of Lender of each of the Tax Credits;

9.3 a power of attorney and directions of payment authorizing Lender to collect, or cause to he collected, the Tax Credits owing in respect of the Project;

9.4 denote Lender as an additional insured and/or loss payee under the Insurance Policies, and furnish Lender with: (i) certificates of insurance, and (ii) certified copies of the Insurance Policies;

9.5 any such subordination agreements or estoppel and stepback letters as may be required by the senior tax credit lender; and

9.6 any other security, certificate, agreements and opinions as deemed necessary by Lender.

10. REPRESENTATIONS AND WARRANTIES

Borrower represents and warrants to Lender, each with respect to itself, that:

10.1 it is a duly constituted, registered and organized company and is in good standing under the laws governing it, and it has the powers, permits and licences required to carry on its business and to own, operate and administer its property;

10.2 it is not a party to any litigation or legal proceedings or threatened litigation or legal proceedings which could have an effect on its financial position or on its ability to carry on its business, or on its ability to perform its obligations with respect to the Production Services Agreements (defined below) or on its ability to perform obligations hereunder or under the Security;

10.3 it has good and marketable title to all its property free and clear of all prior claims, mortgages, security interests, pledges, liens or other similar encumbrance other than Permitted Encumbrances;

10.4 it is not in default under the agreements to which it is a party nor under the legislation and regulations applicable to the conduct of its business;

10.5 with respect to Borrower only, all taxes, assessments, deductions at source, income tax or annuities or other amounts owing or required to pay have been paid by it where the failure to pay could give rise to a claim pursuant to any applicable law, legislation or otherwise which claim ranks or is capable of ranking prior to Lender's Security or otherwise prior to any claim by Lender for repayment hereunder or under the Security; and

10.6 the execution, delivery and performance of this Loan by it has been duly authorized by all necessary actions and does not violate its constating documents or any applicable laws or commercial agreements by which it or its property is subject.

11. CONDITIONS PRECEDENT TO ADVANCE

Prior to the first advance of any amounts under the Loan, and prior to any subsequent advance (if applicable, and required by Lender), Borrower shall, as applicable and as requested, provide

or cause to provide, execute or perform the following to the satisfaction of Lender and its legal advisor:

11.1 Documents required

Prior to the first disbursement of any amounts described herein and prior to any subsequent advance (if applicable, and required by Lender), the following documents shall be furnished to Lender in form and substance satisfactory to it and to its legal advisors:

(a) the Security;

(b) a duly certified copy of the resolution of the Board of Directors of each Borrower relating to its authority to execute this Loan and the Security, to perform its obligations hereunder and to deliver the security required herein;

(c) evidence, in form and substance acceptable to Lender and its legal advisors, that Borrower has complied with the provisions dealing with insurance herein and in the security documents contemplated herein;

(d) the instruments or contracts creating the Security duly executed by Borrower and all other parties concerned;

(e) chain of title documents evidencing the Borrower as the sole owner of the copyright in and to the Project;

(f) a written opinion from a party acceptable to the Lender with respect to the quantum and validity of the Tax Credits as outlined in Section 4.1;

(g) evidence of applications submitted to CAVCO, Creative BC and any other relevant Provincial Government Entity for the Tax Credits in respect of the Project;

(h) the payment in full of Lender's legal fees and expenses as provided for herein;

(i) any other documents which Lender may reasonably request.

12. OBLIGATIONS OF BORROWER

12.1 Affirmative Borrower Covenants:

Until payment in full by Borrower to Lender of any and all indebtedness under this Loan, each Borrower shall:

(a) use the proceeds of the Loan only for the purposes provided for herein;

(b) carry on its business (including, without limitation the production of the Project) in a diligent and continuous manner;

(c) furnish to Lender the final cost reports and tax filings of such Borrower within sixty (60) days of the end of Borrower's fiscal year; provided that, notwithstanding the foregoing, the BC Borrower shall furnish to Lender and file its tax returns for its 2016 financial year within two (2) months of the Closing Date, the failure of which to do shall be deemed an uncured Default hereunder;

(d) furnish to Lender a current:

(i) cost report and/or payroll report, as applicable;

(ii) trial balance;

(iii) list of the funds receivable with respect to the Project for all financing not provided by Lender;

(iv) up to date cost report detailing the production costs incurred versus the Budget indicating that the funds then still available to Borrower are sufficient to complete the Project, with a written explanation of any material variance from the: (A) Budget; and (B) production schedule;

(e) file, by the stipulated deadlines, its income tax returns and any other documents required, as applicable, with the competent authorities for the purpose of obtaining the Tax Credits and provide Lender with a copy of the income tax filings of such Borrower within sixty (60) days of the end of its fiscal year;

(f) promptly notify and provide Lender with a copy of all notices of assessment or changes to the Tax Credits with respect to the Project issued by tax authorities in respect of such Borrower or the Project;

(g) promptly notify Lender of a breach of any covenant or other term or condition of this Loan, the Security or any agreement entered into either by Borrower in connection with the Project;

(h) immediately notify Lender of any legal proceedings or litigation, whether threatened, pending or otherwise, materially affecting Borrower;

(i) immediately notify Lender of any circumstances or event which could adversely affect the financial condition of Borrower or the Project or adversely affect the ability of Borrower to perform Borrower' obligations under the Loan or the Security;

(j) at any time, but prior to an event of default only during regular business hours and subject to two (2) Business Days' written notice, give Lender's representatives the right to inspect such Borrower's establishments and provide access thereto,

and further permit Lender's representatives to examine their books of account and other records, and take extracts therefrom and/or copies thereof;

(k) maintain, at all times, the Insurance Policies and otherwise maintain insurance coverage on the property of such Borrower against loss or damage caused by fire and any other risk as is customarily maintained by companies carrying on a similar business; obtain and maintain in effect the permits and licenses required to carry on its business and comply with applicable laws;

(l) punctually pay all taxes, assessments, deductions at source, income tax or annuities or other amounts owing or required to be paid, where failure to pay could give rise to a claim pursuant to any applicable law, legislation or otherwise which ranks or is capable of ranking prior to Lender's Security or otherwise prior to any claim by Lender for repayment hereunder or under the Security for which the payment thereof is guaranteed by prior claim;

(m) comply with the covenants with respect to the Tax Credits set forth in Schedule "C" hereto;

(n) use all proceeds received by Borrower or any other applicable production services company to repay or cause to be repaid the total indebtedness herein; and

(o) provide Lender with any information or document it may reasonably require from time to time.

12.2 Negative Covenants

Borrower undertakes not to carry out the following transactions or operations:

(a) without obtaining the prior written consent of Lender, such consent not to be unreasonably withheld or delayed:

(i) substantially change the nature of its operations or business;

(ii) change its ownership; and

(iii) merge with another company, dissolve or wind-up; or

(b) in the case of Borrower, without obtaining the prior written consent of Lender, such consent not to be unreasonably withheld or delayed;

(i) create or permit the existence of security on present and future property, except for Permitted Encumbrances;

(ii) declare or pay dividends on its shares, purchase or redeem its shares or otherwise reduce its capital;

(iii) grant loans to its officers, directors or shareholders; or

(iv) grant a loan or an investment or provide financial assistance to a third party by way of a guarantee or otherwise.

13. REMEDIES OF LENDER

13.1 Rights and Recourse of Lender

The Debt shall immediately become due and payable on the Default Date or upon the delivery by Lender to Borrower of a written demand ("Demand") for payment thereof. If: (i) the Repayment Amount has not been paid on the Default Date; or (ii) following delivery of a Demand, the Borrower shall not then repay the Repayment Amount in full and such default, to the extent capable of being cured, remains uncured for twenty (20) days (the "Cure Period"); (iii) there has been any default, event of default, or breach of any other term, covenant, representation or warranty by the Borrower under this Loan or any other document executed in favour of the Lender in connection herewith which remains uncured, if capable of being cured, after the Cure Period or (iv) there has been a default pursuant to paragraphs 12.1(c) and/or (d) (the events in (i)-(iv) are each a "Default"), then Lender may proceed to realize its security interest in the Collateral and to enforce its rights at law hereunder or under the Security by doing any one or more of each of the following:

(a) Lender may declare liquid and eligible all monetary obligations of Borrower still outstanding at that time and claim from Borrower, immediate payment of the principal, interest, fees and any other amount, including both internal and third party fees and expenses incurred by Lender resulting from the collection and protection of the Repayment Amount and the execution of any other obligation of Borrower to Lender;

(b) Borrower shall lose all rights and privileges hereunder, including and without limitation, the right to receive additional advances under the Loan;

(c) With respect to analysis, realization, sale, transfer, delivery or payment to be made in collection of the Repayment Amount, including the exercise of the Security, the Collateral and any other security held by Lender, Lender may charge Borrower: (i) monitoring, review, analysis, administration and follow-up charges and expenses as incurred by Lender, on a cost basis as determined by Lender; and (ii) actual costs and expenses incurred by Lender in retaining legal counsel, accountants or any other professional whose services may be required or deemed necessary, which amounts shall be added to the Repayment Amount and Lender

may withhold such charges and fee amounts from the proceeds of the realization on Security;

(d) any amount collected or received by Lender, including the balance of any proceeds of the realization on the Security and other security, may be withheld by Lender and may, at Lender's discretion, be charged to any portion of Borrower' indebtedness whatsoever to Lender;

(e) any amount incurred and paid by Lender (including all amounts set forth in this Section) to realize, retain or preserve any security given by Borrower to Lender hereunder or by law, shall bear interest at the rate of seventeen percent (17%) per annum compounded monthly until payment of said amount.

No Cure Period shall apply or be available where there already exists a material Default, or the Borrower are in persistent or continual Default.

13.2 Waiver, Omission and Cumulative Recourse

Lender may grant delays, accept or waive security, accept arrangements, grant releases and discharges and transact with Borrower as it shall deem acceptable without in any way derogating from or limiting the responsibility of Borrower or infringing on the rights of Lender under the Security provided for hereunder.

The omission on the part of Lender to avail itself of any of its rights hereunder shall not be construed as a waiver by Lender to take recourse in the event of such default or to exercise its rights.

Acceptance by Lender following demand of any sum owing to it or its exercising of any right or recourse hereunder or otherwise shall not preclude Lender from exercising any other right or recourse, which it may have, whether pursuant to any agreement or otherwise provided by law, said rights and recourse of Lender being cumulative and not alternative, and in addition to and not in substitution for, any other right or recourse of Lender.

14. INTERPRETATION

14.1 Definitions

Capitalized words and phrases used herein, which are not otherwise defined within the body of this Loan, shall have the meaning ascribed to them as set out in Schedule "A".

14.2 Accounting terms

Unless another definition is provided hereunder, each accounting term used in this Loan shall have the meaning ascribed to it in accordance with accounting principles generally accepted by the Canadian Institute of Chartered Accountants.

15. MISCELLANEOUS PROVISIONS

15.1 Currency and place of payment

Unless otherwise agreed in writing between Borrower and Lender, all amounts due by Borrower under this Loan shall be paid by Borrower to Lender in Canadian Dollars at Lender's principal address as noted in the preamble to this Loan.

15.2 Calculation of interest and arrears

(a) Unless otherwise provided for herein, interest on any amount due hereunder shall be calculated daily and not in advance on the basis of a 365-day year or 366-day year, as the case may be.

(b) For the purposes of the Interest Act (Canada) in the case of a leap year, the annual interest rate corresponding to the interest calculated on the basis of a 365-day year is equal to the interest rate thus calculated multiplied by 366 and divided by 365.

(c) Any amount of principal, interest, commission, discount or of any other nature remaining unpaid at maturity, shall bear interest at the rate provided for herein, being understood that the said interest rate on arrears shall not exceed the maximum rate provided by law.

(d) Interest on arrears shall be compounded monthly and payable on demand.

15.3 Records

Lender shall keep records evidencing the transactions effected under this Loan. Such records shall be prima facie conclusive evidence, in the absence of gross or manifest error, of the Repayment Amount due to Lender from time to time.

15.4 Compensation

Lender may make all appropriate accounting entries in its books and records in order to evidence the use of any deposits made with Lender in reducing or extinguishing Borrower' obligations herein, by way of compensation. Such compensation may be effected by Lender irrespective of currency and whether or not Borrower' obligations have matured. The provisions of this paragraph are in addition to and do not limit or restrict any other of the rights Lender may have at law or otherwise.

15.5 Deemed Trust

Until such time as the Repayment Amount has been repaid in full, any and all receivables, including the proceeds of the Tax Credits, received by Borrower or any party on its behalf, from or in respect of the Project, are hereby deemed to be the subject of a "trust" in favour of Lender and held strictly "in trust" by such recipient until paid over to Lender.

15.6 Confidentiality

Upon signing, Borrower agrees that it has not disclosed and will not disclose any elements of terms of this Loan to anyone other than Borrower's professional advisors (as disclosed to Lender in writing).

15.7 Set-Off

Lender is authorized at any time and from time to time, without notice to Borrower, any such notice being expressly waived by Borrower, to set-off and apply any and all receipts, payments and deposits received or held by Lender to or from the credit or the account of either Borrower against any and all indebtedness and other obligations of either Borrower to Lender now or hereafter existing under this Loan and under any other arrangements between Lender and either Borrower, irrespective of whether Lender shall have made demand under this Loan. The rights set out herein are in addition to any other rights and remedies, including, without limitation, other rights of set-off, which Lender may have. Notwithstanding the foregoing provision, in the event of a Shortfall, Lender may, without notice to Borrower, any such notice being expressly waived by Borrower, debit any account of either Borrower in order to repay such Shortfall.

15.8 Cross Collateralization

The Loan and any and all Security provided to Lender by Borrower in respect thereof shall be cross collateralized and may be applied, in the discretion of Lender, against the outstanding balance of any and all other loans made at any time and from time to time by Lender to either Borrower,

15.9 Non-Business Days

Should any payment of capital or interest hereunder become due on a day which is not a Business Day, the due date thereof shall be extended to the immediately following Business Day.

15.10 Validity of Provisions

Any decision by a court rendering any of the provisions hereof null and non-executory shall in no way affect the other provisions hereof, or the validity or the enforceability thereof.

15.11 Loan Final

As soon as this Loan is signed by all Parties, it shall constitute the final agreement between the Parties and hereby replaces and supersedes any prior agreements or term sheets, whether verbal or written, between the Parties related to the transactions described in this Loan.

15.12 Modifications

Any modifications hereto or waiver of a right hereunder is without effect if it is not evidenced in a written document executed between the Parties.

15.13 Termination of Security

The Lender shall discharge the Security, at the expense of the Borrower, within fifteen (15) days after receipt of a written request by the Borrower following repayment of all amounts owing by the Borrower to the Lender and satisfaction and termination of all obligations and liabilities under the Loan.

15.14 Other documents

Borrower shall do all things and sign all documents in accordance with the terms herein which may he deemed necessary or appropriate by Lender for the purposes of giving full effect to the terms, conditions, undertakings and Security provided for in this Loan.

16. ACCESS TO INFORMATION

Until the Repayment Amount has been repaid in full, Borrower each hereby authorize any personal information agent, financial institution, creditor, tax authority, employer or any other person, including any public entity, having information concerning Borrower or their respective properties, including any information with respect to any undertaking, guarantee or suretyship given by Borrower, to furnish such information to Lender in order to: (i) verify the accuracy of all information furnished or to subsequently be furnished to Lender, and (ii) ensure the solvency of Borrower at all times. Borrower hereby authorize Lender to submit a copy of this Loan to any third party as authority to so furnish such information to Lender. Borrower hereby acknowledge and confirm that Lender may access, at any time, any on-line or electronic databases or software kept or maintained by the Lender or any of its affiliates to independently review or verify any production and/or accounting information related to the Project without further formality or consent.

17. GOVERNING LAW

This Loan shall be governed and construed in accordance with the laws of the Province of British Columbia and the laws of Canada applicable therein. Borrower irrevocably attorn to the exclusive jurisdiction of the courts of British Columbia.

18. SUCCESSORS

This Loan shall extend to and shall be binding upon the Parties and their respective successors and permitted assigns.

19. ASSIGNMENT

TAX CREDIT LOAN AND SECURITY AGREEMENT (the "Loan")

Dated as of: September 17, 2013

Lender: MEDIA HOUSE CAPITAL (CANADA) CORP. ("Lender"), a federally registered Canadian corporation, provincially registered in the Provinces of British Columbia and Ontario, with principal offices at 240-2499 Canada Way, Burnaby, BC V5G 1H3 Canada

Borrower: HENCHMEN PRODUCTIONS INC. ("Borrower"), a company incorporated pursuant to the laws of British Columbia, with a principal address at 240-2499 Canada Way, Burnaby, BC V5G 1H3 Canada

Project: A feature animation film currently entitled "Henchmen" (the "Project")

Key Terms:

GROSS LOAN AMOUNT: USD$750,000

LOAN FACILITATION FEE: US$75,000

CURRENCY OF LOAN: US DOLLAR

1. LOAN

Subject to the terms and conditions contained herein, Lender hereby agrees to make available to Borrower the Loan more particularly described in this Loan.

2. LOAN DETAILS

2.1 Loan Amount

Lender, subject to each of the terms and conditions contained herein, hereby agrees to make available to Borrower the Loan in an amount not to exceed the Loan Amount.

2.2 Loan Amount

The Loan Amount shall be equal to USD$750,000;

2.3 Use of Proceeds

Borrower shall use the proceeds of the Loan to finance a portion of the production costs of the Project in accordance with the approved Cash Flow and the Budget and for no other purpose.

2.4 Currency

All amounts drawn by Borrower and repaid to Lender under the Loan shall be denominated in lawful currency of the United States.

2.5 Term

The Loan shall be repaid to Lender not later than eighteen (18) months from the date of the initial disbursement of the Loan (the "Default Date").

In the event that the Tax Credits have not been repaid in full on or before the Default Date, Lender may, in its sole and absolute discretion, upon written request from Borrower, agree to extend the Default Date on terms as the Parties shall mutually agree in writing (the "Loan Extension Period").

2.6 Prepayment

Advances made under the Loan may be prepaid before the Default Date, provided the date of repayment shall not affect the entitlement of Lender to the Loan Facilitation Fee, which shall be non-refundable and earned upon the execution of this Loan.

2.7 Interest Rate

The Loan will bear interest on so much of the outstanding amount thereof as may remain unpaid from time to time at the rate of thirteen percent (13%) per annum, compounded monthly (the "Interest") on the total Loan amount plus any Interest accrued thereon, calculated on a going-forward basis from the date of the Initial Disbursement (as hereafter defined) of the Loan to the Borrower, until payment in full has been received. For clarity, if the Tax Credits remitted by CRA before or after the Default Date are less than the Tax Credit Estimate, all unpaid amounts resulting from the shortfall shall bear interest at the rate of thirteen percent (13%) per annum in accordance with this paragraph.

2.8 Loan Facilitation Fee

As consideration for Lender's entering into this Agreement and its commitment to make the Loan, Borrower shall pay to Lender the Loan Facilitation Fee in the amount of Seventy Five Thousand Dollars ($75,000), which amount shall be paid out of the Initial Disbursement under the Loan. The Loan Facilitation Fee:

(a) shall not be refundable for any reason, shall be payable without set-off, defense or counterclaim of any kind, and is in addition to any other fee, cost or expense payable hereunder; and

(b) constitutes compensation for services rendered by Lender.

3. EXPENSES

3.1 Loan Facilitation Fee Payment

Borrower hereby authorize Lender to pay the Loan Facilitation Fee and the Lender's legal fees as contemplated herein from the proceeds of the first advance under the Loan Amount.

3.2 Legal Fees

All legal fees and expenses of Lender and Borrower are to be borne by Borrower whether the present financings are completed or not. The Lender's legal fees shall be deducted and paid from the Loan Facilitation Fee.

4. TAX CREDITS

4.1 Disbursement

Subject to all other conditions provided for herein, Lender shall make advances hereunder in accordance with the Borrowing Certificate set out in Schedule "B" attached hereto.

4.2 Tax Credit Repayments

Notwithstanding the due date provided for in Section 2.6, all amounts advanced under the Loan shall be due and immediately payable on demand. In addition, Borrower undertakes to repay in full to Lender all amounts advanced under the Loan in respect of the applicable Tax Credits on the earliest of the date on which any Borrower:

(a) files its income tax returns for a given financial year if, as at that date, the Tax Credits receivable are offset against income taxes due and/or payable by Borrower;

(b) is required by law to file its income tax returns for a given financial year, if such income tax returns have not been filed within the prescribed time;

(c) receives notices of assessment issued by the competent tax authorities together with a payment which factors into account the Tax Credit receivable for a given fiscal year in respect of the Project; or

(d) receives a tax credit refund from the competent tax authorities for a given fiscal year as part of the Project provided that if Borrower receives interim payment for the given fiscal year, only the amount received shall be required to be repaid.

5. REPAYMENTS

5.1 Early Repayment

The Loan may be repaid by Borrower before the Default Date, without bonus or penalty. However, the date of repayment shall not affect the entitlement of Lender to any Loan Facilitation Fee, which shall be non-refundable and earned upon the execution of this Loan.

5.2 Default Date

The indebtedness pursuant to the Loan shall be payable upon demand. In the absence of such demand, the indebtedness pursuant to the Loan shall be repaid to Lender on or before the Default Date.

6. INTENTIONALLY DELETED

7. INTENTIONALLY DELETED

8. INSURANCE

8.1 The Borrower have obtained from financially responsible insurance companies and shall at all times maintain in good standing a comprehensive all-risk insurance policy, an errors and omissions insurance policy and an entertainment package insurance policy in respect of the Project ("Insurance Policies").

8.2 The Insurance Policies shall be on terms and in such amounts as reflects customary industry standard and practice and as otherwise may be reasonably required by Lender.

8.3 The Borrower agree to cause Lender to be noted as an additional loss payee and/or an additional insured, as applicable, on the Insurance Policies.

9. SECURITY

As security for the indebtedness and all other obligations of Borrower to Lender in connection with the Project under the Loan, Borrower shall provide or cause to be provided to Lender the following as security ("Security"), all of which Security shall be in a secondary position to a senior tax credit lender on the Project:

9.1 From Borrower, a second ranking General Security Agreement on all of Borrower's personal property, movable property, present and future, tangible and intangible, corporeal and incorporeal. to be registered by Lender's counsel in all applicable jurisdictions (collectively, the "Collateral);

9.2 specific assignments from each Borrower in favor of Lender of each of the Tax Credits;

9.3 a power of attorney and directions of payment authorizing Lender to collect, or cause to he collected, the Tax Credits owing in respect of the Project;

9.4 denote Lender as an additional insured and/or loss payee under the Insurance Policies, and furnish Lender with: (i) certificates of insurance, and (ii) certified copies of the Insurance Policies;

9.5 any such subordination agreements or estoppel and stepback letters as may be required by the senior tax credit lender; and

9.6 any other security, certificate, agreements and opinions as deemed necessary by Lender.

10. REPRESENTATIONS AND WARRANTIES

Borrower represent and warrant to Lender, each with respect to itself, that:

10.1 it is a duly constituted, registered and organized company and is in good standing under the laws governing it, and it has the powers, permits and licences required to carry on its business and to own, operate and administer its property;

10.2 it is not a party to any litigation or legal proceedings or threatened litigation or legal proceedings which could have an effect on its financial position or on its ability to carry on its business, or on its ability to perform its obligations with respect to the Production Services Agreements (defined below) or on its ability to perform obligations hereunder or under the Security;

10.3 it has good and marketable title to all its property free and clear of all prior claims, mortgages, security interests, pledges, liens or other similar encumbrance other than Permitted Encumbrances;

10.4 it is not in default under the agreements to which it is a party nor under the legislation and regulations applicable to the conduct of its business;

10.5 with respect to Borrower only, all taxes, assessments, deductions at source, income tax or annuities or other amounts owing or required to pay have been paid by it where the failure to pay could give rise to a claim pursuant to any applicable law, legislation or otherwise which claim ranks or is capable of ranking prior to Lender's Security or otherwise prior to any claim by Lender for repayment hereunder or under the Security; and

10.6 the execution, delivery and performance of this Loan by it has been duly authorized by all necessary actions and does not violate its constating documents or any applicable laws or commercial agreements by which it or its property is subject.

11. CONDITIONS PRECEDENT TO ADVANCE

Prior to the first advance of any amounts under the Loan, and prior to any subsequent advance (if applicable, and required by Lender), Borrower shall, as applicable and as requested, provide or cause to provide, execute or perform the following to the satisfaction of Lender and its legal advisor:

11.1 Documents required

Prior to the first disbursement of any amounts described herein and prior to any subsequent advance (if applicable, and required by Lender), the following documents shall be furnished to Lender in form and substance satisfactory to it and to its legal advisors:

(a) the Security;

(b) a duly certified copy of the resolution of the Board of Directors of each Borrower relating to its authority to execute this Loan and the Security, to perform its obligations hereunder and to deliver the security required herein;

(c) evidence, in form and substance acceptable to Lender and its legal advisors, that Borrower has complied with the provisions dealing with insurance herein and in the security documents contemplated herein;

(d) chain of title documents evidencing the Borrower as the sole owner of the copyright in and to the Project;

(e) a written opinion from a party acceptable to the Lender with respect to the quantum and validity of the Tax Credits as outlined in Section 4.1;

(f) evidence of applications submitted to CAVCO, Creative BC and any other relevant Provincial Government Entity for the Tax Credits in respect of the Project;

(g) the payment in full of Lender's legal fees and expenses as provided for herein;

(h) any other documents which Lender may reasonably request.

12. OBLIGATIONS OF BORROWER

12.1 Affirmative Borrower Covenants:

Until payment in full by Borrower to Lender of any and all indebtedness under this Loan, each Borrower shall:

(a) use the proceeds of the Loan only for the purposes provided for herein;

(b) carry on its business (including, without limitation the production of the Project) in a diligent and continuous manner;

(c) furnish to Lender the final cost reports and tax filings of such Borrower within sixty (60) days of the end of Borrower's fiscal year; provided that, notwithstanding the foregoing, the BC Borrower shall furnish to Lender and file its tax returns for its 2016 financial year within two (2) months of the Closing Date, the failure of which to do shall be deemed an uncured Default hereunder;

(d) furnish to Lender a current:

(i) cost report and/or payroll report, as applicable;

(ii) trial balance;

(iii) list of the funds receivable with respect to the Project for all financing not provided by Lender;

(iv) up to date cost report detailing the production costs incurred versus the Budget indicating that the funds then still available to Borrower are sufficient to complete the Project, with a written explanation of any material variance from the: (A) Budget; and (B) production schedule;

(e) file, by the stipulated deadlines, its income tax returns and any other documents required, as applicable, with the competent authorities for the purpose of obtaining the Tax Credits and provide Lender with a copy of the income tax filings of such Borrower within sixty (60) days of the end of its fiscal year;

(f) promptly notify and provide Lender with a copy of all notices of assessment or changes to the Tax Credits with respect to the Project issued by tax authorities in respect of such Borrower or the Project;

(g) promptly notify Lender of a breach of any covenant or other term or condition of this Loan, the Security or any agreement entered into either by Borrower in connection with the Project;

(h) immediately notify Lender of any legal proceedings or litigation, whether threatened, pending or otherwise, materially affecting Borrower;

(i) immediately notify Lender of any circumstances or event which could adversely affect the financial condition of Borrower or the Project or adversely affect the ability of Borrower to perform Borrower' obligations under the Loan or the Security;

(j) at any time, but prior to an event of default only during regular business hours and subject to two (2) Business Days' written notice, give Lender's representatives the right to inspect such Borrower's establishments and provide access thereto, and further permit Lender's representatives to examine their books of account and other records, and take extracts therefrom and/or copies thereof;

(k) maintain, at all times, the Insurance Policies and otherwise maintain insurance coverage on the property of such Borrower against loss or damage caused by fire and any other risk as is customarily maintained by companies carrying on a similar business; obtain and maintain in effect the permits and licenses required to carry on its business and comply with applicable laws;

(l) punctually pay all taxes, assessments, deductions at source, income tax or annuities or other amounts owing or required to be paid, where failure to pay could give rise to a claim pursuant to any applicable law, legislation or otherwise which ranks or is capable of ranking prior to Lender's Security or otherwise prior to any claim by Lender for repayment hereunder or under the Security for which the payment thereof is guaranteed by prior claim;

(m) comply with the covenants with respect to the Tax Credits set forth in Schedule "C" hereto;

(n) use all proceeds received by Borrower or any other applicable production services company to repay or cause to be repaid the total indebtedness herein; and

(o) provide Lender with any information or document it may reasonably require from time to time.

12.2 Negative Covenants

Borrower undertakes not to carry out the following transactions or operations:

(a) without obtaining the prior written consent of Lender, such consent not to be unreasonably withheld or delayed:

(i) substantially change the nature of its operations or business;

(ii) change its ownership; and

(iii) merge with another company, dissolve or wind-up; or

(b) in the case of Borrower, without obtaining the prior written consent of Lender, such consent not to be unreasonably withheld or delayed;

(i) create or permit the existence of security on present and future property, except for Permitted Encumbrances;

(ii) declare or pay dividends on its shares, purchase or redeem its shares or otherwise reduce its capital;

(iii) grant loans to its officers, directors or shareholders; or

(iv) grant a loan or an investment or provide financial assistance to a third party by way of a guarantee or otherwise.

13. REMEDIES OF LENDER

13.1 Rights and Recourse of Lender

The Debt shall immediately become due and payable on the Default Date or upon the delivery by Lender to Borrower of a written demand ("Demand") for payment thereof. If: (i) the Repayment Amount has not been paid on the Default Date; or (ii) following delivery of a Demand, the Borrower shall not then repay the Repayment Amount in full and such default, to the extent capable of being cured, remains uncured for twenty (20) days (the "Cure Period"); (iii) there has been any default, event of default, or breach of any other term, covenant, representation or warranty by the Borrower under this Loan or any other document executed in favour of the Lender in connection herewith which remains uncured, if capable of being cured, after the Cure Period or (iv) there has been a default pursuant to paragraphs 12.1(c) and/or (d) (the events in (i)-(iv) are each a "Default"), then Lender may proceed to realize its security interest in the Collateral and to enforce its rights at law hereunder or under the Security by doing any one or more of each of the following:

(a) Lender may declare liquid and eligible all monetary obligations of Borrower still outstanding at that time and claim from Borrower, immediate payment of the principal, interest, fees and any other amount, including both internal and third party fees and expenses incurred by Lender resulting from the collection and protection of the Repayment Amount and the execution of any other obligation of Borrower to Lender;

(b) Borrower shall lose all rights and privileges hereunder, including and without limitation, the right to receive additional advances under the Loan;

(c) With respect to analysis, realization, sale, transfer, delivery or payment to be made in collection of the Repayment Amount, including the exercise of the Security, the Collateral and any other security held by Lender, Lender may charge Borrower: (i) monitoring, review, analysis, administration and follow-up charges and expenses as incurred by Lender, on a cost basis as determined by Lender; and (ii) actual costs and expenses incurred by Lender in retaining legal counsel,

accountants or any other professional whose services may be required or deemed necessary, which amounts shall be added to the Repayment Amount and Lender may withhold such charges and fee amounts from the proceeds of the realization on Security;

(d) any amount collected or received by Lender, including the balance of any proceeds of the realization on the Security and other security, may be withheld by Lender and may, at Lender's discretion, be charged to any portion of Borrower' indebtedness whatsoever to Lender;

(e) any amount incurred and paid by Lender (including all amounts set forth in this Section) to realize, retain or preserve any security given by Borrower to Lender hereunder or by law, shall bear interest at the rate of seventeen percent (17%) per annum compounded monthly until payment of said amount.

No Cure Period shall apply or be available where there already exists a material Default, or the Borrower are in persistent or continual Default.

13.2 Waiver, Omission and Cumulative Recourse

Lender may grant delays, accept or waive security, accept arrangements, grant releases and discharges and transact with Borrower as it shall deem acceptable without in any way derogating from or limiting the responsibility of Borrower or infringing on the rights of Lender under the Security provided for hereunder.

The omission on the part of Lender to avail itself of any of its rights hereunder shall not be construed as a waiver by Lender to take recourse in the event of such default or to exercise its rights.

Acceptance by Lender following demand of any sum owing to it or its exercising of any right or recourse hereunder or otherwise shall not preclude Lender from exercising any other right or recourse, which it may have, whether pursuant to any agreement or otherwise provided by law, said rights and recourse of Lender being cumulative and not alternative, and in addition to and not in substitution for, any other right or recourse of Lender.

14. INTERPRETATION

14.1 Definitions

Capitalized words and phrases used herein, which are not otherwise defined within the body of this Loan, shall have the meaning ascribed to them as set out in Schedule "A".

14.2 Accounting terms

Unless another definition is provided hereunder, each accounting term used in this Loan shall have the meaning ascribed to it in accordance with accounting principles generally accepted by the Canadian Institute of Chartered Accountants.

15. MISCELLANEOUS PROVISIONS

15.1 Currency and place of payment

Unless otherwise agreed in writing between Borrower and Lender, all amounts due by Borrower under this Loan shall be paid by Borrower to Lender in Canadian Dollars at Lender's principal address as noted in the preamble to this Loan.

15.2 Calculation of interest and arrears

(a) Unless otherwise provided for herein, interest on any amount due hereunder shall be calculated daily and not in advance on the basis of a 365-day year or 366-day year, as the case may be.

(b) For the purposes of the Interest Act (Canada) in the case of a leap year, the annual interest rate corresponding to the interest calculated on the basis of a 365-day year is equal to the interest rate thus calculated multiplied by 366 and divided by 365.

(c) Any amount of principal, interest, commission, discount or of any other nature remaining unpaid at maturity, shall bear interest at the rate provided for herein, being understood that the said interest rate on arrears shall not exceed the maximum rate provided by law.

(d) Interest on arrears shall be compounded monthly and payable on demand.

15.3 Records

Lender shall keep records evidencing the transactions effected under this Loan. Such records shall be prima facie conclusive evidence, in the absence of gross or manifest error, of the Repayment Amount due to Lender from time to time.

15.4 Compensation

Lender may make all appropriate accounting entries in its books and records in order to evidence the use of any deposits made with Lender in reducing or extinguishing Borrower' obligations herein, by way of compensation. Such compensation may be effected by Lender irrespective of currency and whether or not Borrower' obligations have matured. The provisions of this paragraph are in addition to and do not limit or restrict any other of the rights Lender may have at law or otherwise.

15.5 Deemed Trust

Until such time as the Repayment Amount has been repaid in full, any and all receivables, including the proceeds of the Tax Credits, received by Borrower or any party on its behalf, from or in respect of the Project, are hereby deemed to be the subject of a "trust" in favour of Lender and held strictly "in trust" by such recipient until paid over to Lender.

15.6 Confidentiality

Upon signing, Borrower agree that it/they have not disclosed and will not disclose any elements of terms of this Loan to anyone other than Borrower's professional advisors (as disclosed to Lender in writing).

15.7 Set-Off

Lender is authorized at any time and from time to time, without notice to Borrower, any such notice being expressly waived by Borrower, to set-off and apply any and all receipts, payments and deposits received or held by Lender to or from the credit or the account of either Borrower against any and all indebtedness and other obligations of either Borrower to Lender now or hereafter existing under this Loan and under any other arrangements between Lender and either Borrower, irrespective of whether Lender shall have made demand under this Loan. The rights set out herein are in addition to any other rights and remedies, including, without limitation, other rights of set-off, which Lender may have. Notwithstanding the foregoing provision, in the event of a Shortfall, Lender may, without notice to Borrower, any such notice being expressly waived by Borrower, debit any account of either Borrower in order to repay such Shortfall.

15.8 Cross Collateralization

The Loan and any and all Security provided to Lender by Borrower in respect thereof shall be cross collateralized and may be applied, in the discretion of Lender, against the outstanding balance of any and all other loans made at any time and from time to time by Lender to either Borrower,

15.9 Non-Business Days

Should any payment of capital or interest hereunder become due on a day which is not a Business Day, the due date thereof shall be extended to the immediately following Business Day.

15.10 Validity of Provisions

Any decision by a court rendering any of the provisions hereof null and non-executory shall in no way affect the other provisions hereof, or the validity or the enforceability thereof.

15.11 Loan Final

As soon as this Loan is signed by all Parties, it shall constitute the final agreement between the Parties and hereby replaces and supersedes any prior agreements or term sheets, whether verbal or written, between the Parties related to the transactions described in this Loan.

15.12 Modifications

Any modifications hereto or waiver of a right hereunder is without effect if it is not evidenced in a written document executed between the Parties.

15.13 Termination of Security

The Lender shall discharge the Security, at the expense of the Borrower, within fifteen (15) days after receipt of a written request by the Borrower following repayment of all amounts owing by the Borrower to the Lender and satisfaction and termination of all obligations and liabilities under the Loan.

15.14 Other documents

Borrower shall do all things and sign all documents in accordance with the terms herein which may he deemed necessary or appropriate by Lender for the purposes of giving full effect to the terms, conditions, undertakings and Security provided for in this Loan.
