We will trade and clear securities on such securities markets as directed solely by the Advisor, issue all tax receipts and required reports for clients of the Advisor and provide custodial services for securities held by the clients. Your Advisor has agreed to provide the following services to you as a client such that NBCN Inc. will not be responsible for; providing advice with respect to the investing in of securities of the managed accounts, ensuring that they are acting in accordance with the terms and conditions of the agreements and the providing of a quarterly statement of portfolio as required under the applicable Provincial Securities Act

#### **Explanations**

Your Portfolio Statement consists of two main sections: the "Portfolio Summary" section presents an overview of your investments and is followed by a section providing detailed information on each of your accounts.

#### **Portfolio Summary**

The market value of the securities and cash in each of your accounts at month-end is expressed in Canadian dollars. The subsection on asset allocation indicates the distribution of the consolidated financial assets you hold with us across each of the main asset classes. Note that any securities sold short or debit cash positions are not included in the asset mix calculation.

#### **Detailed Information**

This section presents information on each of your accounts separately. It is divided into four subsections. The "Cash Summary" subsection presents changes in your cash balance during the month. The "Income and Expense" subsection shows

the total interest income and dividends earned, expenses you incurred and fees you paid during the current month and for the calendar year to date.

All transactions made during the month are presented in chronological order in the "Account Activity Details" subsection. Finally, the "Asset Details" subsection provides a listing of the securities you hold in the account, by asset class.

Purchases and/or dispositions of securities resulting from transactions settled after month-end (listed under "Transactions to settle after") will be reflected in the Portfolio Statement for the following month.

The "Status" column in the "Asset Details" subsection provides information on how the securities in your accounts are held. "SEG" (segregated) indicates fully paid securities which are segregated and held for you in nominee form.

"SFK" (safekeeping) indicates fully paid securities, which are segregated and held registered in your name. "OWED" indicates securities you have sold but which have not yet been delivered to us, or securities that were sold short. "UNSG" (unsegregated) indicates securities being held as collateral for your margin loan, and are therefore not segregated.

Market values for the securities held in your various accounts are provided in the "Asset Details" subsection. For publicly traded stocks, these values are obtained from sources we consider to be reliable, but we cannot guarantee their accuracy. Whenever possible, market values for fixed income securities include accrued interest. In the case of securities not listed on an exchange or traded infrequently, the value given is an estimate which does not necessarily reflect the actual market value. Whenever possible, an asterisk is printed beside each price which is questionable. For certain securities where we are unable to provide a market value, none is given

#### **Book Value:**

"N/A" means that a portion or all of the book value of the security is unknown. If you did not provide us with the information, the book value was obtained through sources that we consider reliable. However, under no circumstances can we guarantee the accuracy of the book value since it may have been acquired from an external source. You accept the entire responsibility for the accuracy of the book value indicated and its use for tax reporting purposes.

Whenever possible, market values for fixed income securities include accrued interest. In the case of securities not listed on an exchange or traded infrequently, the value given is an estimate which does not necessarily reflect the actual market value. Whenever possible, an asterisk is printed beside each price which is questionable. For certain securities where we are unable to provide a market value, none is given.

#### **Book Value:**

"N/A" means that a portion or all of the book value of the security is unknown. If you did not provide us with the information, the book value was obtained through sources that we consider reliable. However, under no circumstances can we guarantee the accuracy of the book value since it may have been acquired from an external source. Your Advisor has agreed to provide the following services to you as a client such that NBCN Inc. will not be responsible for; providing advice with respect to the investing in of securities of the managed accounts, ensuring that they are acting in accordance with the terms and conditions of the agreements and the providing of a quarterly statement of portfolio as required under the applicable Provincial Securities Act.

#### **Explanations**

Your Portfolio Statement consists of two main sections: the "Portfolio Summary" section presents an overview of your investments and is followed by a section providing detailed information on each of your accounts.

#### **Portfolio Summary**

The market value of the securities and cash in each of your accounts at month-end is expressed in Canadian dollars. The subsection on asset allocation indicates the distribution of the consolidated financial assets you hold with us across each of the main asset classes. Note that any securities sold short or debit cash positions are not included in the asset mix calculation.

#### **Detailed Information**

This section presents information on each of your accounts separately. It is divided into four subsections. The "Cash Summary" subsection presents changes in your cash balance during the month. The "Income and Expense" subsection shows

the total interest income and dividends earned, expenses you incurred and fees you paid during the current month and for the calendar year to date.

All transactions made during the month are presented in chronological order in the "Account Activity Details" subsection. Finally, the "Asset Details" subsection provides a listing of the securities you hold in the account, by asset class. Purchases and/or dispositions of securities resulting from transactions settled after month-end (listed under "Transactions to settle after") will be reflected in the Portfolio Statement for the following month.

The "Status" column in the "Asset Details" subsection provides information on how the securities in your accounts are held. "SEG" (segregated) indicates fully paid securities which are segregated and held for you in nominee form. "SFK" (safekeeping) indicates fully paid securities, which are segregated and held registered in your name. "OWED" indicates securities you have sold but which have not yet been delivered to us, or securities that were sold short. "UNSG" (unsegregated) indicates securities being held as collateral for your margin loan, and are therefore not segregated.

Market values for the securities held in your various accounts are provided in the "Asset Details" subsection. For publicly traded stocks, these values are obtained from sources we consider to be reliable, but we cannot guarantee their accuracy. Whenever possible, market values for fixed income securities include accrued interest. In the case of securities not listed on an exchange or traded infrequently, the value given is an estimate which does not necessarily reflect the actual market value. Whenever possible, an asterisk is printed beside each price which is questionable. For certain securities where we are unable to provide a market value, none is given.

#### **Book Value:**

"N/A" means that a portion or all of the book value of the security is unknown. If you did not provide us with the information, the book value was obtained through sources that we consider reliable. However, under no circumstances can we guarantee the accuracy of the book value since it may have been acquired from an external source. You accept the entire responsibility for the accuracy of the book value indicated and its use for tax reporting purposes.

#### **Explanations**

Your Portfolio Statement consists of two main sections: the "Portfolio Summary" section presents an overview of your investments and is followed by a section providing detailed information on each of your accounts.

#### **Portfolio Summary**

The market value of the securities and cash in each of your accounts at month-end is expressed in Canadian dollars. The subsection on asset allocation indicates the distribution of the consolidated financial assets you hold with us across each of the main asset classes. Note that any securities sold short or debit cash positions are not included in the asset mix calculation.

#### **Detailed Information**

This section presents information on each of your accounts separately. It is divided into four subsections. The "Cash Summary" subsection presents changes in your cash balance during the month. The "Income and Expense" subsection shows

the total interest income and dividends earned, expenses you incurred and fees you paid during the current month and for the calendar year to date.

All transactions made during the month are presented in chronological order in the "Account Activity Details" subsection. Finally, the "Asset Details" subsection provides a listing of the securities you hold in the account, by asset class.

Purchases and/or dispositions of securities resulting from transactions settled after month-end (listed under "Transactions to settle after") will be reflected in the Portfolio Statement for the following month.

The "Status" column in the "Asset Details" subsection provides information on how the securities in your accounts are held. "SEG" (segregated) indicates fully paid securities which are segregated and held for you in nominee form. "SFK" (safekeeping) indicates fully paid securities, which are segregated and held registered in your name. "OWED" indicates securities you have sold but which have not yet been delivered to us, or securities that were sold short. "UNSG" (unsegregated) indicates securities being held as collateral for your margin loan, and are therefore not segregated.

Market values for the securities held in your various accounts are provided in the "Asset Details" subsection. For publicly traded stocks, these values are obtained from sources we consider to be reliable, but we cannot guarantee their accuracy. Whenever possible, market values for fixed income securities include accrued interest. In the case of securities not listed on an exchange or traded infrequently, the value given is an estimate which does not necessarily reflect the actual market value. Whenever possible, an asterisk is printed beside each price which is questionable. For certain securities where we are unable to provide a market value, none is given.

#### **Book Value:**

"N/A" means that a portion or all of the book value of the security is unknown. If you did not provide us with the information, the book value was obtained through sources that we consider reliable. However, under no circumstances can we guarantee the accuracy of the book value since it may have been acquired from an external source. You accept the entire responsibility for the accuracy of the book value indicated and its use for tax reporting purposes.

---

Hi Margot and Steven,

We have to get the paperwork in order ASAP for the Henchmen advances as the auditors will ask for it and they start Monday. I apologize for dropping the ball on this.

Our Fund can't "lend" money directly. We are only allowed to purchase already existing loans which is the way the paperwork for the other loans works: MHC does the loan, the fund buys it from them.

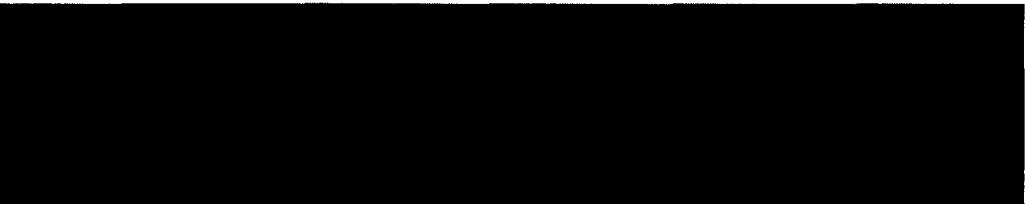

Henchmen has to be the same.

Could you get Adam to prepare paperwork similar to the other loans but in such a form that allows for multiple advances as we have moved money on several occasions for Henchmen.

We can chat on Monday to get this cleared up.

Thanks,

### 13. REMEDIES OF LENDER

#### 13.1 Rights and Recourse of Lender

The Debt shall immediately become due and payable on the Default Date or upon the delivery by Lender to Borrower of a written demand ("Demand") for payment thereof. If: (i) the Repayment Amount has not been paid on the Default Date; or (ii) following delivery of a Demand, the Borrower shall not then repay the Repayment Amount in full and such default, to the extent capable of being cured, remains uncured for twenty (20) days (the "Cure Period"); (iii) there has been any default, event of default, or breach of any other term, covenant, representation or warranty by the Borrower under this Loan or any other document executed in favour of the Lender in connection herewith which remains uncured, if capable of being cured, after the Cure Period or (iv) there has been a default pursuant to paragraphs 12.1(c) and/or (d) (the events in (i)-(iv) are each a "Default"), then Lender may proceed to realize its security interest in the Collateral and to enforce its rights at law hereunder or under the Security by doing any one or more of each of the following:

- (a) Lender may declare liquid and eligible all monetary obligations of Borrower still outstanding at that time and claim from Borrower, immediate payment of the principal, interest, fees and any other amount, including both internal and third party fees and expenses incurred by Lender resulting from the collection and protection of the Repayment Amount and the execution of any other obligation of Borrower to Lender;
- (b) Borrower shall lose all rights and privileges hereunder, including and without limitation, the right to receive additional advances under the Loan;
- (c) With respect to analysis, realization, sale, transfer, delivery or payment to be made in collection of the Repayment Amount, including the exercise of the Security, the Collateral and any other security held by Lender, Lender may charge Borrower: (i) monitoring, review, analysis, administration and follow-up charges and expenses as incurred by Lender, on a cost basis as determined by Lender; and (ii) actual costs and expenses incurred by Lender in retaining legal counsel, accountants or any other professional whose services may be required or deemed necessary, which amounts shall be added to the Repayment Amount and Lender

- may withhold such charges and fee amounts from the proceeds of the realization on Security;
- (d) any amount collected or received by Lender, including the balance of any proceeds of the realization on the Security and other security, may be withheld by Lender and may, at Lender's discretion, be charged to any portion of Borrower' indebtedness whatsoever to Lender;
- (e) any amount incurred and paid by Lender (including all amounts set forth in this Section) to realize, retain or preserve any security given by Borrower to Lender hereunder or by law, shall bear interest at the rate of seventeen percent (17%) per annum compounded monthly until payment of said amount.

No Cure Period shall apply or be available where there already exists a material Default, or the Borrower are in persistent or continual Default.

### 13.2 Waiver, Omission and Cumulative Recourse

Lender may grant delays, accept or waive security, accept arrangements, grant releases and discharges and transact with Borrower as it shall deem acceptable without in any way derogating from or limiting the responsibility of Borrower or infringing on the rights of Lender under the Security provided for hereunder.

The omission on the part of Lender to avail itself of any of its rights hereunder shall not be construed as a waiver by Lender to take recourse in the event of such default or to exercise its rights.

Acceptance by Lender following demand of any sum owing to it or its exercising of any right or recourse hereunder or otherwise shall not preclude Lender from exercising any other right or recourse, which it may have, whether pursuant to any agreement or otherwise provided by law, said rights and recourse of Lender being cumulative and not alternative, and in addition to and not in substitution for, any other right or recourse of Lender.

## 14. INTERPRETATION

### 14.1 Definitions

Capitalized words and phrases used herein, which are not otherwise defined within the body of this Loan, shall have the meaning ascribed to them as set out in Schedule "A".

### 14.2 Accounting terms

Unless another definition is provided hereunder, each accounting term used in this Loan shall have the meaning ascribed to it in accordance with accounting principles generally accepted by the Canadian Institute of Chartered Accountants.

## 15. MISCELLANEOUS PROVISIONS

### 15.1 Currency and place of payment

Unless otherwise agreed in writing between Borrower and Lender, all amounts due by Borrower under this Loan shall be paid by Borrower to Lender in Canadian Dollars at Lender's principal address as noted in the preamble to this Loan.

### 15.2 Calculation of interest and arrears

- (a) Unless otherwise provided for herein, interest on any amount due hereunder shall be calculated daily and not in advance on the basis of a 365-day year or 366-day year, as the case may be.
- (b) For the purposes of the Interest Act (Canada) in the case of a leap year, the annual interest rate corresponding to the interest calculated on the basis of a 365-day year is equal to the interest rate thus calculated multiplied by 366 and divided by 365.
- (c) Any amount of principal, interest, commission, discount or of any other nature remaining unpaid at maturity, shall bear interest at the rate provided for herein, being understood that the said interest rate on arrears shall not exceed the maximum rate provided by law.
- (d) Interest on arrears shall be compounded monthly and payable on demand.

### 15.3 Records

Lender shall keep records evidencing the transactions effected under this Loan. Such records shall be prima facie conclusive evidence, in the absence of gross or manifest error, of the Repayment Amount due to Lender from time to time.

### 15.4 Compensation

Lender may make all appropriate accounting entries in its books and records in order to evidence the use of any deposits made with Lender in reducing or extinguishing Borrower' obligations herein, by way of compensation. Such compensation may be effected by Lender irrespective of currency and whether or not Borrower' obligations have matured. The provisions of this paragraph are in addition to and do not limit or restrict any other of the rights Lender may have at law or otherwise.

### 15.5 Deemed Trust

Until such time as the Repayment Amount has been repaid in full, any and all receivables, including the proceeds of the Tax Credits, received by Borrower or any party on its behalf, from or in respect of the Project, are hereby deemed to be the subject of a "trust" in favour of Lender and held strictly "in trust" by such recipient until paid over to Lender.

#### 15.6 Confidentiality

Upon signing, Borrower agrees that it has not disclosed and will not disclose any elements of terms of this Loan to anyone other than Borrower's professional advisors (as disclosed to Lender in writing).

#### 15.7 Set-Off

Lender is authorized at any time and from time to time, without notice to Borrower, any such notice being expressly waived by Borrower, to set-off and apply any and all receipts, payments and deposits received or held by Lender to or from the credit or the account of either Borrower against any and all indebtedness and other obligations of either Borrower to Lender now or hereafter existing under this Loan and under any other arrangements between Lender and either Borrower, irrespective of whether Lender shall have made demand under this Loan. The rights set out herein are in addition to any other rights and remedies, including, without limitation, other rights of set-off, which Lender may have. Notwithstanding the foregoing provision, in the event of a Shortfall, Lender may, without notice to Borrower, any such notice being expressly waived by Borrower, debit any account of either Borrower in order to repay such Shortfall.

#### 15.8 Cross Collateralization

The Loan and any and all Security provided to Lender by Borrower in respect thereof shall be cross collateralized and may be applied, in the discretion of Lender, against the outstanding balance of any and all other loans made at any time and from time to time by Lender to either Borrower,

Hi Clayton,

Attached please find our banking information for direct deposit. Would you please forward the banking info for BSI as it was probably attached to the original email that you sent Allie however it was not attached to the email I received.

Once the wire has been completed please forward a copy of the receipt for our records.

Thx.

Hi Allie,

I have to send back to Liberty the \$76,000 payment we received for Worthington earlier this year as we had already sold the mortgage to BSI Developments Inc. Once you receive it, you'll need to send it to BSI instead.

I would send it directly to BSI, but I think from an audit trail point of view it makes more sense to send it back to Liberty and have you send it to BSI.

I have attached BSI's wire transfer details. Could you please send me Liberty's incoming wire details so I can initiate the wire to you.

Thank you,
